Independent Auditor's Report

October 8, 2014

To the Participants, Plan Administrator and Trustees of
G.A. Braun, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G.A. Braun, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by ING Life Insurance and Annuity Company and Fidelity Management Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the

plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from May 1, 2013 to December 31, 2013, and that ING Life Insurance and Annuity Company held the Plan's investment assets and executed investment transactions as of December 31, 2012, and for the period January 1, 2012 through April 30, 2013. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of G.A. Braun, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

In May 2013, the Company contracted with Fidelity Management Trust Company to provide investment custodial services and third party administrator services for the Plan. Additionally, effective May 1, 2013, the Company adopted a Fidelity Volume Submitter Plan maintained by Fidelity.

General - The Plan is a qualified defined-contribution plan under Section 401(a) of the Internal Revenue Code, with a Section 401(k) salary deferral provision. The Plan covers all employees of G.A. Braun, Inc. and CNY Fabrication, LLC. Employees are eligible to participate in the salary deferral and employer-matching portion of the Plan on the first day of the quarter, ninety days after their date of hire. The Plan automatically enrolls certain participants for salary deferral under its automatic enrollment feature, unless the participant elects otherwise. Under automatic enrollment, 3% of a participant's gross pay will be contributed to the Plan as pretax contributions, unless the participant chooses to increase or decrease their elective salary deferral contribution percentage. The percentage of elective deferral contributions will increase each year by 1%, until reaching a maximum contribution amount of 6% of gross pay. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants are allowed to make elective 401(k) salary deferrals, including up to 100% of any cash bonus earned, to the Plan. The Plan also contains a provision for Roth 401(k) contributions, which allows a participant to elect that a portion or all of their elective salary deferral contributions be taxed at the time of deferral. Participants who meet certain age requirements are allowed to make catch-up elective deferrals. Participants' deferrals are subject to the maximum amounts allowable under the Internal Revenue Code. Rollover and transfer contributions from other plans are permitted.

The Company is allowed to make discretionary matching contributions to the Plan as a percentage of participants' elective salary deferral contributions as determined by the Board of Directors of the Company.

Participant accounts - Each participant's account is credited with the participant's elective salary deferral contribution plus any company discretionary matching contribution and an allocation of (a) the Company's discretionary contribution, (b) plan earnings, and (c) forfeitures of terminated participants' nonvested amounts. Allocations are based on participants' compensation or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are always 100% vested in their elective salary deferral and rollover contributions. Vesting in the remainder of their account is based on years of continuous service.

A participant in the Plan becomes 100% vested in any company discretionary matching contributions after three years of credited service. Forfeitures of terminated participants' nonvested account balances to be allocated back to the remaining participants at December 31, 2013 and 2012, totaled $3,795 and $2,570, respectively. The Plan applied $1,774 and $5,238 of forfeited amounts to reduce company contributions for the years ended December 31, 2013 and 2012, respectively.

Investment options - Upon enrollment in the Plan, a participant may direct contributions to any of the Plan's selected investment options. Participants may change their investment options daily through online media.

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the vested value of his or her account or annual instalments over a period selected by the participant, which may not exceed the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes receivable from participants - Participants may borrow, from their accounts, a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes bear interest at a rate based on prevailing interest rates charged by financial institutions under similar terms at the date of issuance; however, the rate can be changed at the discretion of the plan administrator. Interest rates range from 4.25% to 7.00%. Principal and interest is paid ratably through monthly payroll deductions. The term of the repayment period cannot exceed five years, except if the loan is used to acquire a residence, then the repayment period may be extended beyond five years. The notes are secured by the vested balance in the participant's account. According to requirements of the participant note program, the plan administrator will treat a note in default if any scheduled payment remains unpaid beyond ninety days.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on their outstanding notes as required under the Plan document. There we no deemed distributions for the year ended December 31, 2013. There were $16,322 of deemed distributions for the year ended December 31, 2012.

