INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee of
HME Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of HME Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mid Atlantic Trust Company and Reliance Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter discussed in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

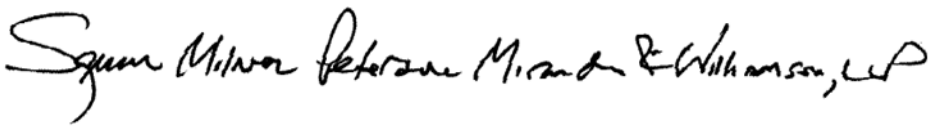

Other Matter—2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodians. Their report, dated September 30, 2013, indicated that (*a*) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (*b*) the form and content of the information included in the financial statements other than that derived from the information certified by the custodians, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the HME Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was adopted on January 1, 1988, is a defined contribution plan to provide retirement benefits for eligible employees of HM Electronics, Inc. and its wholly owned subsidiaries (the "Company"). The Company is the Plan Administrator and Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility to Participate

Employees who are at least twenty-one years of age are eligible to participate.

Contributions

Participants may contribute up to 100% of annual compensation, as defined by the Plan, limited to the maximum amount permitted under federal law. The maximum employee contribution permitted by the Internal Revenue Service ("IRS") was $17,500 and $17,000 for 2013 and 2012, respectively. Participants who have attained age 50 within the plan year are eligible to make "catch-up" contributions. The maximum catch-up contribution permitted by the IRS for 2013 and 2012 was $5,500. Contributions can be made either on a pre-tax basis, or participants may elect to designate some or all of their contributions as "Roth Contributions" which are made on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Such contributions are 100% vested and non-forfeitable. Participant contributions are subject to certain limitations. The Plan allows participants to make rollover contributions from a qualified plan. Such contributions are 100% vested and non-forfeitable.

The Company may make matching contributions of 50% of each participant's contribution up to 5% of the participant's compensation contributed, including Roth 401(k) deferral contributions. These employer discretionary matching contributions are subject to overall employer contribution limits and additions to individual participant account limits. Each participant will be vested in their employer discretionary matching contributions per the vesting schedule.

Participants may direct their contributions and their allocated share of employer contributions into a variety of investment options as offered by the Plan and can change their investment options at any time.

1. DESCRIPTION OF PLAN (continued)

Participant Accounts

All investments are directed by plan participants. Upon enrollment in the Plan, a participant directs contributions in any of the available investment options. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions; employer matching contributions and an allocation of the employer's qualified non-elective contributions and plan earnings. Allocations are based on participant account balances or as an equal dollar amount based on the number of participants in the Plan, as defined by the Plan. The benefit to which a participant is entitled to is the amount that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their rollover and participant salary reduction contributions plus actual earnings thereon. Vesting in the Company's matching contribution is based on the following years of continuous service:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

For vesting purposes, a year of service is defined as a plan year in which an employee works at least 1,000 hours.

Participants become fully vested upon termination for reason of retirement, death or disability, or if the Plan is terminated. Nonvested benefits are forfeited by participants upon termination for reasons other than normal retirement, death or disability.

Forfeitures

At December 31, 2013 and 2012, there were no forfeited nonvested accounts held by the Plan. Forfeited nonvested account balances may be used to reduce future employer contributions. During 2013, forfeited nonvested accounts totaling $11,839 were used to reduce employer contributions.

1. DESCRIPTION OF PLAN (continued)

Payment of Benefits

A participant's vested account balance becomes distributable upon termination of service due to disability, retirement or death. Upon severance of employment for other than disability, retirement death, benefits are paid to employees based on the amount allocated to their account multiplied by the vesting percentage at the time of termination. The participant or beneficiary will be paid in a lump sum. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000.

Participants may also elect to withdraw in cash certain vested amounts to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code. After a withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.

Plan Termination Provision

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, all participant accounts become fully vested and non-forfeitable.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount of 50% of their vested account balance, subject to certain Department of Labor (“DOL”) and Internal Revenue Service (“IRS”) requirements. Loan transactions are treated as a transfer between the respective investment fund and the loan fund. The loans are collateralized by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan Administrator. The interest rates on borrowings ranged from 4.25% to 9.25% per annum and mature through November 2018. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on an accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net realized and unrealized gains and losses are reflected in the statement of changes in net assets available for benefits as net appreciation in the fair value of investments.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a common/collective trust. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive common/collective trusts.

Administrative Expenses/Investment Advisory Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Fees related to the services provided by the Plan’s financial advisor are included in the investment advisory fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded for loans to participants. If a participant ceases to make loan repayments and the Plan Administrator deems the participants loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through October 8, 2014, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodians as complete and accurate and was not subjected to any auditing procedures performed by the independent public accountants, except for comparing such information certified by the Custodians to information included in the Plan's financial statements and supplemental schedule:

a) Total investments at fair value as shown in the accompanying statements of net assets available for benefits of $26,894,020 and $20,959,213 as of December 31, 2013 and 2012, respectively.

b) Net appreciation in fair value of investments as shown in the accompanying statement of changes in net assets available for benefits of $3,179,919, dividends of $873,814, administrative expenses of $27,079 and investment advisory fees of $57,091 for the year ended December 31, 2013.

c) Total cash balances shown in the accompanying statements of net assets available for benefits of $116,661 and $78,689 as of December 31, 2013 and 2012, respectively.

