CACIQUE, INC. PROFIT SHARING / SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Cacique, Inc. Profit Sharing / Salary Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees of Cacique, Inc. and affiliated companies (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Cacique, Inc. is the Plan's sponsor and serves as Plan administrator. DWS Trust Company is the Plan trustee. Automatic Data Processing, Inc. provides record-keeping and other services to the Plan.

Eligibility

Each employee is eligible to participate immediately after the attainment of age 18 and the completion of 90 days of service. Upon the participant's eligibility, the participant is automatically enrolled in the Plan with an automatic deferral set at 3% of compensation, unless the participant makes a contrary election.

Contributions

Each year, participants may contribute up to 60% of their pretax annual compensation, as defined by the Plan, in an amount not in excess of the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have reached age 50 as of the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified plans. The Company contributes a matching contribution equal to 100% of the first 5% of a participant's eligible deferred compensation. This matching contribution is reduced to 50% of the first 5% of eligible deferred compensation for highly compensated participants. In addition, the Company may, at the directive of its board of directors or its stockholder, make a discretionary contribution annually. Eligible participants who are employed on the last day of the Plan year share in the discretionary contribution. The Plan sponsor's discretionary contributions to the Plan are allocated to each participant's account in the ratio of the participant's eligible annual compensation to the total eligible annual compensation paid to all eligible participants. The Company's did not make a discretionary contribution for the year ended December 31, 2013.

Participant accounts

Separate accounts are maintained for each participant. Each participant's account is credited with his or her salary deferral contribution, an allocation of the Company's contribution and investment earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their separate accounts into various investment options offered by the Plan. The Plan currently offers several investment options for participants.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans to participants are collateralized by the participant's vested account balance and are subject to interest charges. Loan terms range from one to five years, except for loans used for the purchase of a primary residence, which range from one to ten years. Interest rates applicable to participant loans are determined by the Plan administrator. Loans outstanding at December 31, 2013 bear interest at rates ranging from 4.25% to 6.25% and mature through December 2018. Principal and interest is paid through payroll deductions.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on continuous years of service. The vesting schedule is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Years of service includes all years the participant has worked for the Company, regardless of the participant's date of enrollment in the Plan. The value of the participant's account becomes fully vested upon the earlier of the participant's 65th birthday or death, provided the participant is an employee as of such date. In the event a participant becomes totally and permanently disabled, the value of the participant's account becomes fully vested.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account or a distribution under a systematic withdrawal plan. In-service distributions are also permitted upon meeting certain requirements as defined by the Plan.

Hardship withdrawals

A participant may be permitted to withdraw a portion or all of the balances of their individual account that is attributable to the participant's tax-deferred compensation (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeited accounts

Non-vested Company contributions forfeited by participants upon termination are used to pay Plan expenses or reduce Company contributions. The remaining forfeitures are allocated to remaining participant accounts in the ratio of the participant's eligible annual compensation to the total eligible annual compensation paid to all eligible participants. For the year ended December 31, 2013, $53,186 of the forfeitures account was used to offset the 2012 Company profit sharing contribution and the remaining forfeiture balance was $29,789 at December 31, 2013.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Plan expenses

The majority of costs and expenses of administering the Plan are allocated and charged to participant accounts. The Plan permits the payment of plan expenses to be made from the Plan's assets. Certain administrative expenses of maintaining the Plan may be paid directly by the Company, which is a party-in-interest. These expenses would not be reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA.

Excess contributions payable

Excess contributions payable represent amounts refunded to participants after year-end to comply with regulatory and Plan contribution limitations.

NOTE 3 - INVESTMENTS

The Plan assets are held by DWS Trust Company, the trustee of the of the Plan's assets (the "Trustee"), pursuant to the Trustee Agreement which provides that all funds received by the Trustee shall be held, administered, invested and distributed by the Trustee, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

Investments in excess of 5% of Net Assets Available for Benefits as of December 31 are as follows:

	2013	2012
Invesco Stable Asset Trust Fund (at contract value)	$ 4,138,422	$ 3,956,530
Fidelity Dividend Growth Fund	1,818,380	1,530,429
Fidelity Spartan 500 Index Fund	1,502,645	1,038,643
MFS Massachusetts Investors Growth Stock Fund	1,291,669	979,539
Morgan Stanley Mid Cap Growth Fund	*	756,389
Federated Bond Fund A	*	604,198
Ivy Mid Cap Growth Fund A	919,707	*

* This fund did not represent at least 5% of net assets at December 31.

In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation in the fair value of investments of $1,431,073, which consists of realized gains or losses and unrealized market value change of investments.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* are described as follows:

Inputs are classified into the following hierarchy based on the level of judgment used to measure their fair value:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Collective trust fund: The collective trust fund as of December 31, 2013 and 2012 consists of the Invesco Stable Asset Trust Fund. The fair value of the Plan's interest in the Invesco Stable Asset Trust Fund is based upon the net asset value of such fund reflecting all investments at fair value, including interests in fully benefit-responsive contracts, as reported by Invesco National Trust Company, the trustee of the fund. The collective trust fund is classified as Level 2 of the fair value hierarchy.

The Invesco Stable Asset Trust Fund is a collective trust fund that seeks to preserve principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Invesco Stable Asset Trust Fund invests primarily in affiliated and unaffiliated collective trusts, guaranteed investment contracts, and short term investments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Investments held by the Invesco Stable Asset Trust Fund are fully benefit–responsive. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Contract value for investments in bank, insurance company and other financial institution investment contracts is equal to the principal balance plus accrued interest.

For the Invesco Stable Asset Trust Fund, the average yield based on actual income was approximately 1.22% and 0.91% for the years ended December 31, 2013 and December 31, 2012, respectively. The average yield based on interest rates credited to participants was approximately 1.30% and 1.62% for the years ended December 31, 2013 and December 31, 2012, respectively.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following unaudited information in the financial statements was certified to be complete and accurate by the Trustee of the Plan's assets, within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments in the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012;

- Net appreciation in fair value of investments, dividends, and interest for the year ended December 31, 2013 included in the Statement of Changes in Net Assets Available for Benefits; and

- All information in the Supplemental Schedule of Assets (held at end of year) as of December 31, 2013.

NOTE 6 - PLAN TERMINATION

Although it is currently the intent of the Company to continue the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Plan document is a prototype non-standardized profit sharing plan that received a favorable opinion letter from the IRS on March 31, 2008, which stated that the Plan was in accordance with applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

NOTE 7 - TAX STATUS (Continued)

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions. Record-keeper fees amounting to $9,592 were paid by the Plan for the year ended December 31, 2013.

The Plan's investment advisor is a related individual. Transactions with the investment advisor qualify as party-in-interest transactions. Advisory fees amounting to $37,464 were paid by the plan for the year ended December 31, 2013
