The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) Profit Sharing Plan
Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN

The following description of the National Construction Rentals, Inc. (the "Company" or "Employer") 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of the Company. There is no age or service requirement for participation in the Plan; however, to participate in employer discretionary contributions, participants must be employed as December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan entry dates are the first days of January, April, July and October.

Plan Restatement and Amendment
The Plan was amended and restated during 2004. The amendments related to reducing the time needed for plan eligibility and adjusting the plan entry dates.

The restated Plan conforms to a Volume Submitter Plan (VSP). The VSP has received a favorable determination letter from the Internal Revenue Service, and such letter may constitute reliance for an employer adopting the approved Plan.

Contributions
Participant contributions are made on a voluntary basis at the discretion of the participant, not to exceed 100% of the participant's gross compensation.

The Company may make matching contributions to the Plan equal to such amounts as the employer shall determine for every dollar of elective yearly plan deferrals. No employer contributions were made for the periods ended December 31, 2013 and 2012.

Participant Accounts
Each participant's account is credited with the participant's contribution, and allocations of the Employer's contribution and Plan earnings. Forfeitures of terminated participants' non-vested amounts, are used to offset future employer contributions allocated to participant accounts. Amounts of forfeitures available to offset future employer contributions were zero for both of the periods ended December 31, 2013 and 2012. Participants terminated before the end of the Plan year do not share in Employer contributions and forfeitures for such year.

Classification
Certain prior year amounts may be reclassified for purposes of comparison with the December 31, 2013 presentations.

Subsequent Events
The Plan has evaluated subsequent events through October 7, 2014, the date the financial statements were available to be issued.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Termination
The Employer expects the Plan to continue, but reserves the right to discontinue its participation in the Plan subject to the provisions of ERISA. In the event the Plan terminates, all participants will become fully vested.

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officers or employees received compensation from the Plan. Administrative expenses may be paid directly by the Company and include the fees of consultants, attorneys and accountants.

Participant Loans (Notes receivable - participants)
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance with terms not to exceed 5 years.

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued, unpaid interest. Interest income is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the loan to be a distribution, the loan balance is reduced and a benefit payment is recorded.

Loans outstanding for the Plan periods ended December 31, 2013 and 2012 were $740,942 and $753,489, respectively.

Retirement and Death Benefits
The value of a participant's account becomes fully vested and can be distributed upon the latter of the participant's 65th birthday or fifth year of participation. However, if a participant continues in the employment of the Company after reaching age 65, payment of benefits shall be postponed until his or her actual retirement.

The participants or designated beneficiaries shall be entitled, at their choice, to payment by either:

1) A lump sum;
2) A nontransferable joint and 100% survivor annuity contract, or, if not married, a single life annuity;
3) Installments over a period of time.

Death benefits, early retirement, disability benefits, and benefits due upon termination are paid to Plan participants or their beneficiaries in the same manner as normal retirement benefits as soon as possible after the occurrence of the event.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Disability Benefits
In the event a participant becomes totally and permanently disabled, the value of the participant's account becomes fully vested.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. A participant becomes vested in the Employer's contributions in accordance with the following schedule:

Years of Service	*Vested Percentage*
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more years	100%

Years of service include all years the participant has worked for the Employer, regardless of the participant's date of enrollment in the Plan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Plan's investments in a common collective trust fund, Wells Fargo Stable Value Fund, are based upon the value of the underlying assets in the funds held by the Plan. The Wells Fargo Stable Value Fund invests in fully benefit-responsive investment contracts. These contracts are recorded at fair value; however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statement of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amounts participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual result could differ from those estimates.

Concentration of Credit Risk
The Plan utilizes various investments instruments. Investment securities, in general, are subject to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

Evaluation of Tax Position
Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that, as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 3 - INVESTMENTS

The Plan's investments are held in a trust fund. Investments that represent 5 percent or more of the Plan's net assets are separately identified as follows:

Year ended December 31	*2013*	*2012*
Investments at fair value as determined by quoted market price:		
Wells Value Stable Value Fund	$ 1,408,252	$ 1,509,335
Harbor Capital Appreciation Fund	882,935	647,956
Pimco Total Return Adm	651,218	707,726
Columbia Large Cap Index Fund	1,115,695	830,958
Thornburg International Value Fund	529,828	474,327
Fidelity Advisor Freedom 2030 Fund	738,012	644,404
Fidelity Advisor Freedom 2040 Fund	552,111	392,770
Participant Loans	740,942	753,489

NOTE 3 - INVESTMENTS (Continued)

During the years ended December 31, 2013 and December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) had a net gain in value of $1,078,148 and $493,751, respectively.

NOTE 4 - EMPLOYER CONTRIBUTIONS

The Employer made no contributions to the Plan for the years ended December 31, 2013 and 2012.

NOTE 5 - EXCESS CONTRIBUTIONS PAYABLE

The Plan contains a restriction which requires that the actual deferral percentage (ADP) for participants who are highly compensated employees (HCE) for each plan year not exceed the ADP for participants who are non-highly compensated employees by a percentage determined under IRC Sections 401(k) and 401(m). No such refunds were payable to HCE's for the years ended December 31, 2013 or December 31, 2012.

