INDEPENDENT AUDITOR'S REPORT

To the Administrator of the
Aladdin Bakers, Inc. 401(k) Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Aladdin Bakers, Inc. 401(k) Plan ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013, and the related statements of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C & D, which was certified by American Funds Retirement Plan Services, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial status of Aladdin Bakers, Inc. 401(k) Plan as of December 31, 2013, and the changes in its financial status for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule on page 11, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the supplemental information of the matter described in the Basis for Qualified Opinion paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The accompanying notes are an integral part of these financial statements.

Note A - Description of Plan

Aladdin Bakers, Inc. (the Company) established the Aladdin Bakers, Inc. 401(k) Plan (the Plan). The Plan was effective as of January 1, 2005. The following description of the Plan provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a multi-employer defined contribution plan covering all employees of the Company and also Claydough, Corp., who have one year of entry service (with 1,000 or more hours of service) and are age twenty-one and over. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

The Plan provides for employee elective salary deferral contributions under Section 401(k) of the Internal Revenue Code. Participants can defer compensation "pre-tax" to the Plan instead of being received currently, subject to the maximum annual limitation prescribed by the Internal Revenue Service ($17,500 for calendar year 2013). Additional "catch up" contributions of $5,500 for calendar year 2013 can also be made by participants age 50 or older.

Employer Contributions

The Company makes elective contributions to each eligible employee. The Company's contribution matches the employee contribution dollar-for-dollar, up to 3% of the employee's compensation, and $.50 cents on the dollar for the employee's contribution that exceeds 3% but no more than 5% of the employee's compensation. Company contributions at December 31, 2013 were $69,190.

The Company may make non-elective contributions to the Plan as decided on a year by year basis. There were no non-elective contributions made by the Company to the Plan for the year ended December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the Company's elective contribution and their elective salary deferral contributions plus actual earnings thereon. Participants are also immediately vested in qualified nonelective contributions allocated to their accounts, if applicable, and rollover contributions. Vesting in the portion of their accounts attributable to Company nonelective contributions, if any, is based on years of continuous service, with increments of 20% between the second and sixth years. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

Upon termination of service, a participant with vested balances over $1,000 may elect to receive benefits in one of the following forms: (a) a lump-sum amount equal to the value of his or her account; (b) partial payment (c) monthly installments over a period certain not extending beyond the life expectancy of the participant or the joint life expectancy of the participant and a designated individual; or (d) the purchase of an annuity. For vested balances of $1,000 or less, the vested balance is automatically paid in a single sum. Participants are then required to comply with Federal laws pertaining to individual retirement account rollovers.

Risks and Uncertainties

The Plan provides for various investment fund options with any underlying combination of stock funds, bond funds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Certification

The American Funds has certified that the transactions and list of securities it has provided to the Company are complete and accurate. The information was provided on the accrual basis of accounting.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

Investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Participant loans are valued at cost which approximates fair value.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2014 the date the financial statements were available to be issued.

Note C - Investments

The Plan's investments consist of mutual funds and a money market fund.

Investments, stated at fair value, that represent 5% or more of the Plan's net assets as of December 31, 2013 and are separately identified as follows:

	2013
Participant Directed Investments:	
Washington Mutual Investors Fund	$ 385,408
American Mutual Fund	410,618
American Balanced Fund	379,041
Capital Income Builder	361,857
Total	**$ 1,536,924**

During the Plan year ended December 31, 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated by $48,665.

Note D - Fair Value Measurements

In September of 2006, the Financial Accounting Standards Board issued Financial Accounting Statement No. 157, *Fair Value Measurements*, addressing fair value measurement standards in financial statements. The guidance was subsequently codified within Accounting Standards Codification ("ASC") 820, "*Fair Value Measurements and Disclosures*".

ASC 820 established a principles-based framework for measuring fair value of assets and liabilities. This framework proposes a fair value hierarchy of input levels to be used when valuing plan assets. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value, and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs that are supported by little or no market activity (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- ◊ Quoted prices for similar assets or liabilities in active markets;
- ◊ Quoted prices for identical or similar assets or liabilities in inactive markets;
- ◊ Inputs other than quoted prices that are observable for the asset or liability;
- ◊ Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Shares in mutual funds are valued at the net asset value of the units held by the Plan at year end, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Shares in mutual fund accounts	1,625,102			1,625,102
Total, at fair value	$ 1,625,102	$ -	$ -	$ 1,625,102

Note E - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their account balances.

Note F - Tax Status

The Plan obtained its latest opinion letter on February 10, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was acceptable in form as to compliance with applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements. The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has

taken an uncertain position that more likely than not would not be sustained upon examination by Federal or State taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, the 2012, 2011 and 2010 tax returns are subject to examination.

Note G - Administrative Expenses

For the year ended December 31, 2013, record keeping fees, accounting and other fees were paid by the Plan in the amount of $7,535.

Note H – Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits and participant contributions per these financial statements to Form 5500:

	Net Assets Available for Benefits	Participant Contributions
Per these financial statements	$ 1,625,831	$ 134,824
Less: December 31, 2013 participant contribution receivable	4,784	4,784
Per Form 5500	$ 1,621,047	$ 130,040
