Report on the financial statements

We were engaged to audit the accompanying financial statements of the Jostens Pension Plan "A" (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note C, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from this entity as of December 31, 2013 and 2012, and for the years then ended, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) as of December 31, 2013 and the supplemental schedule of reportable transactions for the year ended December 31, 2013 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note C, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE A – PLAN DESCRIPTION

Jostens Pension Plan A (the Plan) is a defined benefit pension plan that covers substantially all employees located in Owatonna, Minnesota of Jostens, Inc. (the Company) who are compensated on an hourly basis and represented by a union for collective bargaining purposes, which has entered into an agreement for coverage under this Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was most recently amended effective December 12, 2012.

On December 31, 2011, the Jostens Pension Plan C was merged into the Plan. Pension Plan C is governed by separate documents for Pension Plan C and the former Pension Plan D participants and the former Lehigh Press participants. The pension benefits of the Plans after giving effect to the merger are based on the respective benefit terms and provisions (including the formula to determine the accrued benefit) in effect under each of the separate plans immediately prior to the merger of the plans. Accordingly, the benefits for eligible employees of Plans C, D and Lehigh are based on the terms and provisions of Plans C, D and Lehigh immediately prior to the merger.

Pension Plan C is a non-contributory defined benefit pension plan, which covers substantially all employees of Jostens, Inc. who are compensated on an hourly basis, and are not represented by a union for collective bargaining purposes.

Pension Plan D is also a non-contributory defined benefit pension plan, which covers substantially all salaried and fluctuating work week employees of the Company.

On December 31, 2004, the Pension Plan for Employees of the Lehigh Press, Inc. (Lehigh Pension Plan) was merged with and into Pension Plan C. The Lehigh Pension Plan is a non-contributory defined benefit pension plan, which covers substantially all employees of The Lehigh Press, Inc. (Lehigh) except those covered by collective bargaining agreements. The pension benefits of the Plan after giving effect to the merger are based on the respective benefit terms and provisions (including the formula to determine the accrued benefit) in effect under each of the separate plans immediately prior to the merger of the plans. Accordingly, the benefits for the eligible employees of Lehigh are based on the terms and provisions of the Lehigh Pension Plan immediately prior to the merger and the benefit for eligible employees of the Company are based on the terms and provisions of the Plan immediately prior to the merger.

On December 4, 2007, the Company announced the closing of its Attleboro, Massachusetts facility on or about February 8, 2008. Employees whose employment is terminated after December 4, 2007 in connection with the closing of the facility shall be entitled to receive a vested pension, with regards to the number of years of vesting service.

Effective January 1, 2007, compensation, normal retirement benefits, and disability retirement benefits under the Lehigh Pension Plan were amended for Lehigh salaried exempt and office clerical employees. No participant shall accrue any additional benefits under the Plan after December 31, 2006. Service after December 31, 2006 shall be disregarded in determining average annual compensation. Effective March 1, 2008, compensation under the Plan was amended to exclude severance pay.

On December 31, 2008, Pension Plan D was merged into Pension Plan C.

Jostens Pension Plan “A”

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2013 and 2012

NOTE A – PLAN DESCRIPTION – Continued

The Plan was amended effective June 26, 2008 to grant full vesting to those participants impacted by the closing of the Lehigh Lithography Plant.

Participants should refer to the Plan documents for complete information regarding the Plan’s definitions, benefits, eligibility and other matters.

Eligibility

Employees are eligible to participate in the Plan if they meet certain requirements, including being a full- or part-time employee paid on an hourly-wage rate basis, being at least age 20, having completed nine months of employment, and being represented by the International Association of Machinists and Aerospace Workers Union. The Plan was closed to new hires effective July 1, 2008.

Employees are eligible to participate in the Jostens Pension Plan C if they meet certain requirements, including being hired prior to January 1, 2006, being paid on an hourly wage rate basis, being at least 21, having completed one year of eligibility service and not being represented by a union for collective bargaining purposes or employed by the photo division.

