Independent Auditor's Report

To the Trustees and Plan Administrator of the Trafigura AG 401(k) Savings Plan and Participants:

We were engaged to audit the accompanying financial statements of the Trafigura AG 401(k) Savings Plan which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Trafigura AG 401(k) Savings Plan
December 31, 2013 and 2012

Note A – Description of the plan

The following brief description of the Trafigura AG 401(k) Savings Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Trafigura AG (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 401(k) that provides retirement savings benefits to eligible employees of the Company through tax deferred voluntary contributions by employees and safe harbor matching and discretionary matching and nonelective contributions by the Company. The Plan, which commenced January 1, 1996 and was amended and restated effective February 15, 2013, covers substantially all employees of the Company. Participation in the Plan is voluntary. Employees are eligible to participate in the Plan after the completion of one (1) month of service and after the attainment of the age of twenty-one (21). An employee's entry date is immediate upon satisfying eligibility requirements. Excluded from the class of eligible employees are leased employees and certain union, foreign and part-time/temporary/seasonal employees. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTC") is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) safe harbor matching and discretionary matching and nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to contribute, on a pre-tax basis, up to 92% (not including Catch-up Contributions) of their eligible annual compensation, as defined by the Plan, not to exceed the maximum amount allowed under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Eligible participants are automatically enrolled in the Plan at 3% of their eligible compensation for each pay period unless a contrary election is made. The Plan will automatically increase elective contributions by 1% on a date determined by the Plan Administrator each plan year until the deferral rate reaches the plan-specified maximum of 6%.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

The Plan also provides for a special deferral election that applies only to bonuses and does not affect the existing elections for all other Plan compensation.

Employer contributions

The Plan is a safe harbor plan providing matching contributions under a basic matching contribution formula. During 2013, the Company matched 100% of the first 1% of each employee's eligible compensation plus 50% of the next 5% of eligible compensation contributed to the Plan as deferral contributions. The Company safe harbor match is 100% vested after two years of service and invested in the same manner as the participant has directed for their contributions.

Additionally, each Plan year, the Company may make discretionary matching and discretionary nonelective contributions in amounts determined by the Company. Discretionary matching contributions are computed based on eligible compensation contribution to the Plan each Plan year and limited to 4% of eligible compensation contributed to the Plan. Discretionary nonelective contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. Eligible participants who are employed on the last day of the Plan year and have received credit for at least 1,000 hours of service during the plan year share in any discretionary nonelective contributions. There were no discretionary matching or discretionary nonelective contributions made during the years ended December 31, 2013 and 2012, respectively.

Investment Options

Participants elect to have their contributions allocated among various investment options offered by the Plan. Investment options consist of shares of registered investment companies (mutual funds) sponsored by Fidelity Management Trust Company ("FMTC"). Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are fully vested in their employee contributions including rollovers plus actual earnings (losses) thereon. Vesting in the Company safe harbor matching and discretionary matching and nonelective contributions and earnings thereon is based on years of service. Additionally, a participant will become fully vested in the Company's contributions account upon reaching normal or early retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company matching and discretionary contributions is determined as follows:

Years of Service:	Percentage
Less than 2	0%
2	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses. Any remaining forfeitures will be used to reduce future employer contributions to the Plan. Forfeited non-vested accounts amounted to $13,226 and $79,936 at December 31, 2013 and 2012, respectively. During 2013, the Company applied $89,987 from the forfeiture balance to reduce employer contributions and $6,667 to pay administrative expenses and $0 in 2012.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less, for proven financial hardship purposes. No more than one (1) loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% which is consistent with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years, unless the loan is used to purchase a primary residence, for which loan terms may range up to ten (10) years.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a lump-sum cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct the Custodian that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their elective deferral account while still employed by the Company. Hardship distributions are not permitted.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled $7,305 and $464 for the years ended December 31, 2013 and 2012, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Recent Accounting Pronouncements

In April 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2013-07, "*Presentation of Financial Statements (Topic 205): Liquidation Basis of Accounting*" ("ASU 2013-07"). ASU 2013-07 will require an entity to use the liquidation basis of accounting if liquidation is imminent. Liquidation will be considered "imminent" when (1) a liquidation plan has been approved by those with the authority to do so and the chance of the plan being blocked by other parties is remote or (2) a liquidation plan is imposed by other forces (e.g., involuntary bankruptcy). ASU 2013-07 is effective prospectively for interim or annual periods beginning on or after December 15, 2013. Plan management does not expect this guidance to have an impact on the Plan's financial statements.

