Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **tw telecom** 401(k) Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) as of December 31, 2013 and delinquent participant contributions for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

tw telecom 401(k) Plan

Notes to Financial Statements

(1) Description of Plan

The following description of the **tw telecom** 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan was adopted January 1, 1999 (and most recently restated March 2010 to comply with regulatory requirements) by **tw telecom holdings inc.** (the “Employer” or the “Company”) and is a defined contribution plan covering all eligible employees. Generally, eligible employees participate in the Plan on the first day of the month following their date of hire or after meeting certain eligibility requirements as further described in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Benefits under the Plan are not guaranteed by the Pension Benefit Guarantee Corporation.

(b) Trustee and Administration of the Plan

The trustee, recordkeeper and custodian of the Plan is Fidelity Management Trust Company (“Fidelity” or “Trustee”). The administrator of the Plan is the Employer. The Trustee holds all assets of the Plan in accordance with the provisions of the service provider contract with the Employer. The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance. Assets of the Plan are in mutual funds, a money market fund and a common/collective trust.

(c) Eligibility

All employees of the Employer become eligible to participate in the Plan on the first day of the month following their hire date. Leased employees and employees who reside in Puerto Rico are not eligible to participate in the Plan. Temporary employees with a term of less than 1,000 hours are not eligible to participate in the Plan.

(d) Contributions

Participants may contribute (on a pre-tax or after-tax Roth basis) up to 75% of eligible compensation for the Plan year, not to exceed the annual Internal Revenue Service (“IRS”) limit (\$17,500 and \$17,000 for 2013 and 2012, respectively). Participants may also contribute amounts representing distributions from other qualified plans (participant rollovers) subject to meeting certain criteria. The Plan allows for catch up contributions for certain participants who have reached the age of 50, which are subject to annual IRS limits (\$5,500 in both 2013 and 2012). The Plan is a Safe Harbor Plan which provides for employer non-discretionary contributions that are fully vested when made. The Employer matches 100% of the first 5% of compensation, as defined, that a participant contributes to the Plan, not to exceed certain limitations. The Employer match is made in cash. The Employer may also make discretionary matching or profit sharing contributions to a participant’s account to be determined at Plan year-end (subject to Plan requirements). No discretionary contributions were made for the 2013 and 2012 Plan years. Participants direct the investment of their contributions and the Employer’s matching and discretionary contributions into investment options offered by the Plan.

(e) Participant Accounts

Each participant’s account is credited with the participant’s contributions, rollover contributions and Employer’s contributions and allocations of the Plan earnings and losses and Plan expenses. Allocations of Plan earnings and losses are based on participant account balances, as defined. Participant benefits are derived from an individual participant’s vested account. The Plan offers various mutual funds, a money market fund and a common/collective trust as investment options for participants. Participants may elect to transfer balances between funds within their account at any time.

(1) Description of Plan (continued)

(f) Distributions

Distributions from the Plan may be made to a participant or beneficiary upon death, disability, retirement, financial hardship or termination of employment. A participant may elect to receive the value of the vested interest in their account through a lump sum payment, installment payments, required minimum distribution payment, or roll over into another qualified plan or individual retirement account ("IRA"). Hardship withdrawals and in-service distributions at age 59 ½ are also allowed by the Plan if certain criteria are met.

De minimus distributions are defined as accounts with balances less than \$5,000 and only affect terminated participants. Per the Plan provisions, account balances of terminated participants that are below \$1,000 will be paid directly to the participant by check. Account balances of terminated participants that range from \$1,000 to \$4,999 will be rolled into a Fidelity IRA in a default investment option to preserve the principal balance. Prior to distribution, affected terminated participants will receive notification and be given a time period to give Fidelity alternate instructions.

(g) Vesting

Participants are vested immediately in their contributions, including rollovers from other qualified plans plus actual earnings thereon, and Safe Harbor and discretionary matching contributions made by the Employer. Vesting in the Company's discretionary profit sharing contribution plus actual earnings thereon is based on years of service. A participant's interest in discretionary profit sharing contributions are fully vested after three years of service.

(h) Forfeitures

Upon termination of a participant's employment, the non-vested portion of the Employer's discretionary contribution and profit sharing, if any, and earnings thereon are forfeited. Forfeitures may be used to pay Plan expenses or reduce future Employer contributions. Forfeitures of \$19,113 were used to reduce employer contributions during the year ended December 31, 2012. There were no forfeitures used for this purpose during the year ended December 31, 2013. The balance in the forfeiture account was \$10,438 and \$5,001 at December 31, 2013 and 2012, respectively.

(i) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The borrowings are secured by the balance in the participant's account and bear interest based on the prevailing interest rates charged for borrowings made under similar circumstances as determined by the Plan Administrator and are fixed for the term of the note. Principal and interest are paid ratably through bi-weekly payroll deductions. All borrowings have a maximum term of five years unless used for the purchase of a principal residence, which allows for the borrowings to be repaid over a ten year period. Interest rates ranged from 4.25% to 9.25% at both December 31, 2013 and 2012.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and the changes in those net assets.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events have been evaluated through the date of the independent auditor's report. See Note 12 – Subsequent Event.

