1. DESCRIPTION OF PLAN

The following description of the Woodsman Kitchens & Floors, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Woodsman Kitchens & Floors, Inc. (the "Company" or "Plan Sponsor"), established the Woodsman Kitchens & Floors, Inc. 401(k) Profit Sharing Plan effective as of January 1, 1988. The Plan operates as a defined contribution plan. It is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by Woodsman Kitchens & Floors, Inc. which absorbs all administrative costs incurred by the Plan. Richard S. Woods is the Plan's Trustee. Employees of the Company are generally eligible to participate in the Plan after attainment of age 18 and six (6) months of employment.

Effective April, 2013, the Custodian of the Plan is Mass Mutual Financial Group (the "Custodian"). The previous Custodian was John Hancock Life Insurance Company. The assets of the Plan are held by the Custodian who has been given the authority and power to, among other things, make investment decisions, borrow funds and take any other action it believes to be beneficial to the Plan. The third party administrator ("TPA") is Retirement Solutions Specialists. The TPA is responsible for compiling the Form 5500, performing tax compliance testing, and maintaining annual records of plan transactions.

Contributions

The Plan allows employees to make contributions of up to 25% of their compensation, subject to the limits imposed by the Internal Revenue Code, pursuant to a salary reduction agreement.

The Plan allows the Company to make a discretionary matching contribution on behalf of each of its participants who made an elective contribution during the Plan year up to 6% of compensation. The Company may also contribute a discretionary profit sharing contribution equal to a percentage of each eligible individual's compensation including social security integration (the exact percentage, if any, to be determined each year by the Company). During the years ended December 31, 2013 and 2012, the amount of Company contributions made to the Plan was $40,962 and $33,740, respectively.

1. **DESCRIPTION OF PLAN** – (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, any allocation of Company profit sharing contribution, any matching contributions, an allocation of Plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is limited to the vested balance of the participant's account. The Plan is designed to allow participants to exercise control over the investment of assets held in their accounts. Accordingly, contributions are invested as directed by the participant in one or more of a variety of investment funds. The selection of funds offered by the Plan is intended to comply with the requirements of ERISA 404(c).

Vesting

Participants are fully vested in their own contributions and related earnings. With respect to employer contributions and related earnings, participants are vested ratably and become fully vested after six years of service as follows:

Less than 1 years of service	0%
1 years, but less than 2 years	20%
2 years, but less than 3 years	40%
3 years, but less than 4 years	60%
4 years, but less than 5 years	80%
5 years or more of service	100%

Distributions

On termination of service, a participant is entitled to 100% of his/her vested balance.

Expenses and Fees

Expenses and fees associated with the Plan are paid with Plan assets. Such expenses and fees include the compensation of investment managers, brokers' fees, and costs related to Plan administration. In addition, Plan expenses of $4,700 and $4,600 were paid by the Plan Sponsor for each year ending December 31, 2013 and 2012, respectively.

Forfeitures

Participants who withdraw from the Plan forfeit the non-vested portion of their accounts. These forfeitures are used to reduce the amount of employer contributions. For the years ended December 31, 2013 and 2012, forfeitures were $3,209 and $704, respectively.

Howard & Company
CERTIFIED PUBLIC ACCOUNTANTS, P.A.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan uses the accrual method of accounting. Under this method of accounting, contributions to the Plan are recognized when approved by the Employer. Revenues are recognized when earned, and expenses are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of asset and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation

Investments are recorded at the fair value on the last business day of the Plan year. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices. Increases and decreases in market value of the investments are reflected in the statement of changes in net assets available for benefits.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate fluctuations, market changes and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. PLAN TERMINATION

The Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of termination, participants become 100% vested in their account balances.

4. TAX STATUS

The Trustee believes that the Plan is designed and operating in accordance with the applicable sections of the Internal Revenue Code.

5. CONCENTRATION OF CREDIT RISK

Certain financial instruments potentially subject the Plan to concentrations of credit risk. These financial instruments consist of mutual funds. The Plan limits its credit risk by monitoring its accounts with what management believes to be high quality financial institutions.