In October 2012, the Financial Accounting Standards Board ("FASB") issued ASU No. 2012-04, *"Technical Corrections and Improvements*" ("ASU 2012"), which contains amendments that affect a number of topics, including technical corrections and improvements to the Accounting Standards Codification ("ASC") and conforming amendments related to fair value measurements, which include clarifying the treatment of selling costs for plan investments in determining fair value of plan assets subject to ASC Topic 962, "*Plan Accounting - Defined Contribution Pension Plans*." These amendments are effective for periods beginning after December 15, 2013. The adoption of this ASU did not impact the Plan's financial statements.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, *"Fair Value Measurements and Disclosures"*. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2013, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options in registered investment companies (mutual funds). Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

At December 31, 2013 and 2012, the Plan's investments were held by Fidelity Management Trust Company ("FMTC"), ("the Custodian"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets, as reported by the Custodian is summarized as follows:

	12/31/2013	12/31/2012

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

		12/31/2013
Balanced/asset allocation funds	$	111,800
Large-cap funds		519,803
Mid-cap funds		240,385
Small-cap funds		52,250

Target date retirement funds		327,176
Bond funds		(25,100)
	$	**1,340,337**

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the plan at year end. (Market approach)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013

Note E – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds) and a money market fund issued and managed by Fidelity Management Trust Company ("FMTC"). FMTC has been designated as the custodian as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by FMTC qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note G - Tax status

The underlying volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2012-6 and 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note H - Reconciliation of Plan financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the assets reported on Schedule H of the Form 5500 as of December 31, 2013 and 2012:

	12/31/2013	12/31/2012
Net assets available for benefits per the financial statements	$ 12,316,869	$ 8,221,036
Employer contributions receivable	(206,225)	(70,519)
Participant contributions receivable	(1,939)	(1,939)
Excess contributions due to participants	933	933
Net assets available for benefits per Schedule H of Form 5500	**$ 12,109,638**	**$ 8,149,511**

The following is a reconciliation of the net change in net assets available for benefits as reported in the financial statements to the net change as reported on Schedule H of the Form 5500 as of December 31, 2013 and 2012:

	12/31/2013	12/31/2012
Net increase in net assets per the financial statements	$ 4,095,831	$ 2,038,671
Less: Employee contributions receivable at December 31, 2013	(135,704)	(70,519)
Less: Participant contributions receivable in 2012	-	(1,939)
Add: Excess contributions due to participants in 2012	-	933
Add: Employee contributions receivable in 2011	-	52,189
Less: Excess contributions due to participants in 2011	-	(9,206)
Net increase in net assets per Schedule H of Form 5500	**$ 3,960,127**	**$ 2,010,129**

Note I – Nonexempt Transactions

Department of Labor ("DOL") Regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. The Plan sponsor demonstrated that the funds withheld from employees could be reasonably segregated and remitted to the Plan within one (1) day during the 2013 plan year. Any remittance to the plan greater than one (1) day is considered a prohibited transaction and in violation of the provisions of ERISA and the Internal Revenue Code.

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's ("DOL") Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2013 Plan year. Late remittances amount to $655,034. The Company is currently in process of making appropriate filings in accordance with the DOL's Voluntary Fiduciary Corrective Program and estimating the amount of corrective payments due to the plan and believes the amount will be immaterial. Costs incurred for penalties and interest will be borne by the sponsor of the Plan.

The Plan Sponsor believes that with the completion of these corrections, the Plan will continue to be in compliance with applicable requirements of the Code.

Note J – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of October 8, 2014, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.

