Notes to Financial Statements

December 31, 2013

Note 1 - Description of Plan

The following description of the Doncasters, Inc. Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective February 5, 1997. The Plan was restated on December 9, 2008, effective December 15, 2008, and most recently amended December 31, 2012, retroactively effective January 1, 2012. Employees of Doncasters, Inc. and its related U.S. companies (the "Company") become eligible to participate upon completing 6 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

See Note 11 for amendment to the Plan subsequent to year end.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified (and certain nonqualified) defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The Plan holds a personal choice retirement self-directed brokerage account which is no longer offered to participants. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

The Company makes matching contributions in an amount equal to a discretionary uniform percentage of the amount of an employee's contribution not in excess of 4.5% to 7% of an employee's base pay depending on the location of the Company where the participant is employed. The Company may also make discretionary profit sharing contributions. Company discretionary matching contributions are recorded weekly. Company discretionary profit sharing contributions, if any, are recorded annually. During 2013, the Company did not make discretionary profit sharing contributions. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution, as well as allocations of the Company's discretionary profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. Additionally, accounts with outstanding loans are charged an annual administrative fee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Prior to January 1, 2008, participants of the Doncasters, Inc. Employee Savings Plan were vested immediately in all contributions made to their accounts plus actual earnings thereon. Effective January 1, 2008, as a result of the Company's acquisition of FastenTech, Inc. and its subsidiaries in 2007, there are different vesting requirements for employees that were participants of FastenTech, Inc. 401(k) and Profit Sharing Plan. Participants should refer to the Plan document and any amendments thereto, for a more complete description of the vesting provisions. A participant is 100% vested after four to seven years of credited service, depending on the location of the Company where the participant is employed.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, and a participant may have up to two loans outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate is determined quarterly with approval by the Plan administrator and are commensurate with market rates for similar loans. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, retirement, or the attainment of age 59½, a participant may receive a lump-sum amount equal to the value of the vested portion of their account. A participant with a vested account balance greater than \$5,000 may elect to receive either a lump-sum distribution equal to the value of the vested portion of their account, a distribution in the form of an annuity, installment payments, or a combination of these payment options. Participants with a vested account balance of \$1,000 or less will receive a lump-sum distribution equal to the value of the vested portion of their account. Participants with a vested account balance of greater than \$1,000 but less than \$5,000 who do not elect a form of distribution will have their vested account balance rolled over to an individual retirement account administered by Charles Schwab. Distributions are subject to the applicable provisions of the Plan document. The Plan also allows hardship withdrawals in specific cases, as defined in the Plan agreement.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements December 31, 2013

Forfeited accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$1,054 and \$2,804, respectively. These accounts will be used to reduce future employer contributions or to pay future Plan administrative expenses. Also in 2013, \$1,818 from forfeited nonvested accounts was used to pay Plan administrative expenses.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the benefit payment is recorded.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements

December 31, 2013

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through September 19, 2014, the date the financial statements were available to be issued.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2013 and 2012, and investment income and interest income on notes receivable from participants for the year ended December 31, 2013, that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 4 - Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	<u>2013</u>	<u>2012</u>
Oakmark Equity Income Fund	\$ 20,418,224	\$ 16,578,961
Schwab Value Advantage Institutional Fund	11,789,897	11,749,665
Fidelity Contrafund	14,535,393	11,506,225

Schwab S&P 500 Index Fund	9,022,681	7,000,728
Harbor International Fund	5,836,850	5,698,294

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in the mutual funds appreciated in value by \$10,237,988.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements December 31, 2013

Note 5 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy what prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements December 31, 2013

Personal choice retirement self-directed brokerage account: Valued at the closing price reported on the active market on which the individual securities are traded.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements

December 31, 2013

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The IRS has determined and informed the Company by a letter dated July 8, 2010, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 8 - Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Charles Schwab Bank. Charles Schwab Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third party administrator of \$24,743 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements

December 31, 2013

Note 10 - Nonexempt transactions

The Company had determined that a nonexempt transaction occurred during 2013. This violation involved the submission of employee contributions and loan repayments to the Plan later than the earliest day on which such contributions could reasonably be segregated from the employer's general assets. As reported on the supplemental schedule delinquent participant contributions (Schedule H, Line 4a), the Company took the necessary actions by making a corrective contribution to the Plan in January 2014 and a contribution for lost earnings in February 2014. The Company believes that the transactions should not affect the tax-qualified status of the Plan.

Note 11 - Subsequent event

In conjunction with the Company's acquisition of Automatic Screw Machine Products Company, Inc. ("ASMP") the Plan document was amended on March 31, 2014 to allow eligible employees of ASMP to join the Doncasters, Inc. Employee Savings Plan on April 1, 2014. Employees of ASMP were granted prior service credit with respect to eligibility based on their hire date at ASMP. Employees of ASMP were also permitted to roll outstanding participant loans into the Doncasters, Inc. Employee Savings Plan.
