FATH MANAGEMENT COMPANY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Fath Management Company Retirement Savings Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General – The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Great-West Trust Company, LLC is the Plan's record keeper and third-party administrator. Orchard Trust Company, LLC is the trustee and custodian for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – All employees of Fath Management Company ("Company") who have completed six months of continuous service, have been credited with a minimum of 500 hours and have attained the age of twenty-one (21) shall become active participants in the Plan as of January 1, April 1, July 1 or October 1 following the completion of the aforementioned eligibility requirements.

Contributions – Each year, participants may contribute up to 50% of pre-tax annual compensation, as defined in the Plan, subject to the maximum compensation allowable by law and to the deferral adjustments necessary to meet the annual discrimination tests as required by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various options offered by the Plan. The Company made a matching contribution to the Plan in 2013 and 2012, which equaled 10% of the participants' pre-tax contributions and was invested according to participants' directions.

Participant Accounts - Individual accounts are maintained for each Plan participant. Income from investments and the change in the market value of the investments are allocated to the participants' accounts daily. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution plus actual earnings thereon is based on years of continuous service. Participants vest in the Company contributions and earnings thereon over a six-year service period based on a graduated scale of 20% each year beginning after a participant's second full year in the Plan.

Administrative Expenses – Participants who elect to make withdrawals from the Plan are assessed a fee at the time of the distribution.

NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2013 AND 2012

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest in the Plan as of the most recent valuation date. The participant is assessed a one-time charge for establishing the note which is amortized over the note's term. The notes are secured by the balance in the participant's account. The note interest rate is set at one percent above the prime rate, which is commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits – Participants may withdraw their contribution and the vested portion of the Company's matching contribution upon hardship, retirement, the attainment of age of 59 and one-half, termination of services, disability or death. In the event of a participant's death, payment will be made to the designated beneficiaries. Upon termination of service, a participant may receive the vested percentage of the account balance in a lump-sum distribution. The full value of each participant's account is payable at age 70½, retirement, or when the participant is fully disabled. Participants leaving the Company prior to any of the aforementioned events can elect to receive their account balance in a lump sum, or let their account balances remain in the Plan until the occurrence of one of the aforementioned events.

Forfeited Accounts – Amounts forfeited during 2013 and 2012 were \$596 and \$3,477, respectively. Forfeitures used to reduce employer contributions totaled \$1,679 in 2013 and \$3,299 in 2012. Amounts available to be used to reduce future employer contributions totaled \$2,662 and \$2,272 at December 31, 2013 and 2012, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements of the Plan are presented on the accrual basis of accounting and conform to accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Risk – The Plan invests in various securities including mutual funds and common/collective trust funds. Investment securities in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2013 AND 2012

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion on fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the origination of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in net appreciation of fair value of investments. The third party administrator fees reflected in the Plan's financial statements pertain to withdrawal charges on requested distributions and maintenance fees charged for maintaining separate participant accounts. The maintenance fees are allocated to participant accounts on a quarterly basis.

Subsequent Events – The Plan has evaluated subsequent events through October 3, 2014, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2013 was obtained by the Plan administrator and certified as complete and accurate by Orchard Trust Company, LLC, trustee, as permitted under such election.

NOTE 4 – TRANSACTIONS WITH RELATED PARTIES

The Company provides the Plan with certain accounting and administrative services for which no fees are charged. The Plan sponsor also pays directly other fees related to the Plan's operations. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment. As noted in Note 2, the Plan paid administrative expenses of \$13,831 for services performed in 2013.

NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2013 AND 2012

NOTE 7 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

FATH MANAGEMENT COMPANY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2013 AND 2012

NOTE 8 - TAX STATUS

The IRS has determined and informed the Company by a letter dated November 19, 2001, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the relevant taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.