Independent Auditor's Report

To the Trustees and Plan Administrator of the Trafigura AG 401(k) Savings Plan and Participants:

We were engaged to audit the accompanying financial statements of the Trafigura AG 401(k) Savings Plan which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements
Trafigura AG 401(k) Savings Plan
December 31, 2013 and 2012

Note A – Description of the plan

The following brief description of the Trafigura AG 401(k) Savings Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Trafigura AG (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 401(k) that provides retirement savings benefits to eligible employees of the Company through tax deferred voluntary contributions by employees and safe harbor matching and discretionary matching and nonelective contributions by the Company. The Plan, which commenced January 1, 1996 and was amended and restated effective February 15, 2013, covers substantially all employees of the Company. Participation in the Plan is voluntary. Employees are eligible to participate in the Plan after the completion of one (1) month of service and after the attainment of the age of twenty-one (21). An employee's entry date is immediate upon satisfying eligibility requirements. Excluded from the class of eligible employees are leased employees and certain union, foreign and part-time/temporary/seasonal employees. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTC") is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) safe harbor matching and discretionary matching and nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to contribute, on a pre-tax basis, up to 92% (not including Catch-up Contributions) of their eligible annual compensation, as defined by the Plan, not to exceed the maximum amount allowed under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Eligible participants are automatically enrolled in the Plan at 3% of their eligible compensation for each pay period unless a contrary election is made. The Plan will automatically increase elective contributions by 1% on a date determined by the Plan Administrator each plan year until the deferral rate reaches the plan-specified maximum of 6%.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

The Plan also provides for a special deferral election that applies only to bonuses and does not affect the existing elections for all other Plan compensation.

Employer contributions

The Plan is a safe harbor plan providing matching contributions under a basic matching contribution formula. During 2013, the Company matched 100% of the first 1% of each employee's eligible compensation plus 50% of the next 5% of eligible compensation contributed to the Plan as deferral contributions. The Company safe harbor match is 100% vested after two years of service and invested in the same manner as the participant has directed for their contributions.

Additionally, each Plan year, the Company may make discretionary matching and discretionary nonelective contributions in amounts determined by the Company. Discretionary matching contributions are computed based on eligible compensation contribution to the Plan each Plan year and limited to 4% of eligible compensation contributed to the Plan. Discretionary nonelective contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. Eligible participants who are employed on the last day of the Plan year and have received credit for at least 1,000 hours of service during the plan year share in any discretionary nonelective contributions. There were no discretionary matching or discretionary nonelective contributions made during the years ended December 31, 2013 and 2012, respectively.

Investment Options

Participants elect to have their contributions allocated among various investment options offered by the Plan. Investment options consist of shares of registered investment companies (mutual funds) sponsored by Fidelity Management Trust Company ("FMTC"). Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are fully vested in their employee contributions including rollovers plus actual earnings (losses) thereon. Vesting in the Company safe harbor matching and discretionary matching and nonelective contributions and earnings thereon is based on years of service. Additionally, a participant will become fully vested in the Company's contributions account upon reaching normal or early retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company matching and discretionary contributions is determined as follows:

Years of Service:	Percentage
Less than 2	0%
2	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses. Any remaining forfeitures will be used to reduce future employer contributions to the Plan. Forfeited non-vested accounts amounted to $13,226 and $79,936 at December 31, 2013 and 2012, respectively. During 2013, the Company applied $89,987 from the forfeiture balance to reduce employer contributions and $6,667 to pay administrative expenses and $0 in 2012.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less, for proven financial hardship purposes. No more than one (1) loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% which is consistent with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years, unless the loan is used to purchase a primary residence, for which loan terms may range up to ten (10) years.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a lump-sum cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct the Custodian that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their elective deferral account while still employed by the Company. Hardship distributions are not permitted.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled $7,305 and $464 for the years ended December 31, 2013 and 2012, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Recent Accounting Pronouncements

In April 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2013-07, "*Presentation of Financial Statements (Topic 205): Liquidation Basis of Accounting*" ("ASU 2013-07"). ASU 2013-07 will require an entity to use the liquidation basis of accounting if liquidation is imminent. Liquidation will be considered "imminent" when (1) a liquidation plan has been approved by those with the authority to do so and the chance of the plan being blocked by other parties is remote or (2) a liquidation plan is imposed by other forces (e.g., involuntary bankruptcy). ASU 2013-07 is effective prospectively for interim or annual periods beginning on or after December 15, 2013. Plan management does not expect this guidance to have an impact on the Plan's financial statements.

