Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

To the Board of Trustees
KapStone Paper and Packaging Corporation
Defined Benefit Retirement Plan

We have completed a DOL limited-scope audit of the financial statements of KapStone Paper and Packaging Corporation Defined Benefit Retirement Plan for the year ended December 31, 2013, and have issued our report thereon dated September 19, 2014. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America, and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 17, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by KapStone Paper and Packaging Corporation Defined Benefit Retirement Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements relates to the actuarial present value of accumulated plan benefits and the related changes in accumulated plan benefits. We evaluated the key factors and assumptions used to develop such estimates and believe that they are reasonable.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The only necessary adjustments pertained to reversing out prior year contributions receivables and recording current year contributions receivables.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 19, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

This information is intended solely for the use of the Board of Trustees and management of KapStone Paper and Packaging Corporation Defined Benefit Retirement Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Wolf + Company LLP

Assumptions Selected by Actuary	
Asset Return	7.00% for the current plan year.
Expected Expense	\$0 included in Target Normal Cost. Administrative expenses are paid separately.
Retirement Age	<p>Roanoke Rapids active participant: Attained age 62.</p> <p>Charleston Kraft active participant: The later of attained age 62 and 20 years of service, but not later than age 65.</p> <p>Inactive Participants are assumed to retire at age 65.</p>
Disability	1987 Commissioner's Group Disability Table, six month elimination period, male and female.
Marriage	75% married; husbands are 3 years older than wives.
Withdrawal	2003 Society of Actuaries Small Plan Age Table, multiplied by 0.25.

PLAN
EIN 20-2699372 Plan No. 002

Methods Selected by Plan Sponsor	
Asset Method	<p>The asset valuation method is prescribed by law for plans that elect to use a value other than market value.</p> <p>For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years.</p> <p>The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the Maximum Allowable Rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value.</p> <p>When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.</p>
Segment Rates	24 month average with no weighting to prior law basis. Use rates where August is the last month included in the average.
PBGC Premium Basis	Premiums are calculated using the funding segment rates used for the plan year without the MAP-21 interest rate corridor defined in IRC §430(h)(2)(C)(iv). This method was elected with the 01/01/2009 plan year and must continue for five years before a change can be made.
Methods Elected by Actuary	
Retirees	Assets and liabilities for current and future retirees are included.
Vested Benefits	<p>A benefit is included in vested benefits when the participant will meet age and service eligibility requirements at the valuation date. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date.</p> <p>The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, and pre-retirement death benefits in excess of the Survivor Annuity Death Benefit except as noted in the Plan Provisions.</p>
Assumptions and Methods Elected by Actuary Plan Accounting (ASC 960)	
With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular Funding Target and Target Normal Cost.	
Interest Rate Used to Value Liabilities	6.50%

The market value of assets on line 2a does not equal assets shown on Schedule H, Schedule I or Form 5500-SF. Schedule H, Schedule I and Form 5500-SF use the full value of contributions received after plan year end. Line 2a includes the value of \$929,519 contributions received after the plan year end with a discounted value of \$927,236.

Schedule SB, Line 22 - Description Of Weighted Average Retirement Age
KAPSTONE PAPER AND PACKAGING CORPORATION DEFINED BENEFIT RETIREMENT
PLAN
EIN 20-2699372 Plan No. 002

The weighted average retirement age is weighted by the number of active participants whose assumed retirement age occurs at each age. The retirement rate reflects only those participants who meet retirement eligibility. An active participant working past assumed retirement age is expected to retire at current age.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
KapStone Paper and Packaging Corporation
Defined Benefit Retirement Plan

We were engaged to audit the accompanying financial statements of KAPSTONE PAPER AND PACKAGING CORPORATION DEFINED BENEFIT RETIREMENT PLAN, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013, and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2013, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KAPSTONE PAPER AND PACKAGING CORPORATION
DEFINED BENEFIT RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the KapStone Paper and Packaging Corporation Defined Benefit Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General – The Plan is a defined benefit pension plan covering all employees of KapStone Paper and Packaging Corporation (Company) who have attained the age of 21 and fulfilled one year of service in which they completed at least 1,000 hours of service. Employees must be employed at the Roanoke Rapids or Charleston locations and be active members of the local workers union to participate in the pension plan. KapStone purchased the Charleston Mill in July of 2008. The Fordyce location was sold as of March 30, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Effective July 18, 2013, the Company acquired Longview Fibre Paper and Packaging, Inc. Employees of Longview Fibre Paper and Packaging, Inc. will continue to participate in the Longview Fibre Paper and Packaging, Inc. Employees' Pension Plan and the Longview Fibre Paper and Packaging, Inc. Union Hourly Retirement Plan until December 31, 2014, at which time they will merge with the KapStone Paper and Packaging Corporation Defined Benefit Retirement Plan to create one plan (see Note 11).