3. INFORMATION CERTIFIED BY CUSTODIANS (continued)

d) Interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits of $5,022 for the year ended December 31, 2013.

e) Investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2013.

4. INVESTMENTS

The following investments represent 5% percent or more of the Plan's net assets available for benefits at December 31, 2013 and 2012:

	2013	2012
Mainstay Large Cap Growth Fund	$ 4,475,592	$ 3,027,690
Columbia Acorn Fund	1,940,811	1,380,326
American Balanced Fund	1,684,536	1,384,593
American Europacific Growth	1,415,243	*
Thomburg International Value	1,393,538	*
Invesco Van Kampen Equity and Income Fund	*	977,795

**Balance represents less than 5% of net assets available for benefits at year-end.*

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value by $3,179,919 as follows:

Common/collective trust	$ 51,418
Mutual funds	3,128,501
Net change in fair value	$3,179,919

5. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level I measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is

5. FAIR VALUE MEASUREMENTS (continued)

significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy and a description of the valuation methodologies used for assets measured at fair value are described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs. The Plan held no Level 3 investments as of December 31, 2013 or 2012.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common / collective trust: Common/collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value, The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total

Total	$ 15,492,624	$ 5,466,589	$ –	$ 20,959,213

(a) Common/collective trust: The stable value fund provides a guarantee of both principal and interest for participant initiated withdrawals. The trust invests in the separate accounts of the issuer.

(b) Asset allocation: A mutual fund that is diversified across multiple asset classes with weightings to each asset class.

5. FAIR VALUE MEASUREMENTS (continued)

(c) Fixed income: A mutual fund that is intended to produce a predictable stream of income derived from ownership in corporate or government bonds and other fixed income instruments with varying maturities.
(d) International: A mutual fund that invests primarily in companies located outside of its investors' country of residence.
(e) Large cap: A mutual fund that invests in companies with a market capitalization of greater than $10 billion at the time of purchase.
(f) Lifecycle: A mutual fund diversified over a range of asset categories. Each Lifecycle fund has an allocation strategy for the underlying equity, fixed income and short term mutual funds based on the number of years until the funds reach their target retirement dates. Each fund with a target retirement date will gradually adopt a more conservative asset allocation as it approaches its target retirement date.
(g) Mid cap: A mutual fund that invests in mid-sized companies generally ranging from $2 billion to $10 billion in market capitalization at the time of purchase.
(h) Small cap: A mutual fund that invests in companies with a market capitalization of between $300 million and $2 billion at the time of purchase.

The following table summarizes investments measures at fair value based on NAV per share as of December 31, 2013:

	12/31/2013 Fair Value	12/31/2012 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trust					
Met Managed GIC	$ 5,591,102	$ 5,466,589	N/A	Daily	Daily

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2013 and 2012, the Plan's investment options included the Met Managed GIC, which is a common/collective trust (the "contract") offered by Mid Atlantic Trust Company. Mid Atlantic Trust Company maintains the contributions in a general account. The account is credited with earnings of the underlying investments and charged for participant withdrawals and administrative expenses. The contract has been included in the financial statements at contract value, which includes an adjustment from fair value as reported to the Plan by the Mid Atlantic Trust Company as the contract has been determined to be fully benefit responsive. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants are allowed to direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Type of Investment Contract	Major Credit Rating at Fair Value	December 31, 2013 Investments Contract Value	December 31, 2013 Adjustment to at Fair Value	December 31, 2012 Investments Contract Value	December 31, 2012 Adjustment to at Fair Value
Met Managed GIC	AA-	$ 5,591,102	$ (50,690)	$ 5,466,589	$ (235,816)

As at December 31, 2013 and 2012 there were no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately -1.36% and 2.45% as of December 31, 2013, respectively, based on a formula agreed upon with Mid Atlantic Trust Company. Under the terms of the contract, the crediting rate is reset on a quarterly basis. Changes in future interest crediting rates will not affect the amount representing the adjustment reported for the statement of net assets available for benefits for the portion of the net assets attributable to the contract.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and money market funds managed by Mid Atlantic Trust Company and Reliance Trust Company. Mid Atlantic Trust Company and Reliance Trust Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined by Department of Labor regulations. Fees paid by the Plan to Mid Atlantic Trust Company and Reliance Trust Company for administrative services and investment advisory fees were $27,079 and $57,091, respectively during the year ended December 31, 2013.

8. TAX STATUS

As of December 31, 2013, an IRS determination letter has not been obtained for the plan instrument as adopted, but an IRS "prototype" opinion letter dated March 31, 2008 has been obtained by Daily Access Corporation, the service provider, regarding the original plan document. Although the Plan has been amended since receiving the IRS "prototype" opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor (DOL) Employee Benefits Security Administration (EBSA). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected

8. TAX STATUS (continued)

to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine income tax examinations by taxing jurisdiction; however, there are currently no income tax examinations for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2010.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
