NOTE A: PLAN DESCRIPTION

The following description of the Van Bortel Ford, Inc. 401 (K) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a trusteed profit sharing 401(k) salary deferred plan. It covers all employees of Van Bortel Ford, Inc. who have one year of service and are age twenty one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended from time to time and regulations issued thereunder.

Contributions
Participants may elect to contribute up to one hundred percent of their pre-tax annual compensation, up to the maximum allowed by law. The Company may contribute a discretionary matching contribution and a discretionary profit sharing contribution.

Participant accounts
Each participant's account is credited with the participant's contribution, the Company's matching contribution and an allocation of Plan earnings or losses. Allocation of earnings are based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at the rate of 4.25%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal plus interest is paid ratably through payroll deductions.

Investment options
Plan participants may direct the investment of their funds among the alternative investment funds provided by the Plan.

NOTE A: PLAN DESCRIPTION, Cont'd.

Payment of benefits
Upon retirement, disability or death, the participant is eligible to receive their vested benefits in accordance with the provisions of the Plan. The amount of the participant's retirement account may be distributed to the participant or the designated beneficiary in a lump sum distribution or installment payments, as defined in the Plan. Upon separation from service before retirement, disability or death, the participant is eligible to request early payment of vested benefits or defer receipt of a distribution in accordance with Plan provisions.

Forfeited accounts
At December 31, 2013 forfeited non-vested accounts totaled $466. The amount was used to offset expenses.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting records
The accounting records of the Plan are maintained on the accrual basis.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2013 and 2012, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the particpant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Valuation of investments and income recognition
The Plan's investments are stated at fair value. Shares of mutual funds are valued at unadjusted quoted market prices which represent the net asset value of shares held by the Plan at year end. See Note C for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded when earned. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits
Benefit payments are recorded when paid.

Plan expenses
Certain administrative expenses incurred by the Plan are paid by the Plan sponsor.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events
Management has evaluated events occuring between the end of the Plan's most recent fiscal year and September 30, 2014, the date the financial statements were available to be issued.

NOTE C: INVESTMENTS AND FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The fair value measurement, as cited in Note B, defined by accounting literature, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Levels 2 and 3 were not applicable. All Plan investments were measured by fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities, when applicable, are based on the closing price reported on the active market where the individual securities are traded.

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplementary schedule, that was prepared by Canandaigua National Bank and Trust, the trustee of the plan as of December 31, 2012 and 2011, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE E: TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE F: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.