In October 2012, the Financial Accounting Standards Board ("FASB") issued ASU No. 2012-04, *"Technical Corrections and Improvements*" ("ASU 2012"), which contains amendments that affect a number of topics, including technical corrections and improvements to the Accounting Standards Codification ("ASC") and conforming amendments related to fair value measurements, which include clarifying the treatment of selling costs for plan investments in determining fair value of plan assets subject to ASC Topic 962, "*Plan Accounting - Defined Contribution Pension Plans*." These amendments are effective for periods beginning after December 15, 2013. The adoption of this ASU did not impact the Plan's financial statements.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, *"Fair Value Measurements and Disclosures"*. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2013, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options in registered investment companies (mutual funds). Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

At December 31, 2013 and 2012, the Plan's investments were held by Fidelity Management Trust Company ("FMTC"), ("the Custodian"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets, as reported by the Custodian is summarized as follows:

	12/31/2013	12/31/2012

** Represents less than five percent (5%) of the Plan's net assets as of December 31.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

		12/31/2013
Balanced/asset allocation funds	$	111,800
Large-cap funds		519,803
Mid-cap funds		240,385
Small-cap funds		52,250

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the plan at year end. (Market approach)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013

Note E – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds) and a money market fund issued and managed by Fidelity Management Trust Company ("FMTC"). FMTC has been designated as the custodian as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by FMTC qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note G - Tax status

The underlying volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2012-6 and 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note H - Reconciliation of Plan financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the assets reported on Schedule H of the Form 5500 as of December 31, 2013 and 2012:

	12/31/2013	12/31/2012
Net assets available for benefits per the financial statements	$ 12,316,869	$ 8,221,036
Employer contributions receivable	(206,225)	(70,519)
Participant contributions receivable	(1,939)	(1,939)
Excess contributions due to participants	933	933
Net assets available for benefits per Schedule H of Form 5500	**$ 12,109,638**	**$ 8,149,511**

The following is a reconciliation of the net change in net assets available for benefits as reported in the financial statements to the net change as reported on Schedule H of the Form 5500 as of December 31, 2013 and 2012:

	12/31/2013	12/31/2012
Net increase in net assets per the financial statements	$ 4,095,831	$ 2,038,671
Less: Employee contributions receivable at December 31, 2013	(135,704)	(70,519)
Less: Participant contributions receivable in 2012	-	(1,939)
Add: Excess contributions due to participants in 2012	-	933
Add: Employee contributions receivable in 2011	-	52,189
Less: Excess contributions due to participants in 2011	-	(9,206)
Net increase in net assets per Schedule H of Form 5500	**$ 3,960,127**	**$ 2,010,129**

Note I – Nonexempt Transactions

Department of Labor ("DOL") Regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. The Plan sponsor demonstrated that the funds withheld from employees could be reasonably segregated and remitted to the Plan within one (1) day during the 2013 plan year. Any remittance to the plan greater than one (1) day is considered a prohibited transaction and in violation of the provisions of ERISA and the Internal Revenue Code.

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's ("DOL") Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2013 Plan year. Late remittances amount to $655,034. The Company is currently in process of making appropriate filings in accordance with the DOL's Voluntary Fiduciary Corrective Program and estimating the amount of corrective payments due to the plan and believes the amount will be immaterial. Costs incurred for penalties and interest will be borne by the sponsor of the Plan.

The Plan Sponsor believes that with the completion of these corrections, the Plan will continue to be in compliance with applicable requirements of the Code.

Note J – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of October 8, 2014, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.

Independent Auditor's Report

To the Trustees and Plan Administrator of the Trafigura AG 401(k) Savings Plan and Participants:

We were engaged to audit the accompanying financial statements of the Trafigura AG 401(k) Savings Plan which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements
Trafigura AG 401(k) Savings Plan
December 31, 2013 and 2012

Note A – Description of the plan

The following brief description of the Trafigura AG 401(k) Savings Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Trafigura AG (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 401(k) that provides retirement savings benefits to eligible employees of the Company through tax deferred voluntary contributions by employees and safe harbor matching and discretionary matching and nonelective contributions by the Company. The Plan, which commenced January 1, 1996 and was amended and restated effective February 15, 2013, covers substantially all employees of the Company. Participation in the Plan is voluntary. Employees are eligible to participate in the Plan after the completion of one (1) month of service and after the attainment of the age of twenty-one (21). An employee's entry date is immediate upon satisfying eligibility requirements. Excluded from the class of eligible employees are leased employees and certain union, foreign and part-time/temporary/seasonal employees. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTC") is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) safe harbor matching and discretionary matching and nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to contribute, on a pre-tax basis, up to 92% (not including Catch-up Contributions) of their eligible annual compensation, as defined by the Plan, not to exceed the maximum amount allowed under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Eligible participants are automatically enrolled in the Plan at 3% of their eligible compensation for each pay period unless a contrary election is made. The Plan will automatically increase elective contributions by 1% on a date determined by the Plan Administrator each plan year until the deferral rate reaches the plan-specified maximum of 6%.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

The Plan also provides for a special deferral election that applies only to bonuses and does not affect the existing elections for all other Plan compensation.

Employer contributions

The Plan is a safe harbor plan providing matching contributions under a basic matching contribution formula. During 2013, the Company matched 100% of the first 1% of each employee's eligible compensation plus 50% of the next 5% of eligible compensation contributed to the Plan as deferral contributions. The Company safe harbor match is 100% vested after two years of service and invested in the same manner as the participant has directed for their contributions.

Additionally, each Plan year, the Company may make discretionary matching and discretionary nonelective contributions in amounts determined by the Company. Discretionary matching contributions are computed based on eligible compensation contribution to the Plan each Plan year and limited to 4% of eligible compensation contributed to the Plan. Discretionary nonelective contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. Eligible participants who are employed on the last day of the Plan year and have received credit for at least 1,000 hours of service during the plan year share in any discretionary nonelective contributions. There were no discretionary matching or discretionary nonelective contributions made during the years ended December 31, 2013 and 2012, respectively.

Investment Options

Participants elect to have their contributions allocated among various investment options offered by the Plan. Investment options consist of shares of registered investment companies (mutual funds) sponsored by Fidelity Management Trust Company ("FMTC"). Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are fully vested in their employee contributions including rollovers plus actual earnings (losses) thereon. Vesting in the Company safe harbor matching and discretionary matching and nonelective contributions and earnings thereon is based on years of service. Additionally, a participant will become fully vested in the Company's contributions account upon reaching normal or early retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company matching and discretionary contributions is determined as follows:

Years of Service:	Percentage
Less than 2	0%
2	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses. Any remaining forfeitures will be used to reduce future employer contributions to the Plan. Forfeited non-vested accounts amounted to $13,226 and $79,936 at December 31, 2013 and 2012, respectively. During 2013, the Company applied $89,987 from the forfeiture balance to reduce employer contributions and $6,667 to pay administrative expenses and $0 in 2012.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less, for proven financial hardship purposes. No more than one (1) loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% which is consistent with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years, unless the loan is used to purchase a primary residence, for which loan terms may range up to ten (10) years.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a lump-sum cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct the Custodian that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their elective deferral account while still employed by the Company. Hardship distributions are not permitted.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled $7,305 and $464 for the years ended December 31, 2013 and 2012, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Recent Accounting Pronouncements

In April 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2013-07, "*Presentation of Financial Statements (Topic 205): Liquidation Basis of Accounting*" ("ASU 2013-07"). ASU 2013-07 will require an entity to use the liquidation basis of accounting if liquidation is imminent. Liquidation will be considered "imminent" when (1) a liquidation plan has been approved by those with the authority to do so and the chance of the plan being blocked by other parties is remote or (2) a liquidation plan is imposed by other forces (e.g., involuntary bankruptcy). ASU 2013-07 is effective prospectively for interim or annual periods beginning on or after December 15, 2013. Plan management does not expect this guidance to have an impact on the Plan's financial statements.

In October 2012, the Financial Accounting Standards Board ("FASB") issued ASU No. 2012-04, *"Technical Corrections and Improvements*" ("ASU 2012"), which contains amendments that affect a number of topics, including technical corrections and improvements to the Accounting Standards Codification ("ASC") and conforming amendments related to fair value measurements, which include clarifying the treatment of selling costs for plan investments in determining fair value of plan assets subject to ASC Topic 962, "*Plan Accounting - Defined Contribution Pension Plans*." These amendments are effective for periods beginning after December 15, 2013. The adoption of this ASU did not impact the Plan's financial statements.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, *"Fair Value Measurements and Disclosures"*. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2013, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options in registered investment companies (mutual funds). Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

At December 31, 2013 and 2012, the Plan's investments were held by Fidelity Management Trust Company ("FMTC"), ("the Custodian"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets, as reported by the Custodian is summarized as follows:

	12/31/2013	12/31/2012

** Represents less than five percent (5%) of the Plan's net assets as of December 31.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

		12/31/2013
Balanced/asset allocation funds	$	111,800
Large-cap funds		519,803
Mid-cap funds		240,385
Small-cap funds		52,250
International funds		114,023
Target date retirement funds		327,176
Bond funds		(25,100)
	$	**1,340,337**

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the plan at year end. (Market approach)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013

Note E – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds) and a money market fund issued and managed by Fidelity Management Trust Company ("FMTC"). FMTC has been designated as the custodian as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by FMTC qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note G - Tax status

The underlying volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2012-6 and 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note H - Reconciliation of Plan financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the assets reported on Schedule H of the Form 5500 as of December 31, 2013 and 2012:

	12/31/2013	12/31/2012
Net assets available for benefits per the financial statements	$ 12,316,869	$ 8,221,036
Employer contributions receivable	(206,225)	(70,519)
Participant contributions receivable	(1,939)	(1,939)
Excess contributions due to participants	933	933
Net assets available for benefits per Schedule H of Form 5500	**$ 12,109,638**	**$ 8,149,511**

The following is a reconciliation of the net change in net assets available for benefits as reported in the financial statements to the net change as reported on Schedule H of the Form 5500 as of December 31, 2013 and 2012:

	12/31/2013	12/31/2012
Net increase in net assets per the financial statements	$ 4,095,831	$ 2,038,671
Less: Employee contributions receivable at December 31, 2013	(135,704)	(70,519)
Less: Participant contributions receivable in 2012	-	(1,939)
Add: Excess contributions due to participants in 2012	-	933
Add: Employee contributions receivable in 2011	-	52,189
Less: Excess contributions due to participants in 2011	-	(9,206)
Net increase in net assets per Schedule H of Form 5500	**$ 3,960,127**	**$ 2,010,129**

Note I – Nonexempt Transactions

Department of Labor ("DOL") Regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. The Plan sponsor demonstrated that the funds withheld from employees could be reasonably segregated and remitted to the Plan within one (1) day during the 2013 plan year. Any remittance to the plan greater than one (1) day is considered a prohibited transaction and in violation of the provisions of ERISA and the Internal Revenue Code.

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's ("DOL") Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2013 Plan year. Late remittances amount to $655,034. The Company is currently in process of making appropriate filings in accordance with the DOL's Voluntary Fiduciary Corrective Program and estimating the amount of corrective payments due to the plan and believes the amount will be immaterial. Costs incurred for penalties and interest will be borne by the sponsor of the Plan.

The Plan Sponsor believes that with the completion of these corrections, the Plan will continue to be in compliance with applicable requirements of the Code.

Note J – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of October 8, 2014, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.
