NOTES TO FINANCIAL STATEMENTS

AULTMAN 401(K) PLAN

Note 1. Description of Plan

The following description of the Aultman 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time and part-time employees of Aultman Health Foundation and Subsidiaries (Aultman). Full and part-time employees become eligible to participate in the Plan immediately upon commencing employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Only eligible participants who are full-time and part-time employees of Aultman may contribute up to 75% of pre-tax or after-tax compensation as defined in the Plan. These contributions may not exceed the statutory maximum amount. These participants may also contribute amounts representing distributions from other qualified deferred benefit or defined contribution plans (rollover). In addition, Aultman contributes 3% of all eligible employees' gross pay to the Plan each pay period.

Participant Accounts

An account is maintained in the name of each participant. Participant and employer contributions and income earned on investments are allocated to such accounts in accordance with the Plan provisions. Participants may direct a percentage of their assets to be invested in various funds in increments of 1% and may revise their asset allocation percentage at any time. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, employer contributions, and investment earnings.

Notes Receivable From Participants

The Plan honored the outstanding loans from the Professional Claims Management, Inc. 401(k) Plan when its assets were merged into the Plan during 2007. The Plan does not permit additional loans to be issued. The loans are collateralized by the balance in the participant's account and all loans bear a rate of interest approximating the market rate of interest as determined quarterly. During 2013, all loans were defaulted or issued as distributions.

Payment of Benefits

On termination of service due to retirement, disability or death, a participant (or their beneficiary) may elect to receive either a rollover to another qualified plan or IRA, a lump-sum amount equal to the value of their account, or monthly installments except for accounts with a value less than \$5,000, which are distributed as a rollover or lump sum. A participant is entitled to a distribution of benefits in the event of hardship as defined by the Plan.

NOTES TO FINANCIAL STATEMENTS

AULTMAN 401(K) PLAN

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid by either the Plan or Aultman. Certain administrative functions are performed by officers or employees of Aultman. No such officer or employee receives compensation from the Plan. Aultman paid or assumed liabilities for substantially all administrative expenses of the Plan.

NOTES TO FINANCIAL STATEMENTS

AULTMAN 401(K) PLAN

Note 2. Significant Accounting Policies (Continued)

Recent Accounting Pronouncement

In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2012-04, *Technical Corrections and Improvements*. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this Update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this Update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

Note 3. Investments

All investment information, including investments and notes receivable from participants as of December 31, 2013 and 2012, interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2013, included in the Plan's financial statements and supplemental schedule, was prepared by or derived from information provided by Vanguard Fiduciary Trust Company (Vanguard), the trustee, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investments.

The values of individual participant-directed investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2013	2012
Vanguard Intermediate-Term Bond Index Fund Investor Shares	\$ 46,564,334	\$ 53,306,912
Vanguard 500 Index Fund Investor Shares	65,516,193	51,256,123
Vanguard Balanced Index Fund Investor Shares	25,719,090	23,232,918
Vanguard Target Retirement 2025 Fund	18,647,489	15,531,731
Vanguard Target Retirement 2035 Fund	17,707,000	13,529,161*

*investment less than 5% of the Plan's net assets but presented for comparative purposes

During 2013, the Plan's investments in mutual funds appreciated in fair value by \$42,560,926.

Interest and dividend income recorded in 2013 was \$9,132,989.

NOTES TO FINANCIAL STATEMENTS

AULTMAN 401(K) PLAN

Note 4. Fair Value Measurements

The FASB topic *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this FASB topic are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Money Market Fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net value (NAV) and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5. Income Tax Status

Effective January 1, 2001, the Plan adopted a standardized form of a prototype plan sponsored by Vanguard. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 5. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, including the resolution of appeals or litigation processes, if any. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 6. Transactions With Parties-in-Interest

Certain legal, trustee and accounting fees, and certain administrative expenses relating to the maintenance of participant eligibility records are paid by Aultman. Fees paid during the year for other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Certain Plan investments are shares of mutual funds managed by an affiliate of Vanguard. Vanguard acts as trustee for only those investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt for the prohibited transaction rules.

Note 7. Plan Amendment and Termination

Aultman intends to continue the Plan indefinitely, but reserves the right to amend, merge, modify, revoke, suspend, terminate or change any or all policies or procedures of the Plan in whole or in part at any time, provided that it will not be undertaken in such a manner as to constitute a violation of any applicable provision of the Employee Retirement Income Security Act of 1974.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Plan Amendment

Effective January 1, 2013, employees of Aultman Orrville Hospital became eligible to participate in accordance with the terms of the Aultman Plan. The majority of the rollovers on the 2013 statement of changes in net assets available for benefits are related to the Aultman Orrville Hospital employees rolling over their account balances to the Aultman Plan.

Note 10. Subsequent Events

Effective January 1, 2014, physicians of the Aultman North Canton Medical Group became eligible to participate in the Plan.

Effective July 1, 2014, residents and fellows of the plan sponsor became eligible to participate in the Plan.

The Plan has evaluated subsequent events through October 7, 2014, the date the financial statements were available to be issued.
