1. DESCRIPTION OF PLAN:

The following description of the National Youth Advocate Program ("Company") 401(k) Safe Harbor Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all employees of the Company who have attained age 21 and completed twelve months of service and 1,000 hours. Employees whose employment is governed by a collective bargaining agreement and non-resident aliens are excluded from the Plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees who have met the Plan's eligibility requirements will become participants on January 1 or July 1 following completion of these requirements

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will make an employer safe harbor contribution equal to 100% of the first 3% and an additional 50% of the next 2% of pretax annual compensation that a participant contributes to the Plan. During 2013 the plan sponsor temporarily eliminated safe harbor contributions as of April 15, 2013. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings and (c) forfeitures from discretionary contributions and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vesting in Company matching contributions.

Payment of benefits

Participants or their beneficiaries are entitled to receive 100% of their contributions and related earnings and vested Company contributions and related earnings, upon normal retirement, termination, death, or disability. A participant's vested account balance shall be distributed as a lump sum amount.

Forfeiture accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$1,798 and \$21,873, respectively. These accounts will be used to reduce future Company contributions or pay Plan expenses. During 2013 the Company used \$20,076 in forfeitures to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefit

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The plan has evaluated subsequent events through August 26, 2014, the date the financial statements were available to be issued.

3. INVESTMENTS:

The following presents investments that represent 5 percent or more of the Plan's net assets:

	<u>2013</u>	<u>2012</u>
Interest bearing cash:		
Oppenheimer Cash Reserves	\$ 414,599	534,664
Mutual funds:		
American Funds Investment Companies of America	858,777	664,220
American Funds Growth Fund of America	805,963	661,859
Oppenheimer Global Strategic Income Fund	800,303	877,921
Oppenheimer Global Fund	675,241	596,208
American Funds Income Fund of America	581,439	500,421
Oppenheimer Main Street Small and Mid Cap Fund	368,759	232,104
Columbia Mid Cap Value Fund	331,991	244,378

During 2013, the Plan's investment in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$782,892.

4. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian as of and for the years ended December 31:

	<u>2013</u>	<u>2012</u>
Interest bearing cash	\$ 414,599	534,664
Mutual funds	4,666,359	3,956,345
Net appreciation in fair value of investments	782,892	
Interest and dividends	75,497	

5. FAIR VALUE MEASUREMENT:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

<u>Assets at fair value as of December 31, 2013</u>

6. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. TAX STATUS:

The Plan adopted a prototype non-standardized Safe Harbor profit sharing plan with CODA, which received a favorable opinion letter from the Internal Revenue Service on December 27, 2011. The opinion letter stated that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. PROHIBITED TRANSACTIONS:

During 2013, the Company failed to remit to the Plan's trustee, certain employee contributions totaling approximately \$16,677 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors.

11. SUBSEQUENT EVENTS:

Subsequent to the date of the financial statements the plan sponsor reinstated the safe harbor contribution to be effective January 1, 2014