Principal Life Insurance Company (Principal) is the trustee of the Plan under a contractual agreement with the Company. The trust agreement provides that the trustee shall manage all investments based on the Company's instruction, keep account of all receipts and disbursements, benefit payments and other transactions, and shall provide annually a report setting forth such transactions and the status of the fund at the end of the period. The amounts in the accompanying statements were accumulated from the reports of the trustee.

Funding Policy – All contributions to the Plan are made by the Company. The employer's contribution is based upon the actuarially determined amount required to fund the current year's normal cost plus an amount sufficient to fund prior service obligations. In the event that the minimum funding required by ERISA is greater than the above-described contribution amount, the employer's contribution will be the amount required by ERISA.

Based on the January 1, 2013 and 2012 actuary reports, minimum funding requirements for ERISA purposes were \$3,255,756 and \$2,507,355 for the 2013 and 2012 plan years, respectively. The Plan is in compliance with applicable minimum funding requirements for the plan years ended December 31, 2013 and 2012.

Vesting – Participants become 100% vested after five years of service.

Pension Benefits – Benefits are provided as follows:

Normal Retirement Benefits – Normal retirement is at age 62 to 65, varies by location. For employees at the Roanoke Rapids Mill location, the monthly annuity payable for life is \$42 per year of accrued service before June 1, 2007, and \$45 per year of accrued service after June 1, 2007. As of January 1, 2011, January 1, 2012, and January 1, 2014, the monthly annuity payables for life are \$48, \$50, and \$51.50 per year of accrued service, respectively. For employees at the Fordyce Ride Rite location, the monthly annuity payable for life is \$28 per year of accrued service before October 1, 2007, and \$30 per year of accrued service after October 1, 2007. As of March 30, 2009, no employees of the Fordyce Ride Rite location are accruing benefits under the Plan.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (Cont.)

Pension Benefits (cont.) –

For employees at the Charleston location, the monthly annuity payable for life is \$45 per year of accrued service after July 1, 2008, reduced by the participant's accrued benefit as of June 30, 2008, under the MeadWestvaco Corporation Retirement Plan for bargained hourly employees. As of April 1, 2011, April 1, 2012, and April 1, 2013, the monthly annuity payables for life are \$50, \$51, and \$51.50 per year of accrued service, respectively.

Early Retirement Benefits – For the Roanoke Rapids Mill and Fordyce Ride Rite locations, an employee who has attained age 55 and 20 years of vesting service will receive a pension benefit calculated in the same manner as for normal retirement. For the Charleston location, an employee who has attained age 55 and 5 years of vesting service will receive a pension benefit calculated in the same manner as for normal retirement.

Disability Retirement Benefits – For the Roanoke Rapids Mill and Fordyce Ride Rite locations, an employee who is eligible for social security disability benefits who has less than 10 years of vesting service will receive a pension benefit calculated in the same manner as for normal retirement, with accrued benefits beginning on the date of disability.

For the Roanoke Rapids Mill and Fordyce Ride Rite locations, an employee who is eligible for social security disability benefits who has 10 or more years of vesting service will receive a pension benefit calculated in the same manner as for normal retirement. The accrued benefit on date of disability will be \$250 if greater than the projected accrued benefit at normal retirement. This shall be a temporary benefit payable up to normal retirement date. On and after normal retirement date, the benefit payable shall be the accrued benefit on date of disability.

For the Charleston location, an employee who is eligible for social security disability benefits who has 10 or more years of vesting service will receive a pension benefit calculated in the same manner as for normal retirement, with accrued benefits beginning on the date of disability.

Survivor Annuity Death Benefits – A qualified married participant fully or partially vested in an accrued benefit will receive monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death. If death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived his/her earliest retirement age and retired with a qualified joint and 50% survivor annuity in effect.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

KAPSTONE PAPER AND PACKAGING CORPORATION
DEFINED BENEFIT RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (Cont.)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Investments held in pooled separate accounts are reported at fair value based on quoted market prices of each fund's underlying investments. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Administrative Expenses – Legal, audit and actuarial fees, some additional administration fees, and indirect plan-related expenses are paid directly by the Company.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the employees' compensation during their years of credited service. Benefits payable under all circumstances - retirement, death, disability and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits as determined by the Plan's actuary reflects the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Significant assumptions underlying the actuarial computations in 2013 are:

Assumed rate of return on investment	7.00%
Life expectancy	IRS Prescribed Mortality-Static Annuitant, male and female
Retirement age	Age 62 to 65, varies by location

KAPSTONE PAPER AND PACKAGING CORPORATION
DEFINED BENEFIT RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

3. Actuarial Present Value of Accumulated Plan Benefits (Cont.)

Significant assumptions underlying the actuarial computations in 2012 are:

Assumed rate of return on investment	6.25%
Life expectancy	IRS Prescribed Mortality-Static Annuitant, male and female
Retirement age	Age 62 to 65, varies by location

The foregoing actuarial assumptions used in calculating the accumulated plan benefits are based on the presumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial valuations are done using the beginning-of-the-year method. Therefore, the accumulated plan benefits are presented from information provided by the actuary as of January 1, 2013 and 2012. There has been no significant change in the Plan's provisions or coverage from December 31 to January 1 for each year.

The actuarial present value of accumulated plan benefits to be paid under the Plan as of January 1, 2013 and 2012, as calculated by the Plan's actuary, is as follows:

	<u>2013</u>	<u>2012</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Active participants	\$ 15,706,368	\$ 13,346,033
Other vested benefits	<u>841,337</u>	<u>457,932</u>
Total vested benefits	16,547,705	13,803,965
Nonvested benefits	<u>4,069,329</u>	<u>3,690,074</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 20,617,034</u>	<u>\$ 17,494,039</u>

NOTES TO FINANCIAL STATEMENTS

3. Actuarial Present Value of Accumulated Plan Benefits (Cont.)

A reconciliation of the changes in the actuarially computed value of accumulated plan benefits is as follows:

Actuarial present value of accumulated plan benefits as of January 1, 2012	\$ 17,494,039
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial loss	3,399,599
Increase for interest due to decrease in the discount period	1,042,572
Distributions with weighted interest	(239,168)
Change in assumptions	(1,548,078)
Plan amendment - increase in pension benefit	468,070
Net increase	3,122,995
Actuarial present value of accumulated plan benefits as of January 1, 2013	\$ 20,617,034

4. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide benefits in the following order of precedence:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. Governmental Agency, up to the applicable limitations (discussed below).
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

KAPSTONE PAPER AND PACKAGING CORPORATION
DEFINED BENEFIT RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

4. Plan Termination (Cont.)

Whether all participants receive their benefits should the Plan terminate at some future time will depend upon the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

5. Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2013 and 2012.
- Net appreciation in fair value of investments and dividends, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012.
- Investments, at fair value, as presented on the Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013.
- Activity as reported on the Supplemental Schedule of Reportable Transactions for the year ended December 31, 2013.

6. Investments

7. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

- Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.
- Level 2:* Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.
- Level 3:* Significant unobservable inputs that reflect a plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair values of participation units held by the Plan in pooled separate accounts are based on their net asset values, as reported by Principal and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

The pooled separate accounts invest mainly in domestic stocks and mutual funds. The fair value of the registered investment companies are publicly quoted pricing Level 1 inputs, and the majority of the underlying securities have observable Level 1 quoted pricing inputs. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). While the underlying assets values are quoted prices, the net asset value (NAV) of a separate account is not publicly quoted and therefore contains other observable Level 2 inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. Fair Value Measurements (Cont.)

- (e) These pooled separate accounts invest in fixed securities such as asset backed securities, residential mortgage backed securities, and commercial mortgage backed securities and corporate bonds. The investment can be redeemed on a daily basis with no notice period required.
- (f) These pooled separate accounts invest in stable value, money market, short-term bond, and guaranteed interest accounts and can be redeemed on a daily basis with no notice period required.

8. Transactions with Parties-in-Interest

Certain Plan investments are shares of pooled separate accounts managed by Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

9. Tax Status

The Plan obtained its latest determination letter on October 17, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rate, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

11. Subsequent Events

During 2014, the Pension Committee approved merging of the Longview Fibre Paper and Packaging, Inc. Employees' Pension Plan, the Longview Fibre Paper and Packaging, Inc. Union Hourly Retirement Plan and the KapStone Paper and Packaging Corporation Defined Benefit Retirement Plan into one plan. The merging of these plans is anticipated to occur effective December 31, 2014.

11. Subsequent Events (Cont.)

Additionally, during 2014, the Pension Committee elected to use FMR LLC (Fidelity Management and Research) as the record keeper and actuary for the merged defined benefit plans.

Subsequent events have been evaluated through September 19, 2014, the date these financial statements were available for issuance.