Employees are eligible to participate in Plan D if they meet certain requirements, including being a salaried employee hired prior to January 1, 2006, being at least 21, and having completed one year of eligibility service.

Under the Lehigh Pension Plan, employees become eligible upon reaching age 21 and completion of 1,000 hours of service.

Effective January 1, 2007, the eligibility provisions of the Lehigh plan document was amended to exclude employees whose hire date is after December 31, 2006.

Effective January 1, 2007, the Plan defined eligible Von Hoffman employee as an employee at the Jefferson City, Missouri facility not classified as office administrative or clerical employee and compensated on an hourly wage rate basis. Service prior to January 1, 2007 is taken into account in determining years of eligibility and vesting service but not benefit service.

Pension Benefits

Pension benefits are determined by multiplying years of benefit service by the benefit level in effect on the date of retirement or termination. Monthly benefit level for the Plan is \$22.50. Effective January 1, 2014, a participant’s years of benefit service is frozen as of December 31, 2013 and covered hours of service will not be credited to any periods after December 31, 2013.

Jostens Pension Plan “A”

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2013 and 2012

NOTE A – PLAN DESCRIPTION – Continued

Jostens Pension Plan C benefits are determined by multiplying years of benefit service by the benefit level in effect on the date of retirement or termination. The benefit level has been \$17.00 since January 1, 1999. Effective January 1, 2013, a participant’s years of benefit service under the Plan C document is frozen as of December 31, 2012 and covered hours of service will not be credited to any periods after December 31, 2012.

Generally, Lehigh Pension Plan annual benefits are equal to 1% of the highest average annual compensation multiplied by benefit service as of December 31, 1998 plus 1.1% of the highest average annual compensation multiplied by the benefit service after December 31, 1998. Prior to January 1, 1999, annual benefits under the Plan were generally equal to 0.6% of the participant’s highest average annual compensation in excess of \$6,000 for each year of credited service up to 35 years after January 1, 1976. Certain employees are also entitled to an additional benefit for service prior to January 1, 1976 under a prior plan. Reference should be made to both plans for further information.

The Lehigh Pension Plan permits early retirement upon attainment of age 55 and the completion of 10 years of credited service. Benefits for unmarried participants are payable monthly for life with 120 payments guaranteed and benefits for married participants are payable in the form of a qualified joint- and 100% survivor annuity.

Employees are entitled to receive a percentage of their accrued benefit as follows:

<u>Years of credited service</u>	<u>Percentage</u>
Less than 5 years	0%
5 or more years	100%

Effective January 1, 2006, a definition for “Annual Salary” was added for retirement benefits accrued on or after January 1, 2006. The formula for determining Normal Retirement Pension benefits was changed for years of benefit service accrued on or after January 1, 2006 to be an amount equal to one percent of the participants’ annual salary for all plan years credited with a full or partial year of benefit service, participants cease to accrue benefits after the date of transfer to an affiliated company that does not participate in the Plan, benefit provisions were established for participants who had reached age 45 and completed at least 15 years of vesting service as a covered employee as of December 31, 2005, the pension calculation was amended for employees becoming totally disabled so that if disability occurred prior to January 1, 2006 the benefit would be determined using average annual salary while annual salary will be used if the disability occurred on or after January 1, 2006.

Plan D pension benefits are determined by a percentage of an employee’s average annual salary multiplied by years of benefit service and one percent of an employee’s annual salary for each year of service on or after January 1, 2006. Effective January 1, 2013, no participant shall accrue an additional benefit under the Plan D document after December 31, 2012. Service after December 31, 2012 shall be disregarded in determining years of benefit service. Effective January 1, 2013, compensation under the Plan was amended to exclude remuneration in determining average annual salary after December 31, 2012.

