THE JAMES B. OSWALD CO. 401(k) PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of The James B. Oswald Co. 401(k) Plan & Trust ("Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan established by The James B. Oswald Company ("Company") on January 1, 1995, under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") and includes a qualified cash or deferral arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration

The Plan was administered by a group of three employees that was appointed by the Board of Directors of the Company as trustees of the Plan. Effective June 1, 2013, the Plan is administered by a group of four employees that was appointed by the Board of Directors of the Company as trustees of the Plan.

Eligibility and Participation

All employees of the Company that are at least 20½ years of age are eligible to participate in the Plan on the first of any month coinciding with, or following, his or her date of employment. Participation in the Plan is voluntary. Effective January 1, 2013, temporary employees (as defined in the Company's personnel policies), along with certain other classes of employees (certain union and non-resident alien employees and leased employees) are no longer eligible to participate in the Plan. Effective June 1, 2013, the Plan was amended to add a 60 day service requirement to be eligible to participate in the Plan and to add an automatic enrollment/deferral provision in the absence of an alternative election being made by the employee.

Contributions

Eligible employees can contribute up to 100% of their annual compensation, as defined by the Plan, subject to certain limitations under the IRC. The Company may provide a discretionary matching and/or profit sharing contribution as authorized by the Board of Directors of JBO Holding Company. For 2013, the Board of Directors authorized a discretionary matching contribution of fifty percent (50%) of deferrals made by eligible participants, up to a maximum of 6% of each participant's annual compensation, as defined.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching/profit sharing contributions, as well as the participant's allocated share of the Plan's income and any related administrative expenses. Allocations are based on the proportion that each participant's account balance has to the total of all participants' account balances.

Vesting

Participants are fully vested in their contributions to the Plan and the earnings thereon. Vesting in employer matching and profit sharing contributions is based on years of service. A participant vests in employer contributions according to the following schedule:

THE JAMES B. OSWALD CO. 401(k) PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of the Plan (Continued)

Vesting (Continued)

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

For purposes of the above vesting schedule, a "year of service" is a measuring period beginning on the employee's date of hire. Generally, an employee will be credited with a "year of service" for each Plan year in which the employee completes 1,000 hours of service beginning on the employee's date of hire and ending on his or her last day of employment with the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefits

Upon termination of service due to death, disability or retirement (including early retirement as defined by the Plan), a participant (or his or her beneficiary) may elect to receive a payment amount equal to the value of the participant's vested interest in his or her account. The form of payment is a lump-sum distribution or installments over a specified term. Upon termination of service for other reasons, a participant may elect to receive a lump-sum distribution of the vested interest in his or her account.

Forfeitures

Forfeitures of nonvested account balances are first used to pay Plan expenses and then used to reduce future employer contributions. At December 31, 2013 and 2012, there were no forfeited non-vested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Notes Receivable From Participants

A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance with a minimum loan amount of \$1,000. Loans are secured by the remaining balance in the participant's account. Loans are repayable through payroll deductions over periods ranging up to 60 months or longer when the loan proceeds are used to purchase a primary residence. The interest rate is determined by the plan administrator based on prevailing market conditions and is fixed over the life of the loan.

Note 2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Note 2. Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure in these financial statements, through the date of the auditors' report.

Administrative Expenses

The administrative expenses of the Plan are paid from Plan assets, while the administrative costs of mutual funds, loan processing fees and benefit payment fees are charged directly to the affected participants. Certain Plan expenses are offset with funds made available by the Plan Custodian from fees it receives from investment fund managers. The Company monitors the payments received by the Plan service providers to ensure they are used for qualifying Plan expenses.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wilmington Trust (the "Custodian") has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2013 and 2012, the supplemental schedule at December 31, 2013, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2013 and investment related information in the notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs for which little or no market data exists

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- **Mutual funds:** Investments in mutual funds are valued based on their quoted closing market prices in active markets for identical investments, and are classified as Level 1.
- **Common/collective trust:** The investment in the common/collective trust is valued at its closing net asset value as a practical expedient to estimate fair value since this value is the probable selling price of the investment. The net asset value is based primarily on quoted prices of the actual underlying assets or similar assets, and is classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2012 to 2013. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value on December 31, 2013 and 2012:

Note 5. Tax Status

The Plan is a prototype plan, which was designed by The Newport Group, the recordkeeper of the Plan, in accordance with applicable IRC requirements to qualify for tax-exempt status. The prototype plan has received a favorable determination letter from the Internal Revenue Service ("IRS"). The Company has not requested a separate determination letter from the IRS for the Plan and related trust. The plan administrator believes that the Plan and related trust are designed and being operated in compliance with the applicable IRS and ERISA requirements to qualify as tax exempt. Therefore, no provision for Federal income taxes has been made in the accompanying financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. As of December 31, 2013, the Plan's tax years of 2010 through 2012 remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.
