FrontRoom Furnishings, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2013 and 2012

1. Description of the plan

General

The FrontRoom Furnishings, LLC 401(k) Profit Sharing Plan, (the “Plan”), is a defined contribution plan covering certain employees of FrontRoom Furnishings, LLC (the “Employer”). Employees who are at least 21 years of age and have completed a year of employment with 1,000 or more hours of service are eligible to participate in the Plan as of January 1 and July 1.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

Contributions

Employer's contributions:

The Employer may provide to participants a pro rata profit sharing contribution based on the participants' eligible compensation. The annual compensation of each participant taken into account under the Plan is limited to the maximum amount permitted under Section 401(a)(17) of the Internal Revenue Code (the “Code”). The annual compensation limit for the Plan years ended December 31, 2013 and 2012 was \$255,000 and \$250,000, respectively. The Employer elected not to make a profit sharing contribution for the years ended December 31, 2013 and 2012.

The Employer provides a matching contribution of 50% of the participant's voluntary and catch-up contributions up to 4% of the participant's Plan compensation for such payroll period.

Participant's voluntary contributions:

Participants may elect to make a voluntary tax deferred contribution of 1% to 100% of his or her annual compensation. Deferrals are limited to the maximum permitted under the Code (\$17,500 and \$17,000 for the years ended December 31, 2013 and 2012, respectively).

Participant's catch-up contributions:

Participants who attain age fifty prior to the Plan year-end are eligible to make catch-up contributions in an amount equal to the maximum allowable under the Code of \$5,500 for 2013 and 2012.

Notes to Financial Statements
December 31, 2013 and 2012

Investment options

Both the Employer and participant contributions can be directed in various investment options offered by the Plan solely at the participant's discretion. The Employer periodically reviews and may make changes to the investment choices available in order to ensure the funds offered are meeting the investment objectives and the financial goals of the participants. The Plan's investment options offered as of December 31, 2013 include twenty-nine mutual funds and five actively managed investment portfolios consisting of set percentage mixes of certain of the offered mutual funds.

Participant accounts

Each participant's account is credited with the participant's and Employer contributions, allocated investment earnings, and administrative expenses. The benefit to which a participant is entitled is equal to the vested balance in the participant's account.

Vesting

A participant is fully and immediately vested for voluntary, catch-up, and rollover contributions and is credited with a year of vesting service in the Employer's contributions for each Plan year that they are credited with at least 1,000 hours of service.

A summary of vesting percentages for the Employer's match and profit sharing contributions is as follows:

<u>Years of vested service</u>	<u>Percentage</u>
Less than 2 years	0%
2 years	20
3 years	40
4 years	60
5 years	80
6 years	100

Payment of benefits

The full value of participants' accounts becomes payable upon retirement, disability, or death. Upon termination of employment for any other reason, participants' accounts, to the extent vested, become payable. Those participants with vested account balances greater than \$1,000 have the option of leaving their accounts invested in the Plan until age 65. All benefits are paid as a lump-sum cash distribution. Participants have the option of having benefits paid directly to an eligible retirement plan specified by the participant.

FrontRoom Furnishings, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2013 and 2012

In-service withdrawals

A participant may withdraw their vested account balance after the attainment of age fifty-nine and one-half. A participant may also request a hardship distribution due to an immediate and heavy financial need based on the terms of the Plan.

Participant loans

Participants are permitted to take a loan from their account for an amount between \$1,000 and the lesser of \$50,000 or 50% of the vested balance of their account for a term of not more than five years, except where the proceeds of the loan are used to purchase the principal residence of the participant, in which case the loan may be for no more than fifteen years. All loans become due and payable in full upon a participant's termination of employment with the Employer. The borrowing constitutes a separate earmarked investment of the participant's account. Interest on the borrowing shall be a reasonable rate based on the interest charged on similar loans. Participants are allowed only one outstanding loan.

Amounts allocated to participants withdrawn from the plan

There were no amounts allocated but not paid to participants withdrawn from the Plan as of December 31, 2013 and 2012.

Forfeitures

Forfeitures are used to reduce the Employer's required contributions and if so elected by the Employer, to reduce administrative expenses. No forfeitures were used to reduce contributions for the years ended December 31, 2013 and 2012. Forfeitures of \$2,461 and \$7,113 were used during 2013 and 2012, respectively, to pay for expenses. There were \$520 and \$2,461 in unused forfeitures at December 31, 2013 and 2012, respectively. These unused forfeitures represent unallocated amounts.

Expenses

Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets will be added to the cost of such investments or deducted from the proceeds thereof, as the case may be. Administrative expenses of the Plan will be allocated to participants' accounts, unless the Employer elects to pay any or all of such costs.

2. Summary of accounting policies

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting, including investment valuation and income recognition.

FrontRoom Furnishings, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2013 and 2012

Estimates

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America, which require management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Risks

The plan provides for the various investment options as described in Note 1. Any investment is exposed to various risks, such as interest rate, market, and credit. These risks could result in a material effect on participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Net appreciation in fair value of investments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Investment valuation and income recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis using fair value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principle balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned.

Benefit payments

Benefits are recorded when paid.

Subsequent events

Subsequent events have been evaluated through October 7, 2014, the date the financial statements were available to be issued.

3. Fair value measurement

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include • quoted prices for similar assets and liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
---------	---

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the quoted market price and are classified within level 1 of the valuation hierarchy.

FrontRoom Furnishings LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2013 and 2012

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

5. Tax status

The Plan adopted the Sungard Corbel LLC Volume Submitter Plan with a Cash or Deferred Arrangement (“CODA”), a non-standardized profit sharing plan with CODA, effective January 1, 2012. Prior to that they used the Niles Lankford Group, Inc. Prototype Defined Contribution Plan, a non-standardized prototype plan. The underlying volume submitter and prototype plan have received an opinion letter from the Internal Revenue Service (IRS) both dated March 31, 2008 stating that the form of the plan is qualified under Section 401 of the Code and therefore the related trust is tax-exempt. In accordance with Revenue Procedures 2010-6 and 2005-16, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter and prototype plan opinion letters. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and has indicated that it will take the necessary steps, if any, to bring the Plan’s operations into compliance with the Code (See Note 9).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2010.

6. Plan administration

Three officers and owners of the Employer are trustees of the Plan and received no fee. One of the trustees also administers the Plan.

7. Plan termination

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue their contributions at any time. FrontRoom Furnishings, LLC has the right at any time, by action of its Trustees, to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants’ accounts will become fully vested.

8. Parties-in-interest

KTRADE and Niles Langford Group, Inc., affiliated companies, provided recordkeeping and third party administrative services to the Plan for which they received fees. The Custodian, its subsidiaries, and affiliates maintain and manage certain investments of the Plan for which the investments are charged a fee.

9. Prohibited Transactions

During 2013 and 2012, there were unintentional delays by the Employer in submitting employee contributions and loan repayments. During 2013, the Employer reimbursed the Plan for lost earnings.
