401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of the J&L Services, Inc. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and have attained age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute a portion of their pretax annual compensation, up to the annual federal limit ($17,500 for 2013) as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may contribute a discretionary matching percentage that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is credited with one year of service when credited with 1000 hours of service during a plan year. A participant is 100% vested after six years of credited service.

Investment Options. Upon enrollment in the Plan, a participant may direct contributions to any of sixteen investment funds.

Payment of Benefits. On termination of service due to death, a participant may elect to have the beneficiary receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over any period which does not exceed the life expectancy of the beneficiary. For termination of service due to disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. As of December 31, 2013 and 2012, forfeited nonvested accounts totaling $12,916 and $12,913 were available to reduce future matching and/or profit sharing contributions made by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Date of Management's Review

Subsequent events were evaluated through September 3, 2014, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Administrative expenses for the Custodian's fees and the non-discrimination tests are paid by the Plan.

3. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS - (Continued):

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Valuation Hierarchy

The three levels are defined as follows:

- Level 1 - inputs to the valuation methodology are quoted market prices (unadjusted) for identical asset or liabilities in active markets. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

- Level 2 - inputs to the valuation methodology include quoted market prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. No level 2 inputs were available to the plan.

- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement. No level 3 inputs were available to the plan.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net appreciation in fair value of investments.

4. INVESTMENTS:

The following presents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets:

	2013	2012
Lord Abbett Affiliated Fund A	$ 189,958	$ 142,155
Lord Abbett Alpha Series Fund A	122,671	99,700
Lord Abbett Balanced Fund A	288,289	216,317
Lord Abbett Growth Opportunities Fund A	163,637	131,520
Lord Abbett Mid-Cap Value Fund A	112,669	88,993
Lord Abbett International Fund A	140,849	113,122

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $209,090.

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated October 21, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The federal tax returns of the Plan for 2010, 2011, 2012 and 2013 are subject to examination by the Internal Revenue Service, generally three years after they are filed.

7. CUSTODIAN CERTIFICATIONS:

All of the financial information disclosed in the accompanying financial statements and supplemental schedules pertaining to investments and investment-related activity was supplied and certified as complete and accurate to the best of its knowledge and belief by the plan custodian. This information was not audited in accordance with U.S. generally accepted auditing standards, as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. The following is a summary of the financial information and data certified by the custodian as of December 31, 2013 and 2012 and for the years then ended:

	2013	2012
Investments	$ 1,171,362	$ 977,128
Net appreciation (depreciation) in fair value of investments	$ 209,090	
Dividend and interest income	$ 26,737	
Capital gains	$ 35,874	

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RELATED PARTY TRANSACTIONS:

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan Administrators, Inc. served as custodian as defined by the Plan for the year ended December 31, 2013, therefore these transactions qualify Plan Administrators, Inc. as a party in interest.