Hardship withdrawals - A participant may apply for a hardship withdrawal to assist in the payment of several types of personal hardships, as defined by the Plan agreement. However, a participant must first take any other available distribution and borrow the maximum amount allowed by the Plan agreement. Any hardship distribution is limited to the amount necessary to meet the financial need and must be approved by the plan administrator. Such withdrawals will suspend the participant's right to make elective salary deferrals to the Plan for one year.

Plan termination - Although it has not expressed any intent to do so, the Company has the right, under the Plan agreement, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Furthermore, the Plan holds investment securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations, and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances, as well as the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments are stated at fair market value (see Note 5). All fair market values have been determined by Fidelity Management Trust Company as of December 31, 2013 and ING Life Insurance and Annuity Company as of December 31, 2012, the Custodians of the Plan (see Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Fidelity Investments Managed Income Portfolio Class 1 and the ING Fixed Income Account Fund as of December 31, 2013 and 2012, respectively, are stated according to the Financial Accounting Standards Board's (FASB) authoritative guidance regarding accounting for fully benefit-responsive investment contracts held by certain investment companies. This guidance defines the circumstances in which an investment contract is considered fully benefit-responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined-contribution, health and welfare, and pension plans. As described in the authoritative guidance, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of their plan. As required, the statements of net assets available for benefits presents the fair value of the investment contract, as well as the adjustment of the fully benefit responsive investment contract from fair value to

contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Participant notes receivable - Participant notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed ninety days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balances that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance if and when potentially uncollectible participant notes receivable becomes material.

Economic dependency and concentration of credit risk - Approximately 94% of the Plan's investments are invested with T. Rowe Price at December 31, 2013. Approximately 40%, 25%, and 20% of the Plan's investments are invested with ING, American Funds, and T. Rowe Price, respectively, at December 31, 2012. Accordingly, the Plan is dependent upon the financial condition of these companies.

Administrative costs - Administrative costs, including maintaining participants' accounts, legal costs, and accounting costs, are the obligation of the Plan; however, the plan sponsor may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments are paid directly out of the Plan's assets.

Payment of benefits - Benefits are recorded as paid.

Subsequent events - Management has evaluated subsequent events through October 8, 2014, the date which the financial statements were available for issue.

Note 3 - Tax status of plan

Effective May 1, 2013, the Company adopted a Fidelity Volume Submitter Plan, adoption agreement No. 001 with Fidelity Basic Plan Document No. 14. The Internal Revenue Service has ruled that the standardized prototype plan of Fidelity is acceptable under Section 401(a) of the Internal Revenue Code, and a separate determination letter has not been obtained for the Plan. The management of the Company and plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and/or interest for the years ended December 31, 2013 and 2012. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2010.

Note 4 - Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as of December 31, 2013, and for the period May 1, 2013 through December 31, 2013, Fidelity Management Trust Company, and as of December 31, 2012,

and for the period January 1, 2012 through April 30, 2013, ING Life Insurance and Annuity Company, the Custodians of the Plan, have certified that the following information included in the accompanying financial statements and supplemental schedule as of December 31, 2013, is complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. Individual investments held that are 5% ($487,554 for 2013 and $389,145 for 2012) or more of the Plan's net assets are identified below.

Note 5 - Fair value measurement

The FASB has published authoritative guidance on fair value measurement, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that a plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value.

Common/Collective Trust - Common/collective trusts are made up of investments in various investment contracts and security-backed contracts, as reported in the audited financial statements of the fund. Value is based on the underlying unit value of the individual investment contracts. The estimated fair value of common/collective trust funds is net asset value (NAV). The use of NAV as fair value is deemed appropriate, as the common/collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemption (Level 2).

Registered Investment Companies (i.e. mutual funds) - The investment portfolios consist of mutual funds, which are valued at the closing price reported on the active market on which the individual security is traded (Level 1).

Guaranteed Investment Contract - Valued based upon discounting the related cash flows based on current yields of similar instruments with comparable durations (Level 2).