NOTE A – PLAN DESCRIPTION – Continued

Vesting Service

Vesting service determines when employees have a right to a benefit. Employees are credited with one year of vesting service for each calendar year during which they earned at least 1,000 hours of service and are fully vested after five years of service.

For Plan C, employees are credited with one year of vesting service for each calendar year during which they earn at least 1,000 hours of service.

For Plan D, employees become fully vested after completing five years of vesting service or retire at age 65, regardless of vesting service.

Benefit Service

Benefit service is used to determine the amount of an employee’s pension benefit. Employees are credited with benefit service based on the number of hours of service provided each calendar year as a union employee.

For Plan C, employees are credited with benefit service based on the number of hours of service earned each calendar year.

For Plan D, employees are credited with one day of benefit service for each day they are a salaried employee of the Company.

Contributions

The Company has been contributing such amounts as determined by the actuary that, together with the principal and accumulated earnings of the individual Plan trust, will afford participants the benefits specified by the Plan. There are no participant contributions to the Plan. Company contributions are made in amounts sufficient to fund the Plan’s current service costs and to fund the unfunded past service cost plus interest thereon over a period of 30 years. The Plan has met its ERISA minimum funding requirements.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan are to be set aside first for the payment of vested benefits and second for each entitled participant on a pro rata basis. However, in the event of Plan termination, the Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable basic benefits subject to certain limitations.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments

The Plan investments are held in the individual Plan trust. Mutual fund investments are stated at fair value, as determined by the trustee, based on quoted market prices. The Plan may also hold cash equivalents which are invested in a short-term investment fund and carried at fair value.

Interest and Dividends

Interest income is recorded as earned on an accrual basis, and dividend income is recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

Net appreciation in the fair value of investments represents the net realized gains or losses and the net unrealized appreciation of investments. Realized gains or losses are the difference between the proceeds received and either the cost of the investment sold, determined on a first-in, first-out basis, or the fair value at the end of the previous year, whichever is applicable. Unrealized appreciation is the change in the difference between fair value and the cost of investments or the fair value at the end of the previous year, whichever is applicable.

Benefits Paid to Participants or Beneficiaries

Benefits paid to participants or beneficiaries are recorded by the Plan when paid.

Administrative Expenses

The Plan pays certain administrative expenses. In addition, the Company pays for certain other administrative expenses and performs certain services on behalf of the Plan for which the Company is reimbursed.

Jostens Pension Plan “A”

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2013 and 2012

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Risks and Uncertainties

The Plan invests in various combinations of equities, bonds and fixed income securities, and other investment instruments. Such investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee compensation and demographics all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimations and assumptions in the near term would be material to the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Subsequent Events

The Plan evaluated its December 31, 2013 financial statements for subsequent events through October 10, 2014, the date the financial statements were available to be issued. Effective, September 19, 2014, the plan was amended to allow for benefits payable within a lump sum window to eligible participants. The Plan is not aware of any other subsequent events, which would require recognition or disclosure in the financial statements, except as noted above.

NOTE C – TRUSTEE CERTIFICATIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, SEI Private Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and accrued income, as shown in the statements of net assets available for benefits, as of December 31, 2013 and 2012.
- Total investment income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012.
- Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2013.
- Schedule H, Line 4(j) – Schedule of reportable transactions for the year ended December 31, 2013.

SEI High Yield Bond; 3,752,738 units in 2012	*	36,851,886
SEI Emerging Debt Market Fund; 1,115,276 units in 2012	*	12,914,897
<u>Collective trusts</u>		
SEI Structured Credit Collective Fund; 18,647 units in 2013 and 2012	33,725,826	31,079,980
SEI Core Property Collective Fund; 31,204 units in 2013	42,831,325	*

* Less than 5% of the Plan’s net assets in period presented.

The Plan’s mutual fund investments (including income and losses on investments bought and sold, as well as held during the year) appreciated in value by \$41,633,358 and \$28,085,328 during the years ended December 31, 2013 and 2012, respectively. The Plan’s collective trust fund investment appreciated in value by \$3,049,171 and \$6,226,244 during the years ended December 31, 2013 and 2012.

