Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA) of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

As further discussed in Note 1 to the financial statements, Hillandale Communities, Inc. (the Company) elected to freeze the Plan effective December 31, 2013, with termination of the Plan subsequent to 2013. Therefore, the Plan changed from the accrual basis of accounting at December 31, 2012, to the liquidation basis to determine the amounts of assets, liabilities, and benefit information at December 31, 2013.

The supplemental schedules on pages 11 and 12 as of and for the year ended December 31, 2013, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2013 AND 2012

1. **Description of the Plan:**

The following description of the Hillandale Communities, Inc. Pension Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution money purchase plan covering all eligible employees of Hillandale Communities, Inc. (the Company), who have completed two years of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor is responsible for oversight of the Plan, and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan termination:

Effective December 31, 2013, the Company has amended the plan to freeze any further contributions into the Plan except for the employer contributions receivable at December 31, 2013 on the statement of net assets available for benefits.

Effective June 30, 2014, the Company terminated the Plan in accordance with ERISA. The Plan participants were given the option to receive a distribution of their assets or transfer their assets into a 401(k) Plan the Company formed effective January 1, 2014. The Company expects all assets to be distributed to the participants, distributed into other qualified plans, or transferred to the Company's new 401(k) Plan by December 31, 2014.

Contributions:

Each year, the Company must contribute 3% of each eligible participant's compensation to the Plan. These contributions are invested in a portfolio of investments as directed by the Company. In order to receive an allocation of the Company contribution, a participant must be employed on December 31 of the Plan year, or, if not employed on December 31 of the Plan year, must have been credited with at least 501 hours of service during the Plan year. Participants may, at the plan administrator's discretion, contribute amounts representing distributions from other qualified plans (rollovers).

In 2013 and 2012, the Plan met the ERISA minimum funding requirements.

Participant accounts:

Each participant's account is credited with the allocations of the Company's contribution, Plan earnings and participant's rollover contribution, if applicable. Each participant's account is charged with allocations of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined.

YEARS ENDED DECEMBER 31, 2013 AND 2012

1. Description of the Plan (continued):

Vesting:

Participants were vested immediately upon participation in the Plan.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant or his or her beneficiary may elect to receive a lump sum distribution if their vested account balance is less than \$5,000. If their account balance is in excess of \$5,000, they may elect to receive a lump sum distribution, installments over a period of time, or an alternative annuity. A participant may also elect to remain in the Plan and have their benefits distributed on their normal or early retirement date. Retirement benefit distributions are made in the same manner as distribution before normal retirement age.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting at December 31, 2012 and on the liquidation basis at December 31, 2013.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are reported at fair value as provided by Reliance Trust Company (Reliance). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

YEARS ENDED DECEMBER 31, 2013 AND 2012

2. Summary of significant accounting policies (continued):

Payment of benefits:

Benefits are recorded when paid.

At December 31, 2013, \$4,666 was due to eight participants who withdrew from the Plan and requested benefit payment prior to the plan year end. At December 31, 2012, \$10,043 was due to six participants who withdrew from the Plan and requested benefit payment prior to the plan year end.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan with the expense allocated to each participant. Certain other professional fees are paid by the Company and are excluded from these financial statements. Certain administrative functions are performed by employees of the Company. No such employee, nor the Company, receives compensation from the Plan for these functions. Administrative expenses of the Plan paid by the Company totaled \$5,300 in 2013. The Company did not pay administrative expenses of the Plan in 2012.

Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 8, 2014, the date the Plan's financial statements were available to be issued.

3. Investments:

The following table presents the fair value of investments at December 31, 2013 and 2012. Investments that represent 5% or more of the Plan's net assets in either year are separately identified. All investments of the Plan were nonparticipant-directed at December 31, 2013 and 2012.

Mutual funds	<u>238,847</u>	<u>153,183</u>
	<u>\$ 238,918</u>	<u>\$ 153,402</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

HILLANDALE COMMUNITIES, INC. PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2013 AND 2012

4. Fair value (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The money market fund is valued at its face value, which approximates fair value.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

	2013 Level 1	2012 Level 1
Money market fund	\$ 116,858	\$ 178,741

5. Certified investments:

Other than contributions receivable, certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2013 and 2012, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance (the custodian of the Plan), in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Party-in-interest transactions:

In 2013, the Plan made direct payments to Great West Retirement Services (Great West), the Plan's third-party administrator. In 2012, the Plan made direct payments to Great West, the Company, and the Plan's auditors. These amounts are included in administrative expenses on the statements of changes in net assets available for benefits.

7. Tax status:

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated March 31, 2008, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
