ROTHE DEVELOPMENT, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Rothe Development, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed one month of service and are age eighteen or older. Their entry date is the first day of the quarter following one month of service. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 25% of pretax annual compensation, as defined in the Plan, with a current calendar year maximum of $17,500 for participants age 49 and below and $23,000 for participants who have attained age 50. The Company may allow participants, upon proper notice and approval, to enter into a special salary reduction agreement to make elective deferrals in an amount up to 100% of their compensation for one or more periods in the final month of the Plan Year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers thirty-five mutual funds as investment options for participants. The Company may make a discretionary contribution to the Plan on behalf of all eligible Participants who make elective deferrals to the Plan. The amount of the discretionary contribution shall be such amount voted or declared by the Company each Plan Year. Contributions are subject to certain limitations.

Participant Accounts

Each Participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and, (b) Plan earnings, if any, and charged with allocations of administrative expenses and Plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual

earnings thereon. Vesting in the Company's discretionary contribution is likewise immediate plus earnings thereon. A participant is 100% vested immediately upon eligibility.

Notes Receivable from Participants

Participants may borrow from their fund accounts. There may be two loans outstanding at one time. The minimum loan amount is $1,000 with a maximum amount of 50% of the participants account balance or $50,000, whichever is less. Loan terms range from 1-5 years or up to 20 years, but not beyond their normal retirement age, for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The interest rate is the published prime rate as determined in the *Wall Street Journal* on the day of the loan request, plus 1%. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service for any reason, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $0.00 and $1,159.89, respectively. There are no forfeited accounts, as the Participant is 100% vested immediately upon eligibility. This amount will be used to pay Plan administration costs.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 8, 2014, which is the date the financial statements were available for issue.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Rothe Development, Inc., the plan sponsor, has paid $15,455.50 of the Plans administration costs.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 or level 3 inputs were available to the Plan.

Level 2 Fair Value Measurements

The fair value of the fixed annuities and the pooled separate accounts are based on observable inputs through the review of existing contracts and readily available financial information on the Web site of the issuing financial institutions.

The reported values for fixed annuity options are reported daily based on the valuation methods disclosed in the annuity contract, as calculated by the annuity provider.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2013 and 2012.

December 31, 2013	Fair Value	Fair Value Measurements at the End of the Reporting Period Using: Significant Observable Inputs (Level 2)
Fixed annuities	$ 222,019.97	$ 222,019.97
Pooled separate accounts	4,285,135.31	4,285,135.31
Total assets at fair value	$ 4,507,155.28	$ 4,507,155.28

December 31, 2012	Fair Value	Fair Value Measurements at the End of the Reporting Period Using: Significant Observable Inputs (Level 2)
Fixed annuities	$ 222,685.72	$ 222,685.72
Pooled separate accounts	3,581,175.13	3,581,175.13
Total assets at fair value	$ 3,803,860.85	$ 3,803,860.85

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net appreciation in fair value of investments.

NOTE D - RELATED PARTY TRANSACTIONS

There are no related party transactions.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed Orchard Trust Company by a letter dated November 27, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). This Plan is a prototype non-standardized profit sharing plan with CODA sponsored by Orchard Trust Company. Although the Plan has been amended since receiving the determination letter, the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE G - INVESTMENTS