NOTE E – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Standards Codification (ASC) 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;

Jostens Pension Plan “A”

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2013 and 2012

NOTE E – FAIR VALUE MEASUREMENTS – Continued

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2013 and 2012.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices.

Collective trust fund: Valued at fair value and represents the funds proportionate interest in the net assets (NAV) of the SEI Structured Credit Segregated Portfolio. The underlying investments are priced based upon valuations provided by independent, third party pricing agents using their proprietary valuation methodology. The third-party pricing agents may value Structured Credit Investments at an evaluated bid price by employing methodologies that utilize actual market transactions, broker-supplied valuations, or other methodologies designed to identify the market value for such securities. Such methodologies generally consider such factors as security prices, yields, maturities, call features, ratings and developments relating to specific securities in arriving at valuations.

Money market accounts: Short term money market instruments are valued at cost, which approximates fair value based on quoted market prices available on an active market.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

To assess the reasonableness of the fair value methodology used for the collective trust fund, the Plan Financial Asset Management Committee, with the assistance of an investment advisor, evaluates a variety of factors including review of the fund’s financial statements, economic conditions, industry and market developments, and overall credit ratings.

Total investments at fair value	<u>\$226,767,869</u>	<u>\$ -</u>	<u>\$31,079,980</u>	<u>\$257,847,849</u>

- (a) Fixed income funds seek to provide a predictable return. These funds normally invest at least 80% of assets in a diversified portfolio of Fixed-Income Instruments of varying maturities, which may be represented by forwards or derivatives such as options, futures contracts, or swap agreements. They invest primarily in investment-grade debt securities, but may invest up to 10% of total assets in high-yield securities.
- (b) Stock funds seek long-term growth of principal and income. The funds generally invest in a diversified portfolio of equity securities issued by U.S. and non-U.S. companies. The funds normally invest in stocks of companies located around the world to take advantage of investment opportunities generated by changes in international trade patterns and economic and political relationships. The funds invest in well established companies based on standards of the applicable market.
- (c) Index fund investments seek to track the performance of a benchmark index that measures the investment return of required capitalization of stocks. The fund employs a passive management investment approach designed to track the performance of the identified index. It invests all, or substantially all, of assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index.

NOTE E – FAIR VALUE MEASUREMENTS – Continued

- (d) Collective trust fund investments seek to generate high total returns. There is no assurance that the Fund will achieve its objective. The Fund pursues its investment objective by investing in a portfolio comprised of collateralized debt obligations (CDO's) and other structured credit investments. CDO's involve special purpose investment vehicles formed to acquire and manage a pool of loans, bonds, and/or other fixed income assets of various types. CDO's fund their investments by issuing several classes of securities, the repayment of which is linked to the performance of the underlying assets, which serve as collateral for certain securities issued by the CDO. In addition to CDO's, the Fund's investments may include fixed income securities, loan participations, credit-linked notes, medium term notes, registered and unregistered investment companies or pooled investment vehicles, and derivative instruments, such as credit default swaps and total return swaps.

Level 3 Gains and Losses

The following table below sets forth a summary of changes in the fair value of the Plan's level 3 assets:

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2013 and 2012

NOTE F – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment, is determined annually by consulting actuaries.

Accumulated plan benefits are those future benefit payments attributable to pension benefit obligations for employees' service rendered to the benefit information date.

Accumulated plan benefit obligations include benefits expected to be paid to (a) retired or terminated employees and their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries.