Pooled Separate Accounts - Pooled separate accounts invest directly in designated mutual funds or, in some cases, collective investment trusts. The separate account owns and holds the underlying mutual fund or collective trust shares, which are valued daily at their net asset value. Plans and participants hold "units of participation" in the separate account. The "accumulation unit value" is the value of each unit in the separate account and is determined based on a combination of the fund's net asset value, the fund's dividends, and the contract's separate account charges (Level 2). There were no unfunded commitments or redemption restrictions on any of these investments.

The preceding methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of:

Note 6 - Common/collective trust

The Plan invests in the Fidelity Investments Managed Income Portfolio Class 1 investment option, which is stated according to the FASB's authoritative guidance regarding accounting for fully benefit responsive investment contracts held by certain investment companies, which states that contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment

contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of their plan.

As required by the guidance, the accompanying statements of net assets available for benefits present the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The accompanying statements of changes in net assets available for benefits are prepared on a contract value basis. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The contract value of the Fidelity Investments Managed Income Portfolio Class 1 was $427,778 as of December 31, 2013.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. If an event occurs that may impair the ability of the contract issuer to perform in accordance with the contract terms, fair value may be less than contract value.

The average yield utilized was approximately 1.54% for the Fidelity Investments Managed Income Portfolio Class 1 investment year ended December 31, 2013.

Note 7 - Investment contract with insurance company

The Plan had maintained one guaranteed investment contract, the ING Fixed Income Account Fund. ING maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract was included in the financial statements at contract value as reported to the Plan by ING. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. ING was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, because the guaranteed investment contract was fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the guaranteed investment contract at December 31, 2012, was $1,465,643. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%, and is reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that it is not probable that any events that would limit the Plan's ability to transact at contract value with its participants will occur.

The average yield utilized was approximately 3.0% based on actual earnings and based on interest rate charged to participants for the ING Fixed Income Account Fund investment year ended December 31, 2012.

Note 8 - Related party transactions

Plan investments were managed by ING for the period January 1, 2012 to April 30, 2013, and Fidelity Management Trust Company from May 1, 2013 through December 31, 2013. These transactions qualify as party-in-interest transactions. Investment fees paid for these services are included in net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits. In addition, Fidelity Management Trust Company provides recordkeeping and third party administrative services. Custodian and administrative fees paid out of plan assets to Fidelity Management Trust Company, the Custodian, ING, the former custodian, and Benefits Consulting Group, LLC, the former third party administrator, totaled $2,021 for the year ended December 31, 2013. All custodian and administrative fees paid to ING, the Custodian, or Benefits Consulting Group, LLC, the third party administrator, for the year ended December 31, 2012, were paid by the plan sponsor.

Note 9 - Excess contributions payable

In 2013, certain highly compensated individuals, as defined by the Plan, made contributions in excess of the amounts permitted when compared to contributions by non-highly compensated employees. The Plan requires these excess contributions to be distributed back to the participants and they are shown as excess contributions payable at December 31, 2013. These corrective distributions were returned to the individuals in 2014, as required to satisfy the relevant nondiscrimination provisions of the Plan. There were no contributions in excess of amounts permitted for the year ended December 31, 2012.

Note 10 - Reconciliation of the financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2013:

Net assets available for benefits per the financial statements	$ 9,751,071
Add - Amount allocated to excess contributions payable	11,374
Net assets available for benefits per Form 5500, Schedule H, Part I, Line 1l	$ 9,762,445

The following is a reconciliation of corrective distributions per the financial statements to Form 5500 for the year ended December 31, 2013:

Corrective distributions per the financial statements	$ 11,374
Less - Unpaid corrective distributions	11,374
Corrective distributions per Form 5500, Schedule H, Part II, Line 2f	$ -

Corrective distributions are recorded in the financial statements in the plan year that the excess contributions are received. Corrective distributions are recorded on the Form 5500 in the plan year they are paid.
