VISTA PROFESSIONAL OUTDOOR LIGHTING
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

A. Description of Plan

The following description of the Vista Professional Outdoor Lighting 401(k) Profit Sharing Plan (the Plan) provides only general information. The Plan was adopted on April 1, 1996 and restated effective January 1, 2010. The Plan sponsor is U.S.T.E., Inc. dba Vista Professional Outdoor Lighting. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-excluded employees of U.S.T.E., Inc. dba Vista Professional Outdoor Lighting (the company) who are at least 21 years of age and have completed one year of service with at least 1,000 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a specific percentage or dollar amount of pretax annual compensation. Total contributions per participant in any calendar year may not exceed the limits of Internal Revenue Code Sections 401(k), 404 and 415, which for the years ended December 31, 2013 and December 31, 2012 were $17,500 and $17,000, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to an additional $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). All participant contributions under the Plan are to be invested in shares of investment companies for which John Hancock Life Insurance Company (U.S.A.) (John Hancock) acts as transfer agent and which are selected by the employer as investment options under the Plan. The Plan allows participants to self-direct their account balance among available investments. As of December 31, 2013 and 2012, all John Hancock funds held for investment in the Plan were self-directed by the participants.

The company has the discretion to match participant contributions each year at a rate of dollar for dollar not to exceed 5% of the participant's salary. The company match amounted to $91,860 for the year ended December 31, 2013. The company may also make a discretionary profit sharing contribution that is determined each year by the Board of Directors of the company. There was no discretionary profit sharing contribution for the year ended December 31, 2013. The company match was invested in the same manner chosen by the participant for his salary deferral.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the company's contributions if any, and Plan investment earnings or losses of the trust fund. Participants will only realize the gain or loss of their individual investment selections. Allocations are based on participant earnings or account balances, as defined.

A. Description of Plan (Concluded)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's matching and profit sharing portions, if any, plus actual earnings thereon is based on years of continuous service. A participant becomes 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum limited to the lesser of $50,000 or $10,000 where it exceeds 50% of their vested account balance. Loan terms range from one to five years. A loan for the purchase of a principal residence may be extended beyond the five-year repayment period but will not go beyond a participant's normal retirement age. The loans are secured by up to 50% of the participant's vested account balance. Each loan bears an interest rate equal to the Prime Rate in effect at the time of the loan plus 1%. The current interest rates range from 5.25% to 6.00%. Principal and interest are paid ratably through payroll deductions on not less than a level amortization basis.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive benefits equal to the value of the participant's account balance. On termination of service due to other reasons, a participant will receive benefits equal to the value of the vested interest in his or her account balance. Payments will be made in one of the following methods:

a. A lump sum payment of entire vested account balance;
b. Partial withdrawals of at least $1,000

Plan Administrative Fees

All routine Plan administrative expenses including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan may be paid out of the trust fund unless paid by the company. For the year ended December 31, 2013, administrative fees paid by the Plan totaled $15,279.

Forfeited Accounts

Amounts forfeited from terminating participants' non-vested portion of their company matching and profit sharing contributions and earnings may be used for several purposes, including but not limited to payment of Plan expenses and to reduce employer contributions. At December 31, 2013 and 2012, forfeitures available totaled $1,057 and zero, respectively.

B. Summary of Accounting Policies

Date of Management's Review

For the year ended December 31, 2013, the Plan has evaluated subsequent events for potential recognition and disclosure through September 30, 2014, the date on which the financial statements were available to be issued. It has been determined that no subsequent events or transactions need to be recognized or disclosed in these financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments, except notes receivable from participants, are reported at fair value. Fair value of the funds is determined based on the underlying investments of the related funds as reported by John Hancock, based on quoted market prices. Such investments are credited with earnings of the underlying investments and charged for Plan withdrawals and administrative expenses incurred.

The nonparticipant-directed assets with Charles Schwab are presented at fair value. Fair value is determined based on quoted market prices.

Notes receivable from participants are valued at the outstanding balance which approximates fair value.

Purchases and sales of these investments are reflected on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded

Payment of Benefits

Benefits are recorded when paid.

B. Summary of Accounting Policies (Concluded)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

C. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	2013	2012
Lifestyle Growth Fund	$ 712,757	$ 545,066
Lifestyle Aggressive Fund	$ 291,310	$ 207,478
Quantitative Value Fund	$ 259,194	**
VS Blue Chip	$ 284,864	**
Money Market Fund	$ 389,312	$ 436,817
* Berkshire Hathaway	$ 512,770	$ 387,953

* Nonparticipant-directed
** Less than 5% of Plan's net assets

During the Plan year, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $936,243 as follows:

Mutual funds	$ 530,194
Common stocks	324,424
Interest	15,898
Gain on sale of assets	65,727
	$ 936,243

D. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of their future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

D. Fair Value Measurements (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lower priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 and Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on net asset values of the shares held by the Plan at year end.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

	Fair Value Measurements at the End of the Reporting Period Using:

F. Information Prepared and Certified by Custodian (Unaudited)

At December 31, 2013 and 2012, certain investments of the Plan were held by the custodian, John Hancock. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2013 and 2012, as reported by the custodian is summarized as follows:

	2013	2012
Investments, at fair value	$ 3,111,006	$ 2,351,323
Net appreciation in fair value of investments	$ 530,194	

G. Plan Termination

Although it has not expressed any intent to do so, the company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

H. Tax Status

The Internal Revenue Service has determined and informed the company, by a letter dated March 31, 2008 that the prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2011.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. Late Participant Contributions

Late remittance of participant contributions, including loans, totaled $258 for the year ended December 31, 2012. Lost earnings were calculated to be $13 and were remitted to the affected participants upon discovery in 2013. All associated required forms have been filed and related excise taxes have been paid.

K. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company (U.S.A.). John Hancock is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to $15,279 for the year ended December 31, 2013.

L. Reconciliation of Form 5500 to Financial Statements