The accumulated plan benefit information as of the beginning of each plan year is as follows:

	January 1,	
	2013	2012
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving payments	\$112,834,694	\$103,184,726
Other vested benefits	<u>101,434,911</u>	<u>95,360,029</u>
Total vested benefits	214,269,605	198,544,755
Non-vested benefits	<u>187,031</u>	<u>270,936</u>
	<u>\$214,456,636</u>	<u>\$198,815,691</u>

The change in actuarial present value of accumulated plan benefits is as follows:

	January 1,	
	2013	2012
Actuarial present value of accumulated plan benefits at beginning of year	\$198,815,691	\$193,131,888

Spouse’s benefit eligibility (Jostens)

For Jostens, 80% of all male active and terminated employees are married to an eligible spouse, and 60% of all female active and terminated employees are married to an eligible spouse; wives are assumed to be three years younger than husbands. For Lehigh Press, 80% of all active and terminated employees are married to an eligible spouse; wives are assumed to be three years younger than husbands.

For the 2013 valuation, the Plan assumption change was the decrease of the ASC 960 discount rate from 9.00% to 8.50%.

NOTE G – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 16, 2011 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE H – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The trustee is authorized under contract provisions or by ERISA regulations providing an administrative or statutory exemption to invest in funds under its control. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under the Pension Reform Act (the Act) unless a specific exemption exists. The trustee is a party in interest as defined by the Act as a result of its investing plan assets in its investment funds. However, such transactions are exempt under Section 408(b)(8) and are not prohibited by the Act.

The Company has been designated as the Plan Administrator and Plan Sponsor. The Company charged the Plan \$66,392 in 2013 and \$70,304 in 2012 for reimbursement of the Company’s expenses associated with administering the Plan.

Inclusion date

Employees are first included in the valuation on the valuation date coincident with or next following the enrollment date on which the employee becomes a participant.

Plan-related expenses

The costs of the plan administration, which are paid through the trust fund assets, are assumed to be 0.20% of the market value of assets as of January 1, 2013 plus the estimated PBGC variable rate premium for the current plan year, rounded to the nearest \$5,000.

Mortality

For all participants: The prescribed mortality assumption under Section 430(h)(3)(A) of the Internal Revenue Code using static tables with separate mortality rates for annuitants and non-annuitants.

Form of payment

Participants are assumed to elect the normal form of benefit:

Jostens

Life annuity.

Lehigh Press

Life annuity with 10 years certain.

Marriage

Jostens

It was assumed 80% of all male active and terminated employees are married to an Eligible Spouse and 60% of all female active and terminated employees are married to an Eligible Spouse. Wives are assumed to be three years younger than husbands.

Lehigh Press

It was assumed 80% of all active and terminated participants are married to an Eligible Spouse. Wives are assumed to be three years younger than husbands.

Employees

It was assumed there will be no new or rehired employees.

Future Service Increase

Jostens hourly union employees

Assumed future service increments for active participants based on current year hours.

Annual Future Increment	Hours
0.00	Less than 1,000
0.50	1,000 to 1,399
0.75	1,400 to 1,799
1.00	Greater than or equal to 1,800

Asset method

Under this method, the valuation assets are equal to the average of three values (all determined without regard to receivable contributions), the result increased by the discounted present value of contributions expected to be made after the valuation date based on the prior plan year PPA effective interest rate. This amount is then subject to a 10% corridor around the market value of assets (including the discounted present value of receivable contributions) as of the valuation date. The three values used to develop the average value are: the market value of assets as of the current valuation date, the adjusted market value of assets as of the prior valuation date and the adjusted market value of assets as of the second prior valuation date. The adjusted market value as of a relevant valuation date is equal to the market value of assets as of the prior valuation date increased by actual plan contributions and assumed return on plan assets and decreased by actual plan disbursements after that date until the current valuation date. The algebraically equivalent development of this method (pursuant to IRS Notice 2009-22) is shown in Section 2.3. Because expected investment returns under this method are limited under WRERA, over time it is more likely to produce an actuarial value that is expected to be less than the market value of assets.

Participant data

Employee data was supplied by Jostens Inc. as of the census date. Data on persons receiving benefits was supplied by Jostens Inc.