(2) Summary of Significant Accounting Policies (continued)

(b) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value (see Note 4). Shares of mutual funds and money market funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in the common/collective trust is valued based on information reported by Fidelity based on the fair value of underlying investments. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the common/collective trust. As required by applicable accounting standards, the Statements of Net Assets Available for Plan Benefits presents the fair value of the investment contracts as well as the adjustment of the investment in the common/collective trust from fair value to contract value related to the fully benefit-responsive investment contracts. The Statements of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis.

The Fidelity Managed Income Portfolio (the "Fund") is a collective trust fund sponsored by Fidelity Management Trust Company ("Fidelity"). The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant net asset value ("NAV") of \$1 per unit. Distribution to the Fund's unit holders are declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value. The average yield based on actual earnings as of December 31, 2013 and 2012 was 1.54% and 1.70%, respectively. The average yield based on interest rates credited to participants as of December 31, 2013 and 2012 was 0.89% and 1.05%, respectively. Participants may direct the withdrawal or transfer of all or a portion of their investment in the Fund at contract value (\$1 NAV). Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value. Employer initiated events, if material, such as plant closings, layoffs, plan termination, tax disqualification of the trust or other events, may limit the Fund's ability to transact at contract value with plan participants, however the plan sponsor is not aware of any such events as of the reporting date. The Plan could transact at the \$1 NAV as of the measurement date. On June 15, 2014, the Company entered into an Agreement and Plan of Merger with Level 3 (see "Summary of Significant Accounting Policies—Basis of Presentation and Use of Estimates" above). The Plan continues to operate under the terms of the plan document and any future changes to the Plan or its operations due to the Level 3 merger have not been determined as of the date the financial statements were available to be issued.

Purchases and sales of securities are recorded on a trade-date basis. Realized and unrealized gains and losses are recorded using the average cost method. Changes in market values after the Plan's year-end are not reflected in the accompanying financial statements. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

(c) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses have been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(d) *Payment of Benefits*

Benefits are recorded when paid.

(e) *Contributions*

Participant contributions and related Employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

(3) Investments

Investments representing 5% or more of the Plan's net assets at December 31 are as follows:

Loomis Sayles Small Cap Growth Fund Institutional Class	19,204,248	--*

* Investment was not held as of December 31, 2012

During 2013 and 2012, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$44,950,380 and \$20,705,780, respectively.

The Plan provides for various investments in mutual funds, a money market fund and a common/collective trust. Investments, in general, are exposed to various risks, such as significant world events, interest rate fluctuations, and credit and overall market volatility risk. The value, liquidity and related income of the securities the Plan invests in are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and such changes would materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits and participant accounts.

(4) Fair Value Measurements

Fair value, as defined by relevant accounting standards, is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers the principal or most advantageous market in which it would complete a transaction and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Fair Value Hierarchy

Relevant accounting standards set forth a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Relevant accounting standards establish three levels of inputs that may be used to measure fair value:

- *Level 1* – Quoted prices in active markets for identical assets or liabilities. Level 1 assets that are measured at fair value on a recurring basis consist of the Plan's mutual fund and money market investments that are traded in an active market with sufficient volume and frequency of transactions.
- *Level 2* – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets consist of the common/collective trust which is valued based on the contractual terms of the underlying investments.

tw telecom 401(k) Plan
Notes to Financial Statements

(4) Fair Value Measurements (continued)

- *Level 3* – Unobservable inputs to the valuation methodology that are significant to the measurement of fair value of assets or liabilities. The Plan did not have any Level 3 assets that were measured at fair value as of December 31, 2013 and 2012.

The following tables reflect investments that are measured and carried at fair value on a recurring basis as of December 31, 2013 and 2012:

(5) Information Certified by Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee as complete and accurate and was not subjected to any auditing procedures, except for comparing such information to the related information included in the financial statements and supplemental schedule:

- (a) Investments and notes receivable from participants as shown in the accompanying Statements of Net Assets Available for Plan Benefits that were certified by Fidelity Management Trust Company ("Fidelity") totaled \$344,575,188 and \$271,207,895 at fair value as of December 31, 2013 and 2012, respectively. Fidelity also certified the adjustment from fair value to contract value for interest of common/collective trust in fully benefit-responsive investment contracts of (\$216,314) and (\$364,126) and the resulting investments at contract value of \$335,021,488 and \$262,547,275 as of December 31, 2013 and 2012, respectively.
- (b) Net investment income and interest income on notes receivable from participants as shown in the accompanying Statements of Changes in Net Assets Available for Plan Benefits that were certified by Fidelity totaled \$55,888,561 and \$28,705,651, for the years ended December 31, 2013 and 2012, respectively.
- (c) Investment information included in the supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2013 and Note 3.

tw telecom 401(k) Plan

Notes to Financial Statements

(6) Plan Administrative Costs

All administrative costs and expenses of the Plan are paid by the Employer, except to the extent that expenses are paid from participant forfeitures of employer discretionary matching contributions or the credit received by the Plan of any recordkeeping fees paid in excess of the required annual fee (see “Party-In-Interest Transactions” below). Fees associated with loan set-up and maintenance and certain short-term trading fees are paid by the participants. Fees paid by the Employer are excluded from these Financial Statements.

