## NOTE 1 - Description of Plan

The following description of the Sugar Foods Corporation (the "Company") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General*

The Plan is a defined contribution plan established effective January 1, 1990, amended and restated in its entirety effective July 1, 1993. Pursuant to an amendment effective December 31, 2010, the Company auto-enrolls all non-union employees the first day of the month following 90 days of continuous employment and attaining the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

*Contributions*

Participants may contribute up to 60% of their annual compensation, subject to certain limitations imposed by the Internal Revenue Code, as set forth in the Plan. Participants may also contribute amounts representing rollovers from other qualified plans. The Company will make a matching contribution in an amount equal to $1.00 for each $1.00 contributed by an employee, up to a maximum of 4% of the participant's compensation.

*Participant Accounts*

Each participant's account is credited with the participant's contribution, the Company's matching contribution and Plan earnings, and charged with an allocation of administrative expenses. Administrative expenses are allocated based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

*Vesting*

Participants are immediately vested in their voluntary contributions, employer contributions, and actual earnings thereon.

*Payment of Benefits*

Upon termination of service, participants may elect to roll over their vested balance into another qualified plan, receive a lump-sum amount equal to the value of his or her account or a distribution in the form of an annuity, or a combination of the above. All distributions are subject to the applicable provisions of the Plan agreement.

*Plan Administration Expenses*

Certain expenses associated with the administration of the Plan are paid for by the Company.

## NOTE 2 - Summary of Significant Accounting Policies

*Basis of Accounting*

The financial statements of the Plan are prepared under the accrual basis of accounting.

*Investment Valuation and Income Recognition*

Assets of the Plan are reflected in the accompanying statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments sold, as well as held during the year.

*Benefits*

Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ from those estimates.

*Subsequent Events*

The Plan has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued.

## NOTE 3 - Certified Financial Information

The Plan's investment assets at December 31, 2013 and 2012 are held by Fidelity Management Trust Company, the trustee of the Plan. Investments at December 31, 2013 and 2012, totaling $43,443,420 and $33,990,110, respectively, were certified by Fidelity Management Trust Company as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Net investment income for the year ended December 31, 2013 was also certified by Fidelity Management Trust Company.

## NOTE 4 - Investments

* Did not meet the 5% criteria at the respective financial statement date.

## NOTE 5 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *"Fair Value Measurements"*, establishes a framework for measuring fair value for the Plan's financial assets and liabilities that are re-measured and reported at fair value at each reporting period, and non-financial assets and liabilities that are re-measured and reported at fair value at least annually. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to the unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**NOTE 5 - Fair Value Measurements** (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

***Mutual funds*** - Valued at the net asset value ("NAV") of shares held by the Plan at year end, which are based on the fair market value of the underlying securities or investments in the funds.

***Collective investment funds*** - Valued at the asset value per unit as determined by the collective trust as of the valuation date, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

| | 2013 | | |
|---|---|---|---|
| | Level 1 | Level 2 | Total |

| Total | $ 31,466,671 | $ 2,597,780 | $ 34,064,451 |

## NOTE 6 - Investment Contract

As described in FASB ASC Topic 962-325-50-3 (formerly staff position AAG INV-1 and SOP No. 94-4-1), relating to "*Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*" (the "FSP"), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of a collective investment fund attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the statements of net assets available for benefits present the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The Plan maintains an investment position in the Fidelity Managed Income Portfolio (the "Managed Income Portfolio"). The Managed Income Portfolio's net assets include fully benefit-responsive investment contracts that are accounted for on their contract value basis. Accordingly, the Plan accounts for its investment position in the Managed Income Portfolio using the contract value. The Plan's investment in the Managed Income Portfolio at contract value was less than its fair value by approximately $36,000 and $74,000 at December 31, 2013 and 2012, respectively.

## NOTE 7 - Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to/from the investment fund from/to the notes receivable from the participant's funds. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with market rates for similar loans, as defined. During the year ended December 31, 2013, interest rates range from 4.25% to 8.75%. Principal and interest are paid ratably through payroll deductions.

## NOTE 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## NOTE 9 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to approximately $22,000 for the year ended December 31, 2013.

## NOTE 10 - Tax Status

The Plan adopted a Fidelity Management Trust Company prototype plan which has received an opinion letter from the Internal Revenue Service dated December 5, 2001, which indicated that the prototype plan document was in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan's administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The prototype plan received a new opinion letter from the Internal Revenue Service dated March 31, 2008.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

## NOTE 11 - Risks and Uncertainties

The Plan's investments are concentrated in funds that invest in marketable equity securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain equity securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

## NOTE 12 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2013 and 2012:
