Heritage Sportswear Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the Heritage Sportswear (Company) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who have three consecutive months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make matching contributions based on a percentage of the participant's elective deferral. This amount is discretionary and is determined by the Company's managing body from year to year. Additional profit sharing amounts may be contributed at the option of the Company's managing body. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their contributions and employer matching and discretionary contributions into any of the 24 investment options offered by the Plan. Participants may change their investment options upon notice to the third party administrator.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE A – DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants

Participants were permitted to borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Loan terms could not exceed five years. Principal and interest are paid ratably through payroll deductions.

Effective February 1, 2012, the plan was amended and notes receivable from participants (participant loans) were discontinued. The remaining note receivable balance will continue to be paid by participants through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant who has reached age 59½ may request an in-service distribution. In addition, a participant may withdraw any part of his or her vested account in the event of undue financial hardship.

Forfeited Accounts

At December 31, 2013 and 2012, there were no forfeited nonvested accounts. Forfeited nonvested accounts will be used to reduce future employer contributions.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Heritage Sportswear Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE B – SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is accrued as it is earned. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE C – INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

NOTE E – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability, and;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Heritage Sportswear Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE E – FAIR VALUE MEASUREMENTS – CONTINUED

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in methodologies used at December 31, 2013 and 2012.

Cash

Cash investments are public investment vehicles valued at \$1 for the NAV. The cash funds are classified within level 1 of the valuation hierarchy.

Mutual Funds

Investments in mutual funds are public vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
<u>December 31, 2013</u>

	<u>\$747,304</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$747,304</u>

There were no level 3 investments for the years ended December 31, 2013 and 2012.

NOTE F – PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE G – TAX STATUS

The Company adopted a Prototype Non-Standardized 401(k) Sharing Plan with a cash or deferred arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008. The letter stated that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Heritage Sportswear Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE H – PLAN ADMINISTRATION

Employees of the Company perform certain administrative functions. No such employee receives compensation from the Plan. In addition, certain administrative expenses for the Plan are paid directly by the Company.

NOTE I – TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments include cash accounts with Park National Bank (Park). Park is the trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Park also provides third party administration. Fees paid to Park by the Plan amounted to \$11,005 for the year ended December 31, 2013.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K – EXCESS CONTRIBUTIONS

Benefit distributions of \$91,058 for the plan year ended December 31, 2013 include payments of \$14,900 made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan for the prior year.

NOTE L – OTHER

Plan Merger

On November 20, 2013, the board of directors of the Company, as permitted by the plan document, made the decision to merge the Heritage Sportswear Retirement Savings Plan into the Heritage Sportswear DBA Virginia T's Profit-sharing Plan effective December 27, 2013. On December 27, 2013 plan assets in the amount of \$924,276 were transferred to Heritage Sportswear DBA Virginia T's Profit Sharing Plan.

Heritage Sportswear Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE L – OTHER - CONTINUED

Black Out Period

In connection with the plan merger, a new third-party administrator and trustee were appointed. Plan assets transferred to the new trustee were transferred into funds comparable to those offered by the previous trustee. The conversion initiated a “Black Out” period, beginning December 19, 2013 and continuing through January 19, 2014. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited into a guaranteed account until after the completion of the Black Out period. At the end of the Black Out period, these funds were transferred to the new trustee and invested in the funds requested by each participant.

NOTE M – SUBSEQUENT EVENT

Date of Management Evaluation

The Plan has evaluated subsequent events through September 8, 2014, the date which the financial statements were available to be issued.

Transfer of Assets

The final transfer of Heritage Sportswear Retirement Savings Plan assets in the amount of \$13,346 to the Heritage Sportswear DBA Virginia T’s Profit Sharing Plan was made on January 14, 2014.