6. INVESTMENTS

All of the Plan's investments were held by John Hancock Life Insurance Company from January 1, 2013 to April 9, 2013 and Mass Mutual Financial Group from April 10, 2013 to December 31, 2013 and invested according to the participants' direction. A schedule of investments that account for 5% or more of the total investment balance as of December 31 is as follows:

	2013	2012
Money Market Funds	$ -	$ 535,057
Lifestyle Aggressive	-	1,315,023
Lifestyle Growth	-	730,338
Lifestyle Balanced	-	1,592,080
Blackrock Global Allocation A	3,632,292	-
Unallocated Fixed Accounts	604,948	-
	$ 4,237,240	$ 4,172,498

7. FAIR VALUE MEASUREMENTS

Fair value as defined under generally accepted account principles ("GAAP") is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritize the inputs used in measuring fair value.

Howard & Company
CERTIFIED PUBLIC ACCOUNTANTS, P.A.

7. **FAIR VALUE MEASUREMENTS** – (Continued)

These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The fair values of Level 1 investments are determined from quoted prices in an active market for identical assets. When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy.

Fair values of Level 2 investments are determined from inputs other than quoted prices in active markets that are directly or indirectly observable. Fair value of Level 2 pooled separate investments is the unit value calculated in the observable net asset value ("NAV") of the underlying investment.

At December 31, 2013, there was $604,948 held in the Mass Mutual fixed return investment option. The fixed return investment option is deemed a Level 2 investment as there are no unobservable inputs. Fair value of this investment is liquidation value based on an actuarial formula as defined under the terms of the contract.

At December 31, 2013, there were no Level 3 investments. At December 31, 2012, the fair value of Level 3 investments, guaranteed interest accounts, is determined by the investment holder and held in John Hancock's general account. Each year, John Hancock compares the rates in effect on that date to the rates on which the actual interest is determined and adjusts the book value based on the difference in those rates. Fair value is the invested amount by the participant plus interest credited to the accounts.

7. FAIR VALUE MEASUREMENTS – (Continued)

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2013 and 2012.

Fair Value as of December 31, 2013

7. FAIR VALUE MEASUREMENTS – (Continued)

(a) Funds seek long term growth of capital by investing in companies that are believed to increase in value over time.
(b) Funds seek to provide a high level of income with some consideration also given to growth of capital, specifically by investing in fixed income security and equity securities.
(c) Funds seek long-term capital appreciation by investing in primarily equity securities that are believed to have above average growth prospects. Consideration is also given to current income.
(d) Funds seek to obtain current income and long term growth of capital and income by investing in a broad range of securities, including stocks and bonds of primarily US companies, as well as, certain foreign companies.
(e) Funds seek to achieve maximum total return by providing a balance between a high level of current income and preservation of capital with greater emphasis on high income. These funds achieve their objectives by investing in primarily preferred stock and other types of debt securities, including those of foreign and domestic markets, and US high yield bonds.
(f) Funds seek high total return until its target retirement date. To achieve this objective the fund invests, under normal market conditions, substantially all of its assets in underlying funds using an asset allocation strategy designed for investors expected to retire in their respective designated retirement year.
(g) Fund seeks maximum current income consistent with preservation of principal and liquidity by investing high quality, money market instruments with maturities of 397 days or less issued primarily by US entities.

A reconciliation of the Level 3 fair value measurements is as follows:

Guaranteed accounts - December 31, 2011	$ 26,318
Interest Earned	66
Guaranteed accounts - December 31, 2012	26,384
Transfer out	(26,384)
Guaranteed accounts - December 31, 2013	$ -

8. DEFERRED PAYMENTS

As of December 31, 2013 there are 3 participants that have separated from service and are not active Plan participants. These former participants have vested account balances totaling approximately $498,522. The Plan will pay out these amounts at the direction of the former participants. There were 28 participants whom were due $567,490 under the same circumstances at December 31, 2012.

9. PROHIBITED TRANSACTIONS

The Plan sponsor inadvertently failed to deposit $12 of participant deferrals in 2013 within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers such late deposits to be prohibited transactions. The Plan sponsor is required to file Form 5330 and pay applicable excise taxes. The excise tax payments will be made from the Plan Sponsor's assets rather than from assets of the Plan.

10. SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2013, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is August 7, 2014 which is the date on which the financial statements were first available to be issued.