Tax policy

The actuarial valuation performed for the plan year ending December 31, 2013 is used to determine the maximum deductible contribution for the tax year ending December 31, 2013.

Benefits not included in valuation

Jostens

None.

Lehigh Press

The disability retirement benefit is not valued because it is assumed to have minimal cost.

PBGC Premium Funding Target

For purposes of determining the PBGC Premium Funding Target used to calculate the variable premium funded ratio, the Alternative Premium Funding Target was determined using the assumptions described above.

Nature of actuarial calculations

The results documented in this report are estimates based on data that may be imperfect and on assumptions about future events. Certain plan provisions may be approximated or deemed insignificant and therefore are not valued. Assumptions may be made about participant data or other factors. Reasonable efforts were made in this valuation to ensure that items that are significant in the context of the actuarial liabilities or costs are treated appropriately, and not excluded or included inappropriately.

A range of results, different from those presented in this report could be considered reasonable. The numbers are not rounded, but this is for convenience only and should not imply precision, which is not inherent in actuarial calculations.

The assumptions selected for this valuation other than those prescribed by law, generally reflect long-term average expectations. If overall future plan experience is less favorable than assumed, the relative level of plan costs or contribution requirements determined in this valuation will likely increase in future valuations. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for the measurements (such as the end of an amortization period); and changes in plan provisions or applicable law. It is beyond the scope of this actuarial valuation to analyze the potential range of future pension contributions, but we can do so upon request.

Changes in assumptions and methods since last actuarial valuation

- The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2011 to September 2012 and the interest rate corridors of MAP-21 as extended by HATFA were applied.
- The ASC 960 discount rate decreased from 9.00% to 8.50%.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Appendix B

Schedule SB, Part V – Summary of Plan Provisions

Plan sponsor

Jostens Inc.

EIN/PN

41-0343440/004

Plan year

Prior to the July 1, 1996 valuation, the plan year was July 1 through June 30. Effective January 1, 1997, the plan year is the calendar year.

Effective date

Jostens hourly employees: July 1, 1962

Jostens salaried employees: July 1, 1943

Eligibility

Jostens hourly employees – Former Jostens Pension Plan A

Active participants on June 30, 1976 continue as active participants on July 1, 1976. On and after July 1, 1976, an employee who is covered by a collective bargaining agreement which includes a provision approving this plan shall be eligible to participate on the January 1 or July 1 immediately following the later of his completion of nine months of employment or attainment of age 20.

Effective July 1, 2008, the plan is closed to new hires.

Jostens hourly employees – Former Jostens Pension Plan C

Active participants on June 30, 1976 continue as active participants on July 1, 1976. On and after July 1, 1976, an employee who is compensated on an hourly wage rate basis, including on and after July 1, 1983 office-clerical employees, and who is not covered by a collective bargaining agreement shall be eligible to participate on the January 1 or July 1 immediately following the later of his completion of 1 year of employment or attainment of age 21 (was 25 prior to July 1, 1985). The Photo division employees were excluded from participation under Plan C effective July 1, 1998.

Effective January 1, 2006 the plan is closed to new hires.

Jostens salaried employees

Active participants on June 30, 1976 continue as active participants on July 1, 1976. On and after July 1, 1976 a salaried employee (excluding employees compensated in whole or in part on a commission basis and any employees represented by a collective bargaining agreement) shall be eligible to participate on the January 1 or July 1 immediately following the later of his completion of 1 year of employment or attainment of age 21.

The Photo division employees began participation in Plan D effective July 1, 1998.

College division employees (former sales reps) began participation effective July 1, 1997.

Indiana School Pictures, Inc. employees began participation in Plan D effective January 1, 2003.

School Annual Publishing Company employees began participation in Plan D effective September 22, 2003.

Effective January 1, 2006 the plan is closed to new hires.

