Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Financial Life Insurance Company ("Transamerica"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Delafield Corporation 401(k) Profit Sharing Plan & Trust (the "Plan") is intended to give a general summary of its principal provisions. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a salary deferral plan which was established in 1997 to permit employees to make pre-tax savings contributions to the Plan; thereby providing employees with an opportunity to accumulate funds for their retirement.

Plan administration

Delafield Corporation (the "Employer") is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

Eligibility

Employees who have attained age 18 become eligible for participation upon being employed and can commence contributing to the Plan on the first of the month following six months of employment.

Contributions

Under the terms of the Plan, all eligible employees, as defined in the Plan, may contribute from 1% per pay period to 25% of their annual compensation up to a maximum contribution $17,500 and $17,000 in 2013 and 2012, respectively, which is subject to annual adjustment. In addition, participants who have attained age 50 before the Plan year close may make an additional contribution of $5,500 in 2013 and 2012, which is subject to annual adjustment.

Each year, the Employer may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's salary reduction contributions. For the Plan year ended December 31, 2013, the Company made matching contributions of 25% of the first 3% of salary reduction contributions. Effective January 1, 2013, the company increased the matching rate to 25% of the first 3% of salary reduction contributions from 25% of the first 2% of salary reduction contribution. In addition, effective January 1, 2013, each participant can defer up to the maximum amount allowed by law (i.e., Code section 402(g) and 415).

In addition, the Company can make a discretionary Employer profit sharing contribution. No discretionary Employer profit sharing contributions were made for the Plan years ended December 31, 2013 and 2012.

Investment options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of options held by Transamerica Financial Life Insurance Company ("Transamerica"), as chosen by the Employer. Participants may change their investment options daily.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant accounts

Each participant's account is credited with the participant's contribution, employee rollovers, Employer discretionary matching and profit sharing contributions (if applicable), and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their salary deferral contributions and vest in the Company contributions as follows:

Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six and more years	100%

Any amounts of Employer contribution forfeited by an employee terminating from the Plan before becoming 100% vested are allocated to the individual accounts of qualifying participants.

Participant forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to pay administrative expenses of the Plan. Any remaining forfeitures may be used to reduce future Employer matching contributions or profit sharing contributions. Forfeitures of terminated non-vested account balances available as of December 31, 2013 and 2012 totaled to $ 0 and $85, respectively.

Notes receivable from participants

Participants may obtain cash loans against their respective accounts with the written consent of the Company. Loan amounts are limited to 50% of the participant's account balance up to a maximum of $50,000. Promissory notes must be signed by the participant and are secured by all accounts of the participant. Loans bear interest at a rate reasonable at the time of application and are payable on or before the earlier of the participant's termination or within five years (ten years if the loan is used to acquire a principal residence). As of December 31, 2013 and 2012 approximately $157,841 and $156,044, respectively principal value of notes receivable was outstanding, at annual interest rates ranging from 4.25% to 6.0%. Interest income resulting from notes receivable amounted to $6,168 and $6,783 during the Plan year ended December 31, 2013 and 2012, respectively.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Distributions to participants

Upon termination of service, participants are entitled to receive their vested account balances. Upon normal retirement age, permanent disability, or in the event of death, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance.

Plan termination

While the Employer has not expressed any intent to terminate the Plan, the Employer reserves the right to terminate the Plan at any time. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America necessarily requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefit payments

Benefits are recorded when paid.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan invests in funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Administrative expenses

Administrative expenses incurred by the custodian in performance of its duties are paid from the assets of the Plan. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Plan sponsor.

Subsequent events

Plan management has evaluated subsequent events through October 1, 2014, the date the financial statements were available to be issued.

NOTE 3. INVESTMENTS AND INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the annual reporting compliance method permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors' not to perform any auditing procedures with respect to the information certified by the custodian as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

Total investments and notes receivable from participants held and certified by Transamerica in the accompanying statements of net assets available for Plan benefits were $4,793,242 and $3,806,026 as of December 31, 2013 and 2012, respectively. Net appreciation in fair value of investments certified by Transamerica Financial Life Insurance Company was $659,934 for the year ended December 31, 2013.

NOTE 3. INVESTMENTS AND CERTIFICATION BY CUSTODIAN (Continued)

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in pooled separate accounts appreciated in value by $652,115 and the stable value fund appreciated in value by $7,819.

Investments, as certified by the custodian, that represented 5% or more of total net assets available for benefits as of December 31, 2013 and 2012 were as follows:

	2013	2012
Stable value account:		
Transamerica Stable Value Advantage Account	$ 371,477	$298,834
Pooled separate accounts:		
Blackrock Global Allocation Account	$ 521, 069	$424,317
Blackrock Equity Dividend	$ 262,893	*
Pioneer Cullen Value Account	*	$249,183
Pioneer Disciplined Value	$ 312,766	*
SSGA Small-Cap Index Account	$ 352,750	$247,814

* Investment balance is less than 5% of the Plan's net Assets

The above investments were all participant directed.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts (Level 1): Valued at the closing price reported on the active market on which the individual securities are traded.

Pooled separate accounts (Level 2): Valued based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

Stable value account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5. STABLE VALUE ACCOUNT

The Plan has a benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, which approximates fair value, as reported to the Plan by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Transamerica Stable Value Option investment choices seek to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. The Stable Value Option investment choices are not considered a Guaranteed Interest Contract (GIC) and there is no stated minimum or maximum interest rate.

NOTE 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The custodian is a party-in-interest with respect to the Plan. All investments are held with the custodian.
Loans receivable from participants of the Plan and the related interest income are also considered party-in-interest transactions.

The Plan administrators are fiduciary parties as defined by the Plan and are also Plan participants. There have been no nonexempt transactions involving Plan assets with the Plan administrators.

NOTE 7. TAX STATUS

The Employer adopted a volume submitter document, which received a favorable opinion letter from the Internal Revenue Service (IRS) on May 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Administration errors, if any, that are insignificant or operational in nature are handled by the Plan administrator in accordance with applicable IRS correction policies. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

The Plan operates using a regional prototype plan document. The Internal Revenue Service has determined that the prototype plan document, if properly adopted, is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Sponsor believes they have properly adopted the Plan; therefore, no provision for income taxes has been included in the accompanying financial statements.
