Citizens Union Bancorp of Shelbyville, Inc. Employee Stock Ownership Plan with 401(k) Provisions

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of the Plan

The following description of the Citizens Union Bancorp of Shelbyville, Inc. Employee Stock Ownership Plan with 401(k) Provisions (the "Plan") provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Citizens Union Bancorp of Shelbyville, Inc. for the benefit of its employees who have at least one year of service and are age 19 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974 (ERISA)*. Reliance Trust Company serves as the custodian of the Plan's assets, and The Standard acts as the third party administrator for the Plan. Lea M. Anderson, Steven Barker and Edward B. Hayes serve as trustees for the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 50% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted. There are three types of employer contributions which may be made under the Plan: (1) Basic contributions which are discretionary contributions made for all non-highly compensated participants in order to satisfy the nondiscrimination requirements of the Internal Revenue Code, where the Company did not contribute in 2013 and 2012; (2) Matching contributions, where the Company contributed 50% in 2013 and 2012 of the first 5% of the base compensation that a participant contributes to the Plan; (3) Optional contribution which is an additional discretionary contribution made by the Company as determined by the Board of Directors each year, where the Company did not contribute in 2013 and 2012. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available for participant-directed funds include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation quarterly. The matching Company contribution is invested directly in employer common stock. These amounts can be reallocated by the participant after 10 years of participation in the Plan and the participant has reached age 55. At this time participants can liquidate or reallocate to another available investment option. Optional employer contributions can also be directed in employer stock.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, Plan earnings and forfeitures of terminated participants' nonvested accounts and is charged with an allocation of administrative expenses. Allocations of administrative expenses are based on participant earnings or account balances, as defined. Allocation of basic and optional contributions is based on participants' contributions. Company matching contributions are allocated based on participants' contributions. A participant must be employed by the Company on December 31 of the Plan year to be eligible to receive an allocation of the optional contributions.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Fewer than 2	0%
2 but fewer than 3	20%
3 but fewer than 4	40%
4 but fewer than 5	60%
5 but fewer than 6	80%
6 or more	100%

The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions.

Retirement, Death and Disability

A participant is entitled to 100% of his or her account balance upon retirement, death or total disability.

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his or her vested interest in their account, or a joint and survivor annuity. At December 31, 2013 and 2012, there were no Plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$6,120 and \$7,974, respectively. These accounts will be used to reduce Company contributions.

Notes to Financial Statements

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

There were no outstanding loan balances at December 31, 2013 and 2012.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

The common shares of the Company stock are valued at estimated fair value on December 31, 2013 and 2012. Fair value is determined by annual independent appraisals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid approximately \$15,350 and \$14,600 of recordkeeping fees to The Standard during 2013 and 2012, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Notes to Financial Statements

December 31, 2013 and 2012

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2013. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. The Plan held no Level 2 securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. Citizens Union Bancorp of Shelbyville, Inc. common stock is classified as Level 3. The shares of common stock are valued as determined by annual independent appraisals. Inputs include data from the Company's audited December 31, 2013 financial statements and various premium and discount rates as determined by the appraiser. See the table below for inputs and valuation techniques used for Level 3 securities.

Fair value determination for Level 3 measurements of securities are the responsibility of Plan Management. Plan Management contracts with a pricing specialist to generate fair value estimates annually. Management challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities, including the Company common stock, which represents approximately 34% of the Plan's assets. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Plan Amendment

Effective July 1, 2013, the Plan was amended to change the dates that a Participant's amended Election Form becomes effective from January 1 and July 1 only to the first day of each calendar quarter (that is, January 1, April 1, July 1 and October 1).

Note 10: Transfer into the Plan

During the 2012 Plan year, the Plan received a transfer of \$507,401 related to the acquisition of Citizens Bank of New Liberty by First Farmers Bank Owenton (subsidiary of Citizens Union Bancorp of Shelbyville, Inc.). Participant balances of the Citizens Bank 401(k) Plan were transferred into the Plan in January 2012.

Note 11: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