Lehigh Press

The January 1 or July 1 coincident with or next following attainment of age 21 and completion of twelve months of service following date of hire, or any subsequent plan year, in which 1,000 or more hours of service are credited. Effective January 1, 2007, the plan is closed to new hires.

Von Hoffman

Employees of the Von Hoffmann Jefferson City facility who were in covered employment as of January 1, 2007, became eligible to participate in Plan C on that date. They were eligible to accrue the same benefits as Jostens Plan C employees until their termination due to the sale of Von Hoffmann in May 2007.

Vesting service

Jostens hourly employees – Former Jostens Pension Plan A

Vesting service prior to January 1, 1976 is credited in accordance with the prior plan then in effect. After January 1, 1976, one year of future vesting service is credited for each calendar year, subsequent to the calendar year in which an employee attains age 21 (age 17 effective July 1, 1985), in which an employee works at least 1,000 hours.

Jostens hourly employees – Former Jostens Pension Plan C

Vesting service prior to January 1, 1976 is credited in accordance with the prior plan then in effect. After January 1, 1976, one year of future vesting service is credited for each calendar year, in which an employee works at least 1,000 hours. No vesting service is given prior to the attainment of age 18.

Jostens salaried employees

One day of future vesting service is credited for each day, subsequent to the employee's eighteenth birthday, that a person is in the employ of the company.

Lehigh Press

A full year is credited for each calendar year (excluding calendar years ending before attainment of age 18) in which 1,000 or more hours of service are credited. For Lehigh Press participants employed at the Dallas and Carrollton locations, no vesting service is earned before June 1, 1977.

Benefit service

Jostens hourly employees

Benefit service through June 30, 1971 is determined in accordance with the prior plan then in effect.

Benefit service on and after July 1, 1971 and before January 1, 1976 is based on hours compensated during a plan year and benefit service on and after January 1, 1976 is based on hours compensated during a calendar year, according to the following schedule:

Hours Worked per Plan Year or Calendar Year	Benefit Service
Less than 1,000	None
1,000 to 1,399	.50 year
1,400 to 1,799	.75 year
1,800 or more	1.00 year

Jostens salaried employees

One day of benefit service is credited for each day a person is a salaried employee of the company.

Effective January 1, 2013, non-union employees do not accrue additional service after December 31, 2012.

Credited service

Lehigh Press

A full year is credited for each plan year after 1975 in which 1,000 or more hours of service are credited. However, in the first and last plan years of service only, a participant shall accrue a partial year (to the nearest month) of credited service if a pro rata number of hours of service are credited. For participants employed at the Dallas and Carrollton locations, no credited service is earned before June 1, 1977. Effective January 1, 2007, a participant who is an office employee of Lehigh Lithographers or Lehigh Direct shall not accrue additional service after December 31, 2006.

Deferred vesting benefit

Eligibility: After completing five years of vesting service.

Benefit: Same as Early Retirement Benefit. The benefit is available at age 55 if the participant has 10 years of vesting service.

Disability retirement

Jostens hourly employees – Former Jostens Pension Plan A

Date: A participant totally and permanently disabled while actively employed after completing ten years of Vesting Service may be eligible to receive disability benefits.

Benefit: The accrued normal retirement benefit (without actuarial reduction) based on Benefit Service to the date of disability is payable beginning on the disability retirement date and continuing until death.

Jostens hourly employees – Former Jostens Pension Plan C

- Date: A participant totally and permanently disabled while actively employed after completing 10 years of vesting service and attaining age 50 may be eligible to receive disability benefits.
- Benefit: The accrued normal retirement benefit (without actuarial reduction) based on benefit service to the date of disability is payable beginning on the disability retirement date and continuing until death.

Jostens salaried employees

- Date: A participant totally and permanently disabled while actively employed after completing 10 years of vesting service may be eligible to receive disability benefits.
- Benefit: The normal retirement benefit (without actuarial reduction) based on benefit service accruing until normal retirement date is payable beginning on the disability retirement date and continuing until death. The average annual salary is determined on the date of disability.

