NOTE 1 – DESCRIPTION OF PLAN

The following description of the Colorado Premium Foods 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a single-employer defined contribution plan covering all eligible employees of the Colorado Premium Foods 401(k) Plan (the Company) who have 30 days of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investments of their account to any of the investment options available under the Plan.

Contributions: Participants may elect to contribute up to 100% of gross pay to the Plan through salary reduction subject to limits set by law. The Company matches contributions to the account of each "eligible participant" in an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participants compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability. No early retirement provision is provided by the plan. Normal retirement age is 65.

Payment of Benefits: On termination of service, a participant may elect to receive a lump sum amount only equal to the value of their account.

Forfeitures: An amount given up by a member is called forfeiture. Forfeitures stay under the Plan and are used to offset future employer contributions or any plan administrative expenses.

Plan Termination: The Company expects the Plan to continue indefinitely, but reserves the right to terminate the Plan. In the event of Plan termination, participants will become 100% vested in their accounts.

Participant Loans: Participants may borrow from their fund accounts the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at rates of 5% with the loans maturing in 12 to 60 months. Participant loans are stated at unpaid principal balance plus any accrued, but unpaid, interest. Management will provide for loan losses when required. As of December 31, 2013 and 2012, all participant loans were secured by vested account balances so no allowance is provided.

NOTE 1 – DESCRIPTION OF PLAN - continued

Vesting: Participants are immediately vested in their voluntary contributions and employer matching contributions plus actual earnings thereon. Vesting for employer non-elective profit sharing contributions is based on years of continuous service as listed below.

Years of Service	Percentage Vested
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting: The accounting principles and procedures followed by the Plan conform to accounting principles generally accepted in the United States of America. The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. The fair values of participation units held by the Plan in pooled separate accounts reflect the quoted redemption values of the separate accounts, as determined by the Plan trustee. Participant loans are stated at unpaid principal balance plus any accrued, but unpaid, interest.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair values of investments are based on quoted market prices for those or similar investments. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and December 31, 2012:

Assets Fair Value as of December 31, 2013

	Level 1	Level 2	Level 3	Total
Investments in Mutual Funds	$ 870,965	--	--	$ 870,965
Investments in Money Market	366,500	--	--	366,500
	$1,237,465	--	--	$1,237,465

Assets Fair Value as of December 31, 2012

	Level 1	Level 2	Level 3	Total
Investments in Mutual Funds	$545,107	--	--	$545,107
Investments in Money Market	271,818	--	--	271,818
	$816,925	--	--	$816,925

Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could have a material effect on participants' account balances and the amounts reported in the financial statements.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from the estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of investment valuation.

Payment of Benefits: Benefits are recorded when paid.

Subequent Events: Colorado Premium Foods 401 (k) has evaluated events through October 8, 2014, the date the financial statements were available to be issued. Management found subsequent events to be disclosed and they are discussed in Note 9.

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION

The December 31, 2013 and December 31, 2012 Statements of Net Assets Available for Benefits, the investment activities included in the Statement of Changes in Net Assets Available for Benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The information certified includes total investments of $1,237,465 and $816,925 at December 31, 2013 and December 31, 2012 respectively, and related investment income of $135,783 and $46,529 for the years ended December 31, 2013 and December 31, 2012, respectively.

The following presents investments that represent 5% or more of the Plan's net assets:

Investments at fair value as determined by American National Insurance Company	2013	2012
Fidelity Money Market	$366,500	$271,818
Invesco Utilities	135,636	116,158
Alger Large Capital	70,253	
FID VIP MidCap CL2	68,637	
Invesco Global Real Estate	65,226	
TRP International Stock		77,949
Invesco Technology		46,684
FED High Income Bond		57,438
TRP Equity Income		45,217

Net appreciation in market value of assets (including gains and losses on investments sold during the year) for the years ended December 31, 2013 and December 31, 2012 was $135,783 and $46,529, respectively.

NOTE 4 – PARTY-IN-INTEREST TRANSACTIONS

American National Insurance Company is the Plan's third party administrator and record keeper and, therefore, the Plan's payment of fees to American National qualify as party-in-interest transactions.

Participant loan transactions and investments are also party-in-interest transactions.

NOTE 5 – PLAN AMENDMENTS

Effective August 4, 2009, the Plan was amended to change eligibility requirement from one year to thirty days.

NOTE 6 – TAX STATUS

The Plan sponsor has adopted a standardized 401(k) plan document sponsored by American National Insurance Company. Although the Plan has not been issued an individual determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed tax positions taken by the plan and has concluded that, as of December 31, 2013 and December 31, 2012, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. Generally, three tax years remain subject to examination by tax jurisdictions.

NOTE 7 – DIFFERENCES BETWEEN FINANCIAL STATEMENTS AND FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

The following is a reconciliation of net increase per the financial statements to net income on the Form 5500 for the years ended December 31, 2013 and December 31, 2012:

	2013	2012
Net increase per the financial statements	$446,636	$281,791
Contributions Receivable from Employer end of year	(148,011)	(117,627)
Contributions Receivable from Employer beginning of year	117,627	79,993
Net income per the Form 5500	$416,252	$244,157

NOTE 8 - CONTINGENCIES

The elective deferrals for the participants are being calculated based on compensation less pre-tax health and long term accident insurance deduction. The Plan defines compensation to include 125 plan deductions. The Plan may be out of compliance with the plan document.

NOTE 9 – SUBSEQUENT EVENTS

During 2014, the Plan Sponsor and trustees decided to transfer plan administrator and recordkeeping services from American National Insurance Company to Bernstein Global Wealth Management. The plan assets are scheduled to be transferred effective January 1, 2015.
