We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year), and reportable transactions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of All Points Logistics 401k Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - All Points Logistics, LLC ("the Company") is the Plan Sponsor. The Plan is a defined contribution plan covering all employees of the Company who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions to the Plan include salary deferral contributions authorized by participating employees and employer matching contributions. Participants may contribute to the Plan at their discretion a portion of their annual compensation as defined by the Plan not to exceed $17,500 and $17,000 for the years ended December 31, 2013 and 2012, respectively. The Plan also allows for catch-up contributions subject to Internal Revenue Service (IRS) limitations and participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Company makes safe harbor matching contributions to participants equal to 100% of the participants' salary deferrals that do not exceed 3% of their eligible compensation plus 50% of their deferrals between 3% and 5% of their eligible compensation. Additionally, profit sharing amounts may be contributed at the option of the Company's Board of Directors.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) plan earnings, and (c) forfeitures of terminated participants' non-vested account balances. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions, the safe harbor matching contributions, and profit sharing contributions plus actual earnings thereon.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant Loans – Participants are permitted to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. At December 31, 2013 and 2012, there were several loans outstanding, which were secured by the balance of the participant's account, bearing interest at 4.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratable through biweekly payroll deductions.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, or annual installments over a period not exceed the life expectancy of the participant or the joint and last survivor life expectancy of the participant and their designated beneficiary.

Forfeitures - Forfeitures shall be used to first reduce plan expenses, and then to reduce employer contributions. Any remaining forfeitures shall be allocated to participants in the same proportion that each participant's compensation for the year bears to the compensation of all participants for such year. There were no forfeited non-vested accounts allocated or unallocated at December 31, 2013 and 2012, nor were any forfeited non-vested accounts used to reduce plan expenses or employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant loans are valued at their amortized cost, which approximate fair value. Interest income is recorded on the accrual basis.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's administrative expenses that are directly related to the value of the investments under management are paid by the Plan and allocated to the individual participant accounts on pro rata basis based on their account balances. Other administrative expenses are paid by the Company.

Income Taxes - Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Income Taxes*, prescribes a recognition threshold and measurement attribute of the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return.

Management evaluates the Plan's tax positions on an annual basis for any uncertain positions, both past and current. If management determines that a past and/or current tax position is uncertain and is more likely than not to be sustained under audit, then a valuation allowance is recorded. As of December 31, 2013, management has determined that all past and current tax positions were likely to be realizable and sustainable upon examination and that the calculation of a tax liability was not necessary.

Tax years ended December 31, 2010 through 2013 remain subject to possible examination by the Internal Revenue Service.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observables for the asset or liability;

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual funds: Valued at the closing price reported in the active market in which the individual funds are traded.

Participant loans: Valued at the amortized value at the stated interest rate or the value of the underlying collateral value if the loan is impaired. The loans are secured by the participant's account balance.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

	2012	2011
Deleware Funds Limited-Term Diversified Fund	*	$ 120,704
Franklin Templeton Conservative Target Fund R	*	708,649

* Did not represent 5% or more of fair value of the Plan's net assets during 2013.

During 2013, the Plan's investments (including realized and unrealized investment earnings) appreciated in value by $265,598.

NOTE 6 – TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 16, 2010, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401 (a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

NOTE 7 - PARTICIPANT LOANS

Participants are permitted to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. At December 31, 2013 and 2012, there were several loans outstanding, which were secured by the balance of the participant's account, bearing interest at 4.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratable through biweekly payroll deductions. A loan may be repaid over a time period greater than five years if the loan is used to acquire any dwelling used as the principal residence of the participant and the loan is repaid within a reasonable time period. At December 31, 2013 and 2012, the value of participant loans outstanding was $165,652 and $3,210, respectively.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 9 - RISKS AND UNCERTAINITES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 8, 2014, the date which the financial statements were available to be issued, and is unaware of any subsequent events requiring disclosure.