Lehigh Press

- Date: Eligibility for Social Security disability benefits, provided that disability commences after completion of five years of vesting service.
- Benefit: The accrued normal retirement benefit (reduced if it commences before the normal retirement date) with credited service accruing during the period of disability until retirement and assuming that compensation in the last full plan year preceding the date of disability remains level to retirement.

Post-age 55 death

Jostens

- Eligibility: If the Participant had completed at least 10 years of Vesting Service:
This is the survivor benefit starting in the month the Participant's death occurs.

If the Participant had completed less than 10 years of Vesting Service:
This is the survivor benefit as of the month following the month during which the Participant would have attained his Normal Retirement Date had he lived.

Benefit: An amount equal to the greater value of:

- a. Fifty percent (50%) of the survivor portion of the Qualified Survivorship Form of benefit (based on the Participant's Accrued Benefit as of the date of his death) that the Participant would have been entitled to if the Participant had retired and died on the date the spouse elects to commence receiving benefits (age 55 or later),
- b. Forty-five percent (45%) of the Participant's Accrued Benefit determined as of the date of his death, or
- c. The survivor portion of the Joint Life with 100% to Surviving Spouse form of benefit (based on the Participant's Accrued Benefit as of the date of his death) in the case of a Participant who properly elected such Optional Pension Form before his date of death, but who died before the Benefit Commencement Date.

Pre-age 55 and post-termination death

Jostens

Eligibility: If the Participant had completed at least 10 Years of Vesting Service:

This is the survivor benefit starting as of the later of the month during which the Participant would have attained age 55 had he lived, or the month during which the Participant's death occurs, if such Qualified Spouse is then living.

If the Participant had completed less than 10 Years of Vesting Service:

This is the survivor benefit starting as of the month following the month during which the Participant would have attained his Normal Retirement Date.

Benefit: Fifty percent (50%) of the survivor portion of the Qualified Survivorship Form of benefit (based on the Participant's Accrued Benefit as of the date of his death) that the Participant would have been entitled to if the Participant had retired and died on the date the spouse elects to commence receiving benefits (age 55 or later),

The Qualified Spouse who is entitled to a benefit that commences prior to the Participant's Normal Retirement Date may elect to defer commencement of such benefit to any month not later than the month during which the Participant would have attained age 65 had he lived.

Preretirement death

Lehigh Press

- Eligibility: Surviving spouses of participants with a vested Accrued Benefit who die before commencement of payments.
- Benefit: 100% of the benefit which would have been payable had the deceased participant instead terminated service on the date of death, survived to the earliest possible benefit commencement date, elected a joint and 100% survivor annuity, and died on that same date.

Forms of benefit payment

Actuarially reduced benefit in the joint and 50% survivor form is automatic if participant has a qualified spouse. Otherwise, benefits are payable as life annuity for Jostens employees and life annuity with 10 years certain for Lehigh employees. Participant may elect out of either form in favor of the following optional forms. Benefits paid are adjusted to be actuarially equivalent.

1. Lifetime benefit.
2. Lifetime benefit with 50%, 75% (Jostens employees), or 100% (the percentage is elected by the participant prior to retirement) of such amount continuing to joint pensioner after participant's death.
3. Lifetime benefits with 120 payments guaranteed.
4. Other forms of payment are available subject to the approval of Jostens.

For Jostens hourly and salaried employees, the actuarial equivalence to calculate optional form conversion factors is based on an interest rate of 6% per annum, compounded annually, and the mortality table, based on a fixed blend of 50 percent of the unloaded male mortality rates and 50 percent of the unloaded female mortality rates underlying the mortality rates in the 94 GAR, projected to 2002.

For Lehigh Press employees, the optional form conversion factors are defined at each specific age in the plan document for each optional form.

Changes in plan provisions since last actuarial valuation

Future benefit accruals for the non-union employees were frozen as of December 31, 2012
