## 1. DESCRIPTION OF THE PLAN

The following description of the Galaxy Theatres, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan adopted on January 1, 2010 covering substantially all employees of Galaxy Theatres, LLC (the "Plan Sponsor" or "Company") who have attained age 21 and completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. In addition, employees of California Pacific Management Corporation are also eligible to participate. California Pacific Management Corporation is responsible for accounting for the Company and is 100% owned by the owners of the Company. Elective deferrals under the Plan commenced on January 1, 2011.

### *Eligibility*

Employees can elect to participate in the Plan on January 1 and the first day of the month occurring in each successive three month period, coincident with or next following satisfaction of the eligibility requirement.

### *Contributions*

Participants may elect to contribute up to the maximum amount of eligible compensation, allowed by the Internal Revenue Code (the "IRC"). The maximum contribution allowed for 2013 was $17,500. Participants over the age 50 can defer an additional amount in excess of the dollar limit in the IRC which was $5,500 for the 2013 Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Company may contribute a matching contribution based on a discretionary matching formula and discretionary profit sharing contributions. For the year ended December 31, 2013, the Plan Sponsor made discretionary profit sharing contributions of $41,220.

**1. DESCRIPTION OF PLAN** (continued)

***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting***

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions are based on years of service according to the following schedule:

| Years of Service | Vested Percentage |
|---|---|
| Less than 2 | 0% |
| 2 but less than 3 | 20% |
| 3 but less than 4 | 40% |
| 4 but less than 5 | 60% |
| 5 but less than 6 | 80% |
| 6 or more | 100% |

***Payment of Benefits***

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan may elect to make a mandatory distribution of account balances that are $5,000 or less. The Plan will make distributions as direct rollover for any amounts greater than $200.

The Plan does not allow hardship withdrawals, in-service distributions, or participant loans.

***Forfeitures***

The unvested portion of a terminated participant's Company's account will be forfeited and used to reduce the employer's discretionary or matching contributions. During the year ended December 31, 2013, no forfeitures were used to offset employer contributions or pay administrative expenses. At December 31, 2013 and 2012, the Plan had no forfeitures.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### *Basis of Accounting*

The financial statements of the Plan are prepared under the accrual method of accounting.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

### *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### *Payment of Benefits*

Benefits are recorded when paid.

### *Administrative Fees and Plan Expenses*

Certain transaction processing fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses. Administrative expenses totaled $253 for the year ended December 31, 2013.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

***Subsequent Events***

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through October 7, 2014 which is the date the financial statements were available to be issued.

## 3. INFORMATION CERTIFIED BY THE PLAN CUSTODIAN (UNAUDITED)

Information regarding the investments at fair value and the net appreciation in fair value of investments, as shown in the accompanying financial statements and supplemental schedule, has been certified by United of Omaha Life Insurance Company, the Custodian, as being complete and accurate.

Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA states, in part, that any statement of information prepared and certified as complete and accurate by the Plan's Custodian need not be audited or reported on by an independent auditor. Pursuant to that regulation, the Plan Administrator has instructed its independent auditor, Squar, Milner, Peterson, Miranda & Williamson, LLP, not to perform any auditing procedures with respect to information certified by the Custodian.

## 4. INVESTMENTS

| | |
|---|---|
| Pooled separate accounts | $ 38,292 |
| Guaranteed account | (23) |
| | $ 38,269 |

## 5. FAIR VALUE MEASUREMENTS

Investments are valued in accordance with Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820 *Fair Value Measurements* which establishes a framework that provides a fair value hierarchy to prioritize the inputs to valuation techniques used to measure fair value. The fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

*Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

*Level 2:* Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3:* Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value measurement.

**5. FAIR VALUE MEASUREMENTS** (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used to measure fair value at December 31, 2013 and 2012.

- Pooled separate accounts are valued at the net asset values ("NAV") of units held by the Plan as reported by the investment manager of the fund. The NAV's are based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV's unit price of the pooled separate accounts is not quoted on any market; however, the unit price is based on the underlying investments which are traded in an active market and are classified as Level 2 investments.
- The guaranteed contract is a fully benefit-responsive insurance contract which is estimated by discounting the cash flows of the guaranteed interest account to year end using a discount rate that represents the year end interest rate that would be credited on accounts of similar duration. This estimate does not represent the principal due under the contract or termination value. As there is no observable market price for these types of contracts, the fair value is calculated by projecting the balances, at the valuation date, forward to maturity dates using the contract guaranteed interest rate net of management fees then discounting this value back using the current new money declared interest rate for each appropriate maturity term. As such, the guaranteed contract is classified as a Level 3 investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## 5. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the ASC 820 fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2013 and 2012:

***Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements***

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

| Instrument | Fair Value | Principal Valuation Technique | Unobservable Inputs | Range of Significant Input Values | Weighted Average |
|---|---|---|---|---|---|
| Guaranteed account | $5,550 | Discounted cash flow | Discount Rate | 0.00% - 2.54% | 0.5628% |

## 6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

At December 31, 2013, the Plan held assets of $5,550 in a fully benefit-responsive investment contract with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

## 6. INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported by Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At December 31, 2013, the fair value approximated the contract value and as such, no adjustment was recorded.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify from exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

| | 2013 |
|---|---|
| **Average yields** | |
| Based on actual earnings | 0.25% |
| Based on interest rate credited to participants | 0.25% |

## 7. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are shares of pooled separate accounts managed by the Custodian. These transactions qualify as party in interest transactions for which a statutory exemption exists.

## 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

## 9. TAX STATUS

The Plan has adopted a prototype 401(k) profit sharing plan ("Prototype Plan") of United Life of Omaha Life Insurance Company and conformed the operations of the Plan to the Prototype Plan. The Prototype Plan obtained its latest determination opinion letter on March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

## 10. PROHIBITED TRANSACTION

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions from its general assets and remit them to the Plan as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages.

During 2013, the Plan Sponsor failed to remit certain participant contributions totaling approximately $10,532 within the period prescribed by the Department of Labor due to administrative errors. The Plan Sponsor determined that the total amount owed to affected participants was approximately $20 for potential lost earnings due to the delay, which the plan Sponsor intends to remit to the Plan.
