1. DESCRIPTION OF PLAN

The following brief description of the Fahs Construction Group 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General
The Plan is a qualified defined contribution plan sponsored by Fahs Construction Group, Inc. (the Company) available to all employees of the Company. Generally, employees are eligible to participate in the Plan on the date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Participants are permitted to make tax deferred contributions in the form of salary deductions up to the maximum amount allowed by the Internal Revenue Code. Participants may direct their contributions among sixteen (16) investment options. Participants may change their investment allocation on a daily basis.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of Plan earnings and expenses. Earnings and expenses are allocated to participant accounts based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their elective contributions and actual earnings/losses thereon.

Benefit Payments
Upon termination of service due to death, disability or retirement, participants may elect to receive a distribution of their vested account balance in either a single lump-sum or rollover into another qualified plan.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or one-half of their vested account balance. A participant may only have one note outstanding at anytime. Note terms are generally for a period of one to five years. In the event that the note is for the purpose of purchasing a primary residence, notes are payable for a period up to twenty years. The notes are secured by the participant's account and bear interest at the prime rate at the time of issuance. Principal and interest are paid ratably through weekly payroll deductions. Principal and interest payments on the notes are redeposited into the participants' accounts based on their current investment allocation elections.

Administrative Expenses
A majority of administrative expenses of the Plan for the years ended December 31, 2013 and 2012 were paid by the Plan. Administrative costs paid by the Plan totaled $23,754 and $22,618 for the years ended December 31, 2013 and 2012, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment in the stable value fund, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investments
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Fair Value Measurement - Definition and Hierarchy
The ASC 820 framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)
A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 4.

Notes Receivable from Participants
Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market economic conditions, world affairs and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits
Benefits payments are recorded when paid.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by TD Ameritrade Trust Company, the Custodian of the Plan's assets, as of and for the years ended December 31, 2013 and 2012, respectively, and is included in the accompanying financial statements and schedule:

Mutual funds	337,714	207,120
	$ 339,173	$ 210,091

4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2013:

	Level 1	Level 2	Level 3	Total
Mutual funds - equity	$ 2,305,404	$ -	$ -	$ 2,305,404
Mutual funds - bond	177,463	-	-	177,463
Mutual funds - fixed income	146,376	-	-	146,376
Cash equivalents	12,135	-	-	12,135
Stable value funds	-	136,216	-	136,216
	$ 2,641,378	$ 136,216	$ -	$ 2,777,594

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2012:

	Level 1	Level 2	Level 3	Total
Mutual funds - equity	$ 1,948,969	$ -	$ -	$ 1,948,969
Mutual funds - bond	160,073	-	-	160,073
Mutual funds - fixed income	30,668	-	-	30,668
Stable value funds	-	196,492	-	196,492
	$ 2,139,710	$ 196,492	$ -	$ 2,336,202

4. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds and cash equivalents: Valued at fair value based on quoted market prices in active markets.

Stable value funds: Valued at fair value based on the underlying unit value of the fund's investments held at year end, divided by the number of units outstanding. The unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are primarily based on observable inputs. The account does not have any unfunded commitments. The plan can redeem this investment daily. There are currently no redemption restrictions on this investment. The investment strategy of this account is to provide a low risk, stable investment offering competitive yields and limited volatility.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed and held by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the custodian of the Plan's assets as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Additionally, notes receivable from participants qualify as party-in-interest transactions.

6. TAX STATUS

The Plan is designed from a prototype plan offered by NFP United Advisors, LLC. The Internal Revenue Service has determined and informed NFP United Advisors, LLC, by letter dated October 21, 2005, that the written form of the underlying prototype plan document is acceptable under Section 401 of the Internal Revenue Code (the Code) for use by employers for the benefit of their employees. The Plan has not yet applied for its own determination letter. However, the Plan Administrator and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

As of December 31, 2013 and 2012, the Plan does not have a liability for unrecognized tax benefits. The Plan files the Annual Return/Report of Employee Benefit Plan (Form 5500) in the U.S. federal jurisdiction. The Plan is generally no longer subject to U.S. federal tax examinations for years before 2010.

7. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA and the Plan.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between the financial statements and Form 5500 for 2013 and 2012, certain classifications differ between the financial statements and Form 5500.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 18, 2014, which is the date the financial statements were available to be issued.
