NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Note 1 – Description of Plan

The following description of the CH Reynolds Electric, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only summarized information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of CH Reynolds Electric, Inc. (the Company) who are at least 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may elect to defer up to 90% annually of qualifying pre-tax or Roth after-tax compensation, as defined in the Plan, and contribute amounts representing distributions from other qualified defined benefit or contributions plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company is allowed to make contributions to the Plan in the form of matching contributions, as defined in the Plan. For the years ending December 31, 2013 and 2012, the Company matched 50% of each eligible participant's contribution up to a maximum of 6% of the participant's compensation.

Participant's Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) change in investment value, and charged with an allocation of administrative expenses, if any, absorbed by the Plan. Allocations are based on participants' earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective contributions, plus actual change in investment value thereon. Vesting in the Company's matching contribution portion of their accounts, plus changes in investment values related thereto, is based on years of continuous service and a participant becomes vested after six years of credited service.

Investment Options: Upon enrollment in the Plan, a participant may direct participant and Company contributions in whole percentage increments in any of the trustee-selected investment options offered by Reliance Trust Company ("Reliance"). Participants may change their investment options at anytime.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested interest in all accounts. Loans are secured by the balance in the participant's account and bear interest at 4.25%, which is commensurate with local prevailing rates as determined by the Plan's trustee. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or receive benefits in installments unless the participant's account is less than $5,000, in which case the distribution will qualify for a direct rollover to an eligible retirement plan provided by the participant or to an individual retirement plan designated by the Plan trustee. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 1 – Description of Plan (continued)

Forfeited Accounts: Upon termination of employment prior to retirement, participants forfeit their non-vested balances. Forfeited non-vested amounts, if any, are first used to pay administrative expenses of the Plan not paid for by the Company, and any remaining forfeitures are used to reduce Company contributions into the Plan. Forfeitures utilized to reduce the employer's contribution for the years ended December 31, 2013 and 2012 amounted to $12,952 and $32,875, respectively. At December 31, 2013 and 2012 there was a balance of $5,776 and $1,936, respectively for forfeited accounts.

Note 2 - Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

Operating Expenses: Certain expenses of maintaining the Plan are paid in part by the participants, the Company and the trustee.

Recent Accounting Pronouncements: In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, Fair Value Measurements and Disclosures (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards. This amendment changes the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements. This guidance is effective for annual reporting periods beginning after December 15, 2011. The Plan adopted ASU No. 2011-04 on January 1, 2012. The adoption of ASU No. 2011-04 did not have a material impact on the Plan's financial statements.

Subsequent Events: The plan has evaluated subsequent events through October 7, 2014, the date the financial statements were available to be issued.

Note 3 - Investments

Note 4 – Fair Value Measurements

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 – Fair Value Measurements (continued)

Level 2 - Inputs to the valuations methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
International Stock Fund	$ 1,025,865	$ -	$ -	$ 1,025,865

Bond Fund	553,207	-	-	553,207
Money Market Fund	-	81,126	-	81,126
Total Assets at Fair Value	$ 4,206,025	$ 81,126	$ -	$ 4,287,151

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
International Stock Fund	$ 622,018	$ -	$ -	$ 622,018
Domestic Stock Fund	1,759,083	-	-	1,759,083
Bond Fund	347,213	-	-	347,213
Money Market Fund	-	55,595	-	55,595
Total Assets at Fair Value	$ 2,728,314	$ 55,595	$ -	$ 2,783,909

Note 5 - Trust Certification

Reliance serves as the trustee of the Plan and in that capacity, Reliance holds the Plan's assets and executes investment transactions. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained a certification from Reliance that all investment information in the accompanying financial statements and supplemental schedules are complete and accurate. All information as to investments held and notes receivable from participants at December 31, 2013 and 2012, and net appreciation, interest and dividends for the years ended December 31, 2013 and 2012, is presented solely based upon that certification.

Note 6 – Related-Party Transactions

Certain Plan investments are managed by Merrill Lynch, Pierce, Fenner & Smith, Inc., the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note 8 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 9 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
