Columbus Distributing Company
Unionized Employees 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Columbus Distributing Company Unionized Employees 401(k) Plan which comprise the statement of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note J which was certified by Principal Trust

Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As described in Note B, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matter

We were engaged for the purpose of forming an opinion of the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been

audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2013

A. Description of Plan

The following description of the Columbus Distributing Company (Company) Unionized Employees 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan, a copy of which is available to each participant from the Plan administrator.

1. General

The Plan is a qualified defined contribution plan covering all employees covered by a collective bargaining agreement between the Teamsters Union, Local No. 284 (of the International Brotherhood of Teamsters, Chauffeurs, Warehousement, and Helpers of America, AFL-CIO) and the Company, and who have 1 month of service and attained age 18. Employees are eligible to participate in the Plan on the 1st of the month coinciding with or following the date they attain eligibility requirements, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Contributions

Participants may elect to contribute up to 100% of their pre-tax compensation, as defined, in a given year, subject to certain limitations. Participants may also defer after-tax Roth contributions. Roth elective deferral contributions and pre-tax elective deferral contributions are both counted in the maximum deferral limit. The Company may elect to make a discretionary contribution as defined by the Plan. No discretionary contributions were made in 2013. Participants may also make rollover contributions from other qualified retirement plans or individual retirement arrangements.

In accordance with the Teamsters Union contract, the Company contributed an amount equal to $66 a week per eligible employee.

3. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The net investment earnings and changes to fair value of the investments are allocated to each participant's account on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The accompanying statement of net assets available for benefits includes $152,168 and $162,887 for terminated participants who had not been paid as of December 31, 2013 and 2012, respectively.

4. Vesting

Participants are immediately vested in their contributions and the Company matching contribution in accordance with the Teamsters Union Contract plus actual earnings thereon. Participants are also immediately vested in the Company discretionary contribution.

5. Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not exceed 5 years unless proceeds are used to purchase a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2013 the outstanding notes are earning interest at rates ranging from 3¼% to 8.5%. Principal and interest is paid through payroll deductions.

6. Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in any of the twenty investment options in increments of 1%.

7. Payment of Benefits

Upon termination of service due to retirement, disability or death, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or a joint and survivor or life annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account. Employees may withdraw their vested interest in the Plan under certain hardship conditions under the section 401(k) of the Internal Revenue Code (IRC) and as defined in the Plan. Such financial hardship withdrawals are subject to approval of the Plan administrator. Distributions are made in a lump sum.

8. Forfeited Accounts

Under the Plan, all participants are fully vested in employer and employee contributions and such amounts cannot be forfeited for any reason.

B. Summary of Significant Accounting Policies

1. Date of Management's Review

Subsequent events were evaluated through October 3, 2014 which is the date the financial statements were available to be issued.

2. Basis of Accounting

The accompanying financial statements of the Plan have been prepared using a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The principal differences between this modified cash basis and accounting principles generally accepted in the United States of America are that contributions are recorded when received by the trustee and distributions and any administrative expenses are recognized when paid.

B. Summary of Significant Accounting Policies, Continued

3. Investment Valuation and Income Recognition

Investments are reported at fair value as determined by quoted market prices. Fair value is the price that would be required to sell an asset in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest and dividend income is recorded when earned. Investment income includes unrealized appreciation or depreciation of the investment funds.

4. Participant Loans

Loans to participants are reported at their unpaid principal balances.

5. Contributions

Contributions are recorded when received by the trustee.

6. Payments of Benefits

Benefits are recorded when paid.

7. Administrative Expenses

Certain administrative expenses are paid by the Plan. Administrative expenses are recorded when paid.

8. Use of Estimates

The preparation of financial statements in conformity with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were only used when Level 1 inputs were not available. There were no Level 3 inputs.

Level 1 Fair Value Measurements
The fair value of investments except for the Principal Accounts are based on quoted market prices.

Level 2 Fair Value Measurements
The fair value of the assets in the Principal Accounts, for which quoted market prices were not available, were primarily valued based on other significant observable inputs (including quoted market prices for similar securities).

C. Fair Value Measurements, Continued

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012.

		Fair Value Measurements at Reporting Date Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)

Total investments at fair value	$7,987,465	$3,346,602	$4,640,863

D. Stable Value Fund

The investment in the Principal Stable Value Fund is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Principal

D. Stable Value Fund, Continued

Stable Value Fund is presented on the face of the Statement of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The average interest rate based on actual earnings and the rate credited to participants' accounts for the year ended December 31, 2013 was 1.4%.

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

F. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 8, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes the Plan is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Financial statements prepared on the modified cash basis of accounting require the plan administrator to evaluate tax positions taken by the Plan and disclose a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

G. Party-In-Interest Transactions

The Plan's trustee is Principal Trust Company which charges a fee for its service. Total fees paid to the trustee out of the Plan for the year ended December 31, 2013 were $8,551. All of the party-in-interest transactions described in this footnote are exempt from the prohibited transaction rules of ERISA.

G. Party-In-Interest Transactions, Continued

The following accounts are managed by Principal Life Insurance Company. Principal Life Insurance Company, is a related party to the trustee, as defined by the Plan; therefore, transactions with these accounts qualify as party-in-interest:

- Principal Stable Value Fund
- Principal International Small Company Separate Account
- Principal Bond & Mortgage Separate Account
- Principal Large Cap Growth I Separate Account
- Principal U.S. Property Separate Account

Net appreciation in fair value of investments:	
Mutual funds/Separate accounts	$ 1,684,184

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the various investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has received certifications from the trustee that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits and Note H as of December 31, 2013 and 2012.
