GENERAL GRIND AND MACHINE, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of General Grind and Machine, Inc. Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of General Grind and Machine, Inc. (Company). Employees are required to have one year of service and to have attained age 18 for plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year participants may voluntarily contribute, on a pre-tax basis, a portion of their compensation, up to the annual limits, to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company makes matching contributions of 50% of the first 6% of compensation that a participant contributes to the Plan. The participants allocate their accounts for investment purposes among options offered through Principal Life Insurance Company including mutual funds, risk weighted asset allocation portfolios, and a collective trust fund.

Participant accounts. Each participant's account is credited with (1) the participant's voluntary contributions, (2) the Company's matching and discretionary contributions, if any, (3) Plan earnings and losses, and (4) administrative expenses. Allocation of the Company's discretionary profit sharing contributions, if any, is made in the ratio that each participant's compensation for the plan year bears to the total compensation of all eligible participants for the plan year.

Vesting. Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. Vesting in the Company matching and discretionary contributions, plus actual earnings thereon, are 100% vested after six years of service. Forfeitures of nonvested accounts are used to offset plan expenses.

Payment of benefits. Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payment in installments over a fixed period of time not exceeding the life expectancy of the participant and named beneficiary. Participants receive lump-sum distributions if their vested account balance does not exceed $5,000 at the time of their termination of service. The Plan also allows hardship distributions from that portion of a participant's account that is fully vested.

Notes Receivable from Participants. Participants are permitted to borrow from their account balance up to a maximum of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. The loans are secured by the balance in the participant's account and bear interest at a rate comparable with area commercial lenders.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The General Grind and Machine, Inc. Profit Sharing Plan was established on October 1, 1987. The Plan is sponsored by General Grind and Machine, Inc. The Plan year ends on December 31. Significant accounting policies followed by the Plan are presented below.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Except for the investment contracts, which are valued at contract value, investments are valued at fair value on December 31 as determined by quoted active market prices as determined by Principal Life Insurance Company, custodian of the Plan's assets. Participant loans are valued at cost, which approximates fair value. Net appreciation (depreciation) of investments includes realized gains and losses from sales and unrealized market gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has evaluated subsequent events through October 6, 2014, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Total investments as shown in the accompanying statements of net assets available for benefits are $13,989,908 at December 31, 2013 and $10,597,286 at December 31, 2012.

b. Net investment income as shown in the accompanying statements of changes in net assets available for benefits is $2,703,016 and $1,332,960 for the years ended December 31, 2013 and 2012, respectively.

Individual investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2013	2012
Principal Bond & Mortgage Fund	$ 890,184	$ 993,604
Principal Large Cap Stock Index Fund	934,545	850,430
Principal Life Time 2020 Fund	862,702	655,628
Principal Life Time 2030 Fund	1,178,299	906,912
Principal Life Time 2050 Fund	1,013,081	759,657
Principal Capital Appreciation Fund	982,828	756,425

Principal Diversified International Fund	930,153	732,760
Putnam International Equity Fund	n/a	575,429
T Rowe Price Small Cap Stock Fund	888,247	n/a

NOTE 3 - INVESTMENTS (CONTINUED)

Investment income is comprised of the following for the years ended December 31, 2013 and 2012:

	2013	2012
Interest and dividends	$ 83,402	$ 81,161
Net appreciation in fair value of investments		
Common/collective trust	4,037	5,986
Pooled separate accounts	2,063,220	1,016,970
Mutual funds	552,357	228,843
Net investment income	$ 2,703,016	$ 1,332,960

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Pooled separate accounts: Valued at fair value based on the quoted market value of the underlying investments.

Common/collective trust: Valued at fair value based on the quoted market value of underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Mutual funds				
U.S. equities	$ 1,768,753	$ -	$ -	$ 1,768,753

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Mutual funds				
U.S. equities	$ 1,218,503	$ -	$ -	$ 1,218,503

Total assets at fair value	$ 1,793,932	$ 8,803,354	$ -	$ 10,597,286

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were units of pooled separate accounts, a common/collective trust, and guaranteed interest accounts managed by Principle Life Insurance Company. Principal Life Insurance Company is the asset custodian, as defined by the Plan and, therefore, those transactions qualify as party-in-interest.

NOTE 6 - FORFEITURES

Forfeitures of nonvested accounts are used to offset Plan expenses. Plan expenses of $21,002 and $23,623 during the years ended December 31, 2013 and 2012, respectively, were paid from forfeitures. No forfeited nonvested funds were unused as of December 31, 2013 and 2012.

NOTE 7 - INCOME TAX STATUS

The Plan has adopted a prototype document sponsored by Principal Life Insurance Company. Principal holds a determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype, as then designed, was in compliance with requirements of the Internal Revenue Code. The Plan Administrator is not aware of any actions or events that have occurred that would adversely affect the qualified status of the Plan.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - PLAN TERMINATION

Although it has not expressed an intent to do so, the sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants become fully vested in their account balances.

NOTE 10 - RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Form 5500:
