NORTHSTAR ANESTHESIA, P.A. 401(k) PROFIT SHARING PLAN
Notes to Financial Statements

1 - Description of Plan

The following description of the NorthStar Anesthesia, P.A. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution 401(k) plan covering all eligible employees of NorthStar Anesthesia, P.A. (the "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is intended to be a qualified retirement plan under the Internal Revenue Code.

B. Contributions - Participants may voluntarily contribute to the Plan up to an annual maximum of 100% of eligible compensation, pursuant to a salary reduction arrangement. Total participant contributions in any calendar year are restricted to the applicable limit under Internal Revenue Code Section 402(g). The applicable limit for the plan year ended December 31, 2013 is \$17,500 with an additional \$5,500 catch-up provision for participants age fifty or older. The Sponsor may make matching contributions equal to a discretionary percentage, as determined by the Sponsor, of pretax employee contributions. The participants direct the investment of the employee deferral and the Sponsor matching contribution to the various investment options offered by the Plan.

C. Expenses of Administering the Plan - Administrative expenses recorded on the financial statements represent expenses that were absorbed by participants related to the administration of the Plan. The Plan had administration expenses of \$61,755 for the year ended December 31, 2013.

D. Participants' Accounts - Each participant's account is credited with the participant's contributions, the Sponsor's discretionary matching contributions, and an allocation of Plan gains and losses. Allocations for Plan gains and losses are based upon the ratio of each participant's account to the total participants' accounts. The benefit to which a participant is entitled is the vested amount in the participant's account.

E. Eligibility and Vesting - Employees become eligible to participate in the Plan and receive matching contributions once they have been employed by the Sponsor.

Participants' contributions plus actual earnings thereon are 100% vested at all times. Vesting of Sponsor contributions plus earnings thereon is based upon three full years of credited service allowing for various severance periods as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	50%
3	100%

A participant is 100% vested upon termination by reason of retirement, death, or disability. Upon termination, any amount in which the participant is not vested shall be forfeited.

F. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 and a maximum of 50% of their non-forfeitable account balance not to exceed \$50,000. The loans bear interest at variable rates and are secured by the balance in the participant's account. Principal and interest payments are redeposited in the participants' accounts based on their current allocation elections within the Plan. Participants may have no more than two loans outstanding at any one time.

G. Payment of Benefits - Upon termination of service or retirement, participants entitled to payment under the Plan will have the option to receive a lump sum distribution equal to their vested account balance or rollover their distribution to an IRA or other qualified retirement plan, not exceeding the participant's life expectancy or the joint life expectancy of the participant and his or her designated beneficiary.

NORTHSTAR ANESTHESIA, P.A. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

1 - Description of Plan (continued)

H. Forfeited Accounts - The amounts forfeited by participants who terminate employment prior to becoming fully vested are used to reduce Sponsor contributions or pay plan expenses. Non-vested accounts in the amount of \$175,427 were forfeited during the year ending December 31, 2013. Out of the total amount of forfeitures, \$203,783 was used to reduce sponsor contributions. As of December 31, 2013, the forfeiture account balance was \$77,493.

2 - Summary of Significant Accounting Policies

A. Basis of Presentation - The accompanying financial statements were prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned, and expenses are recognized when the obligation is incurred.

B. Valuation of Investments - The Plan's investments are stated at fair value as determined and certified by Wilmington Trust Company ("the Trustee"). Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

C. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

D. Payment of Benefits - Benefits are recorded when paid. Corrective distributions generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules. There were no corrective distributions for the year ended December 31, 2013.

E. Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

F. Subsequent Events - The Plan has evaluated subsequent events through September 20, 2014, the date the financial statements were available to be issued.

3 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

4 - Income Tax Status

The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7 - Fair Value Measurements

As required by the Fair Value Measurements topic of the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC"), all financial assets and liabilities are measured at fair value on a recurring basis. The topic establishes a framework for measuring fair value and enhances disclosure requirements for fair value measurements. The topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The topic establishes market or observable inputs as the preferred sources of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. The topic establishes a hierarchy for grouping these assets and liabilities, based on the significance level of the following inputs:

Level I – Quoted prices in active markets for identical assets or liabilities.

Level II – Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant drivers are observable.

Level III – Significant inputs to the valuation model are unobservable.

The following is a listing of assets and liabilities required to be measured at fair value on a recurring basis and where they are classified within the hierarchy as of December 31, 2013 and 2012:

7 - Fair Value Measurements (continued)

Interest in registered investment companies includes money market funds and marketable securities that are valued using quoted prices on nationally recognized securities exchanges.

The guaranteed insurance contract is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 8).

The preceding methods described may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth a summary of changes in the fair value of the Plan's Level III assets for the year ended December 31, 2013:

	Guaranteed Insurance Contract
Balance as of 12/31/2012	\$ 6,452,834
Contributions	1,519,837
Interest income	110,527
Transfers in from other accounts	980,954
Loan payments, forfeitures and other income	274,924
Distributions	(817,066)
Administrative expenses	(3,099)
Balance as of 12/31/2013	<u>\$ 8,518,911</u>

8 - Guaranteed Insurance Contract

As of December 31, 2013, the Plan was in a guaranteed insurance contract with Lincoln National Life Insurance Company ("Lincoln"). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer of the guaranteed insurance contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed insurance contract is not fully benefit-responsive, fair value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed insurance contract. The guaranteed insurance contract is presented on the face of the statements of net assets available for benefits at fair value with no adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the guaranteed insurance contract at December 31, 2013 was \$8,518,911.