NOTE 6 - NEW ACCOUNTING PRONOUNCEMENTS

In January 2010, new accounting guidance on fair value measurements was issued which requires (i) an entity to disclose separately the amounts of significant transfers in and out of Level 1 and 2 fair value measurements and describe the reasons for such transfers and (ii) separate presentation of purchases, sales, issuances and settlements for Level 3 fair value measurements. The new accounting guidance also clarifies the disclosure requirements about the inputs and valuation techniques for Level 2 or Level 3 fair value measurements. The adoption of the new accounting guidance did not have a material impact on the Plan's financial statements.

In September 2010, new accounting guidance was issued which requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants in the financial statements. The adoption of such guidance did not impact the amount of participant loans receivable, bud did result in a change in the description of such loans.

In May 2011, new accounting guidance on fair value measurements was issued which requires updates to the fair value measurement disclosure to conform U.S. GAAP and International Financial Reporting Standards effective for interim and annual periods beginning after December 15, 2011. The adoption of the new guidance did not have a material impact on the Plan's financial statements.

NOTE 7 - INCOME TAX STATUS

During 2003, the Internal Revenue Service issued a favorable determination letter stating that the Plan's document was acceptable within the requirements of IRC Section 401(a). Accordingly, the Plan is not subject to tax under present Federal income tax laws.

NOTE 8 - FAIR VALUE MEASUREMENTS

In accordance with SFAS No. 157, a fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability. SFAS No. 157 also established a three-tiered hierarchy that draws a distinction between market participant assumptions based on (i) observable inputs such as quoted prices in active markets for identical assets or liabilities (Level 1), (ii) inputs other than quoted prices for similar assets or liabilities in active markets that are observable either directly or indirectly (Level 2), and (iii) unobservable inputs that require the company to use present value and other valuation techniques in the determination of fair value (Level 3). The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value at December 31, 2013:

		Fair Value Measurements Using		
Description	Balance at December 31, 2013	Quoted Market Prices in Active Markets (Level 1)	Significant Other Observable (Level 2)	Significant Unobservable Inputs (Level 3)
Common collective trust funds	$ 1,397,075	$ -	$ 1,397,075	$ -
Mutual funds	6,565,219	6,565,219	-	-

Total assets at fair value	$ 8,703,236	$ 6,565,219	$ 1,397,075	$ 740,942

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2013 for loans to participants:

Balance, January 1, 2013	$ 753,489
Purchases, sales, issuances and settlements (net)	(12,547)
Balance, December 31, 2013	$ 740,942

The following description of the National Construction Rentals, Inc. (the "Company" or "Employer") 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

NOTE 5 - EXCESS CONTRIBUTIONS PAYABLE

The Plan contains a restriction which requires that the actual deferral percentage (ADP) for participants who are highly compensated employees (HCE) for each plan year not exceed the ADP for participants who are non-highly compensated employees by a percentage determined under IRC Sections 401(k) and 401(m). No such refunds were payable to HCE's for the years ended December 31, 2013 or December 31, 2012.

NOTE 6 - NEW ACCOUNTING PRONOUNCEMENTS

In January 2010, new accounting guidance on fair value measurements was issued which requires (i) an entity to disclose separately the amounts of significant transfers in and out of Level 1 and 2 fair value measurements and describe the reasons for such transfers and (ii) separate presentation of purchases, sales, issuances and settlements for Level 3 fair value measurements. The new accounting guidance also clarifies the disclosure requirements about the inputs and valuation techniques for Level 2 or Level 3 fair value measurements. The adoption of the new accounting guidance did not have a material impact on the Plan's financial statements.

In September 2010, new accounting guidance was issued which requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants in the financial statements. The adoption of such guidance did not impact the amount of participant loans receivable, bud did result in a change in the description of such loans.

In May 2011, new accounting guidance on fair value measurements was issued which requires updates to the fair value measurement disclosure to conform U.S. GAAP and International Financial Reporting Standards effective for interim and annual periods beginning after December 15, 2011. The adoption of the new guidance did not have a material impact on the Plan's financial statements.

NOTE 7 - INCOME TAX STATUS

During 2003, the Internal Revenue Service issued a favorable determination letter stating that the Plan's document was acceptable within the requirements of IRC Section 401(a). Accordingly, the Plan is not subject to tax under present Federal income tax laws.

NOTE 8 - FAIR VALUE MEASUREMENTS

In accordance with SFAS No. 157, a fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability. SFAS No. 157 also established a three-tiered hierarchy that draws a distinction between market participant assumptions based on (i) observable inputs such as quoted prices in active markets for identical assets or liabilities (Level 1), (ii) inputs other than quoted prices for similar assets or liabilities in active markets that are observable either directly or indirectly (Level 2), and (iii) unobservable inputs that require the company to use present value and other valuation techniques in the determination of fair value (Level 3). The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value at December 31, 2013:

		Fair Value Measurements Using		
Description	Balance at December 31, 2013	Quoted Market Prices in Active Markets (Level 1)	Significant Other Observable (Level 2)	Significant Unobservable Inputs (Level 3)
