GROWMARK
401(k) Plan
Notes To Financial Statements
(Modified Cash Basis)
December 31, 2013 and 2012

1. Description of the Plan

The following brief description of the GROWMARK 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participants and contributions -

The Plan is a defined contribution plan. The Plan covers all of GROWMARK, Inc.'s (the Employer) domestic employees other than those excluded because of coverage under a collective bargaining agreement. The Plan was adopted effective July 1, 1986.

Prior to January 1, 2012, full-time employees were eligible to participate after 60 days of service and part-time employees were eligible after one year of service (one thousand hours minimum per year).

Since January 1, 2012, full-time employees enter the Plan on the first of the month coincident with or next following their hire date and part-time employees on the first of the month coincident with or next following 60 days after becoming eligible.

Effective October 1, 2012, eligible full-time and part-time employees become participants in the Plan on the first entry date next following their date of hire. Entry date means the first day of the month coincident with or next following the eligible employee’s hire date.

Prior to October 1, 2012 employees were automatically enrolled at 3% on the first day of the month following the date eligibility was met. Effective October 1, 2012, employees are automatically enrolled at 5% on the first day of the month following the date eligibility is met. Also, effective October 1, 2012, participants who are automatically enrolled will have their deferral percentage automatically increased annually by 1% of compensation up to a maximum deferral percentage of 10% of compensation unless those participants request that such automatic increases cease.

The Plan is funded by: (1) salary reduction contributions, on behalf of participants, (2) Employer matching contributions at the rate of 50% of employee contributions, up to a maximum of $1,000 annually per employee, who are employed on the last day of the Plan year, (3) Employer profit sharing contributions (Employee Incentive Program), and (4) supplemental contributions as determined by the GROWMARK Board of Directors, if any. An individual's salary reduction may not exceed 75% of earnings (as defined), determined annually. Beginning October 1, 2012, participants may elect to designate a portion of their contributions as pre-tax and/or a portion as Roth contributions. The maximum allowable annual contribution (excluding catch-up contributions) is $17,500 per employee for 2013 (adjusted for inflation in future years, as provided by Internal Revenue Service (IRS) regulations). The Employer matching contribution to the Plan in 2013 was $1,216,117. There were no profit sharing and supplemental contributions in 2013.

Plan termination -
While the Employer has not expressed any intent to terminate the Plan, it is free to do so at any time, in accordance with the terms of ERISA. In the event the Plan is terminated, participants are entitled to receive the fully vested value of their separate accounts in the manner specified in the Plan.

Description of investments -
The investments of the Plan are held and transactions are executed under the GROWMARK 401(k) Plan and GROWMARK Member Cooperative 401(k) Savings Plan Master Trust (GROWMARK Master Trust) agreement with Fidelity Management Trust Company (Fidelity), who has investment responsibility with respect to the assets and is the Trustee for the Plan. See Note 6.

Participants may elect to invest in 1% increments in one or a combination of the investment funds provided in the Plan.

Participant accounts -
A separate account is maintained for each participant, which includes: (1) salary reduction contributions, (2) Employer matching and supplemental contributions on behalf of the participant, (3) Employer incentive program contributions, and (4) the participant's share of income and gains or losses from investment of participant and Employer contributions.

Net investment income or loss is allocated to each participant's account daily. Participants share only in the income, gains and losses of the investment funds in which their equity is invested.

Administration -
The Plan is administered by a Plan Administrative Committee which is appointed by the Employer and which serves without compensation. The majority of administrative expenses of the Plan are paid by the Employer. Other accounting and administrative duties are performed by the Company, at no charge to the Plan.

Vesting and benefit payments -
Voluntary contributions of participants and investment income earned thereon are fully vested at all times. Employer contributions and investment income earned thereon are also fully vested at all times.

See the accompanying report letter.

Upon termination of the participant's employment (whether by reason of retirement, death, disability, or other reasons), participants, or their beneficiaries, may request full or partial payment of the value of their separate account, as a lump sum payment or in installments. Annual or more frequent installments (over a period as limited by the Plan) may be made if the participant's vested account balance exceeds $1,000.

Notes receivable from participants -
The Plan provides that participants may be granted loans subject to certain terms and dollar limitations. Interest payments on loans are credited to participants' accounts on the participants' behalf, and such accounts do not share in the allocation of income, gains and losses of the investment funds to the extent of the outstanding balances of such loans. Participant loans are secured by the balance in the participants' accounts, bear interest at rates ranging from 4.23% to 5.25%, and are due at various dates through November 2023.

Withdrawals -
A participant may, under certain circumstances and with the approval of the administrator, make a partial withdrawal of his or her account balance while actively employed by the Employer, subject to various limitations specified in the Plan.

2. Significant accounting policies

Basis of accounting –
The financial statements are accounted for on the modified cash basis of accounting.

Investments are stated at fair value, with the corresponding unrealized appreciation/depreciation reflected in the financial statements. All other transactions are recognized when cash is received and distributed.

Fair value measurement policy -
The GROWMARK Master Trust follows Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the GROWMARK Master Trust has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See the accompanying report letter.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology for assets measured at fair value. There have been no changes in the methodology used at December 31, 2013 or 2012.

Mutual Funds – Valued at the net asset value of shares held by the Plan at year end.

Common Collective Investment Funds – Valued at the stated net asset value of shares held in the pooled account at New York Life.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan and the GROWMARK Master Trust believe their valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Income tax status -

The IRS issued a letter of determination dated November 29, 2010, advising that the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code) and therefore the trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to be operated in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal tax returns for tax years 2010 and later remain subject to examination by taxing authorities.

Use of estimates -

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and uncertainties -

The Growmark Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

See the accompanying report letter.

Reclassifications –
Certain 2012 amounts have been reclassified, where appropriate, to conform to the presentation used in the 2013 financial statements.

Subsequent events -
Management has evaluated the impact of recognized material subsequent events through August 11, 2014, which is the date that the financial statements were available to be issued.

3. Notes receivable from participants

The Plan follows accounting guidance which requires that participant loans be classified as notes receivable from participants and measured at unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable are recorded as a distribution based on the terms of the Plan document.

4. Investments

Financial information relating to the investments and earnings thereon is included in the financial statements and is based on information provided by Fidelity, the Trustee of the Plan as detailed in Note 1. This information has not been audited by the Plan's independent auditors. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate as of December 31, 2013 and 2012 and for the year ended December 31, 2013.

6. Investments in the GROWMARK Master Trust

The Plan's investments are held in the GROWMARK Master Trust, which was established in 2012 for the investment of assets of the Plan and the GROWMARK Member Cooperative 401(k) Savings Plan. Each participating retirement plan has an interest in the GROWMARK

Master Trust. The assets of the GROWMARK Master Trust are held by Fidelity.

Included in the Common Collective Fund is a stable value fund that is a pooled account with New York Life. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The New York Anchor Account's objective is to seek to preserve principal and maintain a stable crediting rate that is responsive to changes in interest rates.

At December 31, 2013 and 2012, the Plan's relative share of ownership of the total net assets of the GROWMARK Master Trust was approximately 42% and 44%, respectively. The Plan's relative share of ownership varies in each of the underlying investments of the GROWMARK Master Trust.
