Note 1 - Description of Plan

The following description of Marders, the Landscape Store 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which became effective January 1, 1996, is a defined contribution plan under Internal Revenue Service Code Section 401(k), covering all eligible employees of Marders, the Landscape Store, LLC (the "Sponsor" or "Company"). The effective date of participation is the first day following the date of satisfaction of the Plan's eligibility requirements. Participants must be age 21 or older who have completed at least three consecutive months of eligible service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated effective January 1, 2010, when the name of the Plan changed from Marders Nurseries, Inc. 401(k) Savings Plan to Marders, the Landscape Store 401(k) Savings Plan.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan, not to exceed limitations set forth by applicable law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Sponsor will contribute to the Plan, a Safe Harbor Matching Contribution equal to 3% of the eligible participant's compensation. The Sponsor may also, at its discretion, make a profit sharing and/or matching contribution to eligible participants' accounts. The Sponsor made matching contributions of 6% of the employee contribution, not to exceed 4% of the employee's compensation with an annual cap equal to $2,000 for the year ended December 31, 2013. Profit sharing contributions are allocated to participants based on compensation. For the year ended December 31, 2013, the Sponsor contributed $362,065 to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contribution and allocation of discretionary contributions and investment earnings. Allocations are based on a participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Note 1 - Description of Plan (cont'd.)

Vesting

Participants are immediately vested in employee contributions and employer contributions up to Safe Harbor limitations plus actual earnings thereon. Participants have a vested percentage in their employer contribution accounts, in excess of Safe Harbor limitations, based on a graded vesting schedule and years of service. Participants are 100% vested in such employer contribution accounts after five years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's accounts and bear interest at rates ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over five years, except those used to acquire a principal residence of a participant. Such loans must be repaid over a period not in excess of fifteen years.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 59 ½. On termination of service, a participant will receive a lump sum equal to the 100% vested amount of the participant's account. Benefit payments are also permitted for death, disability and hardship.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $4,244. Forfeitures of employer matching contributions will be used to reduce the employer contributions for the succeeding Plan year. Forfeitures of employer profit sharing contributions will be reallocated among remaining participants in the succeeding Plan year. Forfeitures of employer matching contributions were $4,244 for the year ended December 31, 2013.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Sponsor, except for $13,372 which was paid by the Plan.

Note 3 - Information Prepared and Certified By Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by ING Life Insurance and Annuity Company ("ING"), the trustee of the Plan, at December 31, 2013 and 2012 and for the year ended December 31, 2013. This information has not been audited by the independent auditors.

Note 4 - Investments

At December 31, 2013 and 2012, investments that represent 5% or more of the Plan's net assets consisted of the following:

	2013	2012
Pooled Separate Accounts:		
ING Clarion Real Estate Portfolio - Service Class	$ 314,351	$ 375,491
Franklin Growth Fund - Class R	719,280	485,142

ING T. Rowe Price Capital Appreciation Portfolio	397,281	*
Life Insurance Cash Surrender Value	303,779	*

* Less than 5% of the Plan's net assets

Note 5 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures* ("FASB ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Note 5 - Fair Value Measurements (cont'd.)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2013 and 2012.

Level 2 inputs relate to pooled separate accounts that invest in mutual funds. The fair value of the underlying mutual funds are publicly quoted pricing inputs and are used in determining the net asset value of the pooled separate accounts, which is not publicly quoted.

Level 2 inputs also relate to the cash surrender value of the life insurance policies, which is valued at the amount the Plan would receive should the policies be terminated or surrendered.

Level 3 inputs relate to the ING Fixed Account which is valued at contract value including deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees (see Note 6).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Fair Value Measurements (cont'd.)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2013 and 2012:

	Investments at Fair Value at December 31, 2013			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 3,386,714	$ -	$ 3,386,714

Total Investments at Fair Value	$ -	$ 3,690,493	$ 1,178,636	$ 4,869,129

	Investments at Fair Value at December 31, 2012

Total Investments at Fair Value	$ -	$ 2,604,809	$ 1,363,578	$ 3,968,387

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2013 and 2012.

	ING Fixed Account
Balance, January 1, 2012	$ 1,401,501
Unrealized gain relating to investments still held at the reporting date	24,655
Sales, transfers, fees, net	(290,733)
Purchases, sales, issuances and settlements, net	228,155
Balance, December 31, 2012	1,363,578
Unrealized gain relating to investments still held at reporting date	17,474
Sales, transfers, fees, net	(488,512)
Purchases, sales, issuances and settlements, net	286,096
Balance, December 31, 2013	$ 1,178,636

Note 6 - ING Fixed Account

The Plan has an investment with ING. Under the terms of the contract, ING maintains contributions in a general account. The account is credited with earnings on the underlying investments and is charged for Plan withdrawals and administrative expenses. The contract is included in the financial statements at fair value, which equals the contract value, as reported to the Plan by ING. The contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and investment fees. The average yield earned by the Plan and credited to participants was 1.4% for the year ended December 31, 2013. The contract includes provisions for surrender charges that would have been incurred in the approximate amount of $21,000 had the contract been discontinued at December 31, 2013.

Note 7 - Related Party Transactions

Certain Plan investments are pooled separate accounts and shares of mutual funds managed by ING, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services amounted to $13,372 for the year ended December 31, 2013.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 - Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated March 16, 2010 that the Plan based on its initial filing as a Prototype Plan, is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax benefit only if it is more likely than not that the tax position would be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 11 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2013 through the date of these financial statements, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.

MARDERS, THE LANDSCAPE STORE 401(k) SAVINGS PLAN

THE AUDITORS' COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

FOR THE YEAR ENDED DECEMBER 31, 2013

To The Board of Trustees
Marders, the Landscape Store 401(k) Savings Plan
Bridgehampton, New York

We have conducted a DOL limited-scope audit of the financial statements of Marders, the Landscape Store 401(k) Savings Plan (the "Plan") for the year ended December 31, 2013, and have issued our report thereon dated October 7, 2014. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated April 24, 2014. Professional standards also require that we communicate to you the following information related to our audit:

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated April 24, 2014, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by Plan management, we did not perform any auditing procedures with respect to information prepared and certified to by ING Life Insurance and Annuity Company, the trustee, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements. Our audit of the financial statements does not relieve you or management of your responsibilities.

Our responsibility for the supplemental information accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the supplemental information, other than that derived from the information certified to by the trustee, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Scope of the Audit

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit involved judgment about the number of transactions to be examined and the areas to be tested.

Our audit included obtaining an understanding of the Plan and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties in interest or other violations of ERISA rules and regulations, that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Marders, the Landscape Store 401(k) Savings Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was management's estimate of the fair value of investments which is based on published market value prices.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was Fair Value Measurements in Note 5 of the financial statements. This footnote describes in detail amounts summarized in the financial statements which are material to the overall financial results of the Plan.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 7, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplemental information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplemental information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Trustees and management of Marders, the Landscape Store 401(k) Savings Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