(7) Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds, a money market fund and a common/collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. For the years ended December 31, 2013 and 2012, the Employer did not pay any fees for investment management services provided by Fidelity. These fees are paid indirectly by the funds, and range from 0.04% to 1.25% of the fund balance. The Plan receives a credit of any recordkeeping fees paid in excess of the required annual fee. The excess received by the Plan was \$14,726 and \$135,113 for the years ended December 31, 2013 and 2012, respectively. This credit can be used to pay certain plan expenses or can be allocated to participant accounts. Allocations made to participant accounts for the year ended December 31, 2013 totaled \$100,000. There were no allocations to participant accounts for the year ended December 31, 2012. Any amount of the credit that is not used in the subsequent plan year remains in the Plan and can be used in subsequent years for qualifying items as noted above. The balance in the revenue credit account was \$49,839 and \$135,113 at December 31, 2013 and 2012, respectively. Fees paid by the participants to Fidelity, associated with loan set up and maintenance and certain short-term trading fees, net of revenue credit allocations to participants were (\$44,762) and \$50,213 for the years ended December 31, 2013 and 2012, respectively.

The Company provides data, Internet and voice services to Fidelity Investments, an affiliate of FMR Corp. As of December 31, 2013 and 2012, FMR Corp. held a 5.12% and 3.72%, respectively, ownership of the Company. Total revenue from Fidelity Investments for the year ended December 31, 2013 and 2012 was approximately \$146,000 and \$148,000, respectively. The sales to Fidelity were made on an arm’s length basis using the Company’s standard terms, conditions and pricing.

(8) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer discretionary matching and profit sharing contributions, if any.

(9) Income Tax Status

The IRS has determined and informed the Company by a letter dated July 18, 2001, that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”) and therefore the trust is tax exempt from Federal income taxes under the provisions of Section 501(a) of the IRC. The Plan was amended and restated in its entirety in March 2010 by adopting a restated volume submitter plan document with Fidelity. The volume submitter plan sponsor has obtained an opinion letter dated March 31, 2008, in which the IRS stated that the restated volume submitter plan document was in compliance with applicable requirements of the IRC. The Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

Except for participant after-tax contributions, participants are not subject to income taxes on contributions or other accumulations in their account until a distribution is made from the Plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is not subject to IRS examinations for years prior to 2010.

(10) Delinquent Participant Contributions

Title I of ERISA requires that all participant contributions be submitted to the Plan as soon as administratively possible, but no later than the 15th business day of the month following the month being withheld from participant compensation. Failure to remit employee contributions into the Plan on a timely basis is considered a non-exempt transaction with a party-in-interest.

During 2013, the Employer erroneously failed to timely remit contributions of \$1,173, including lost earnings, to the Plan. The Employer has calculated lost earnings and has made the required corrections to participants' accounts. See accompanying Schedule of Delinquent Participant Contributions for the year ended December 31, 2013.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the accompanying Statements of Net Assets Available for Plan Benefits to the Form 5500:

As of December 31,	2013	2012

Net assets available for Plan benefits per the Form 5500 (unaudited)	\$ 344,575,188	\$ 271,207,895

The following is a reconciliation of investment income and interest income on notes receivable from participants per the accompanying Statements of Changes in Net Assets Available for Plan Benefits to the Form 5500:

For the Years Ended December 31,	2013	2012
Total investment income and interest income on notes receivable from participants per Statements of Changes in Net Assets Available for Plan Benefits	\$ 55,888,561	\$ 28,705,651
Add/(Less): Change in adjustment from fair value to contract value for interest in common/collective trust relating to fully-benefit responsive investment contracts (Note 2)	(147,812)	67,580
Total investment income per the Form 5500 (unaudited)	\$ 55,740,749	\$ 28,773,231

Participant loans are reported as notes receivable from participants in the accompanying financial statements as required by current authoritative guidance; however, for Form 5500 purposes and reporting on the Supplemental Schedule of Assets (Held at End of Year) they are shown as investments.

(12) Subsequent Event

On June 15, 2014, the Company entered into an Agreement and Plan of Merger with Level 3 Communications, Inc. ("Level 3") and certain of its subsidiaries whereby the Company agreed to merge with and into a wholly owned subsidiary of Level 3 (the "Level 3 merger"). The Level 3 merger is expected to close during the fourth quarter of 2014, but not before October 4, 2014. The closing of the Level 3 merger is subject to the receipt of certain regulatory and governmental approvals and the satisfaction of certain conditions, including the approval of the Level 3 merger by the Company's stockholders and the approval of Level 3's proposed stock issuance and charter amendments by Level 3's stockholders.
