### NOTE 1 – DESCRIPTION OF THE PLAN:

The following description of Tri-Cities Community Health 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

- a. *General* The Plan is a defined contribution plan covering substantially all of the employees of Tri-Cities Community Health (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An employee becomes a participant in the elective deferral portion of the Plan on his/her first day of employment with the Employer. Bargaining unit employees of the Employer are eligible to receive an employer match.
- b. Contributions Participants make voluntary tax-deferred contributions to the Plan through payroll deductions of up to the Internal Revenue Service (IRS) maximum allowable contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Each plan year, employees of the Employer who have reached 18 years of age and completed one year (1,000 hours) of continuous service are eligible to participate in the Plan. The Employer may elect to contribute an amount determined annually. An agreement was reached during union negotiations during 2011 that suspended employer contributions through October 31, 2013. Contributions for the union employees were reinstated effective November 1, 2013. Participants may direct contributions to any of the available options offered by the Plan.
- c. *Participant accounts* Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contribution, and (b) Plan earnings and losses, and is charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. *Vesting* Participant contributions and actual earnings thereon are 100% vested. Vesting in the plan sponsor's nonelective contribution is based on years of continuous service in accordance with the following schedule:

Years of Service	Percentage

e. *Payment of benefits* – Normal retirement under the Plan occurs at age 65. The Plan also provides for retirement distributions to persons under age 65 if certain conditions are met as specified in the plan document. Participants, or their beneficiaries, are eligible to receive payment of benefits in the event of the participant's retirement, death, disability or termination, or the termination of the Plan. Benefits are distributed according to provisions set forth in the plan document. Participants' nonforfeitable account balances less than \$5,000 shall be distributed in a lump-sum payment. If the vested amount exceeds \$5,000, participants may elect the benefits to be distributed in a lump-sum payment or annual installments.

### *NOTE 1 – DESCRIPTION OF THE PLAN (continued):*

- f. Administration of the Plan The Plan is administered by Tri-Cities Community Health in the form of an advisory committee. Plan assets are invested in accordance with the employee's instructions. Records of participant account activity are processed and maintained by Randall & Hurley and TD Ameritrade Trust Company, which also perform other administrative support services for the Plan. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Administrative expenses are paid by either the Plan, or the Plan's sponsor as provided by the plan document.
- g. *Forfeited accounts* Forfeitures are used first to pay reasonable administrative expenses and then to reduce nonelective employer contributions. Forfeitures of \$1,030 and \$8,927 were used to pay plan expenses during 2013 and 2012, respectively,
- h. *Notes receivable from participants* At the discretion of the Trustees, participants may be allowed to borrow a portion of their vested account balance for hardship purposes. Such loans will bear interest and are secured by the balance in the participant's account. Up to 50% of the participant's account, not to exceed \$50,000, may be withdrawn as a loan. Principal and interest are paid ratably through payroll deductions.
- i. *Reclassifications* Certain amounts in the 2012 financial statements have been reclassified to conform with the 2013 presentation with no effect on previously reported net assets available for benefits.

### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

- a. *Basis of accounting* The accounting records of the Plan are maintained on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.
- b. Recent accounting pronouncements In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04). ASU 2011-04 amended Accounting Standards Codification (ASC) 820 to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The adoption of this guidance did not have a significant impact on the Plan's financial statements.

In July 2013, the FASB issued Accounting Standards Update (ASU) 2013-09, *Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04*. ASU 2013-09 deferred indefinitely the effective date of certain required disclosures in ASU 2011-04 of quantitative information about the significant unobservable inputs used in Level 3 fair value measurements.

c. *Estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

d. *Investment valuation and income recognition* – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of shares are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- e. Payment of benefits Benefits are recorded when paid.
- f. *Subsequent events* Subsequent events have been evaluated through October 6, 2014, which is the date the financial statements were available to be issued.

#### NOTE 3 – INVESTMENTS:

The fair value of investments (investments that represent 5% or more of the Plan's assets in either year are separately identified) as certified by the Plan's trustee was as follows:

	December 31,		
	2013	2012	
Mutual funds:			
DFA 5-year Global Fixed Income Port.	\$ 301,932	\$ 361,476	
DFA Global 25/75 Portfolio	3,867	175,734	
DFA Global 60/40 Portfolio	216,732	178,641	
DFA Global Equity Portfolio	474,252	412,217	
DFA Large Cap Value Portfolio III	253,283	194,221

Other mutual funds	752,293	661,547	
	\$ 3,119,450	\$ 3,269,360	

Net appreciation in fair value of the Plan's investments (including investments bought, sold, and held during the year) consisted of the following:

	Years Ended	Years Ended December 31,		
	2013	2012		
Mutual funds	\$ 299,847	\$ 235,992		

### NOTE 4 – FAIR VALUE MEASUREMENTS:

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

#### Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

#### Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

#### Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

### Level 1 Fair Value Measurements

Mutual funds are valued at the net asset value of shares held by the Plan at year end.

#### Level 2 Fair Value Measurements

The Plan had no investments that are classified as Level 2 for either year ended December 31, 2013 or 2012.

#### Level 3 Fair Value Measurements

The Plan had no investments that are classified as Level 3 for either year ended December 31, 2013 or 2012.

### NOTE 4 – FAIR VALUE MEASUREMENTS (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets	Assets at Fair Value as of December 31, 2013					
	Level 1	L	evel 2	Le	evel 3	Total

### NOTE 5 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

### NOTE 6 – TAX STATUS:

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code (IRC) and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable determination letter from the IRS, but has since been amended. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial-statement dates. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

### NOTE 7 – RELATED-PARTY TRANSACTIONS:

The plan administrator is an employee of the plan sponsor. There are no transactions between the parties other than contributions to the Plan. Certain plan investments are shares of mutual funds managed by TD Ameritrade Trust Company. Randall & Hurley performs record keeping and administrative services for the Plan. Peterson Hastings is the Plan's investment advisor. Therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Participant contributions of \$82,269 were withheld from participants' pay during 2012 but were not remitted as soon as reasonably possible from the date of withholding to the date of deposit. These transactions constituted \$82,269 of loans from the plan to the plan sponsor for the amount of time until the contributions were made. The Employer corrected these contributions through the Voluntary Fiduciary Compliance Program and has deposited into the Plan's trust fund lost interest of \$92 to the participants for untimely employee contributions.

### NOTE 8 - RISKS AND UNCERTAINTIES:

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

### NOTE 9 – INFORMATION CERTIFIED BY THE PLAN TRUSTEE:

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected that information certified by TD Ameritrade Trust Company not be subject to any auditing procedures except for comparing such information to the related information contained in the accompanying financial statements and supplemental schedule. The following information has been certified by TD Ameritrade Trust Company as complete and accurate:

- (a) Investments as indicated on the statements of net assets available for benefits;
- (b) Net appreciation in fair value of investments as indicated on the statements of changes in net assets available for benefits; and
- (c) Supplemental schedule assets held for investment.

### NOTE 10 – BENEFITS PAYABLE:

There were no benefits payable to persons who have withdrawn from participation in the earnings and operations of the Plan at December 31, 2013 and 2012.
