Report on the Financial Statements
We have audited the accompanying financial statements of Holt of California 401(k) and Profit Sharing Plan for Non-Union Employees, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Holt of California 401(k) and Profit Sharing Plan for Non-Union Employees as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held at End of Year is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

HOLT OF CALIFORNIA
401(K) AND PROFIT SHARING PLAN FOR NON-UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1: DESCRIPTION OF PLAN

The following description of the Holt of California 401(k) and Profit Sharing Plan for Non-Union Employees provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a combined 401(k) and profit sharing plan covering all eligible employees who have attained the age of eighteen (18) years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eight employees of the Plan Sponsor act as the Plan Committee.

Effective September 1, 2013, the Plan was amended and restated. All plan assets were transferred from Bank of America, N.A. to Principal Trust Company. Prior to restatement, two officers of the Plan Sponsor acted as Trustees. Subsequent to restatement, Principal Trust Company serves as the Plan's third party administrator and is the Plan Trustee.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Upon eligibility, employees are automatically enrolled into the Plan. The automatic enrollment contribution percentage is 4% and increases 2% each year up to 12%; however a participant may voluntarily contribute up to 100% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code. Eligible participants deferring 0% are automatically enrolled on January 1. Employee salary deferrals include both pre-tax elective deferrals and Roth after-tax elective deferrals.

- *Employer Discretionary Contributions*
  The Plan Sponsor may elect to make profit sharing contributions at its discretion to plan members that are not covered under a collective bargaining agreement. Participants are eligible for employer contributions beginning on January 1 after their date of hire. The Plan Sponsor made profit sharing contributions of $1,350,000 and $1,200,000 in 2013 and 2012, respectively.

- *Employer Matching Contributions*
  The Plan Sponsor may elect to contribute an amount up to 100% of the first $1,000 of each participant's salary deferral contribution ("Tier 1" contribution). The Plan Sponsor may also contribute an amount equal to 50% of employee contributions that are over $1,000, but are not over 4% of compensation for the Plan year ("Tier 2" contribution). Participants are eligible for employer contributions beginning on January 1 after their date of hire. The Plan Sponsor elected to make Tier 1 and Tier 2 matching contributions in 2013 and 2012.

- *Employee Rollover Contributions*
  Employees may make rollover contributions from another qualified plan.

Participant Accounts and Allocations

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of the employer discretionary contributions. Investment earnings and losses relating to the Plan are allocated based on the participant's self-directed account balances. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan.

NOTE 1: **DESCRIPTION OF PLAN (CONTINUED)**

Forfeitures

Forfeitures may first be used to pay administrative expenses of the Plan. The Plan allows forfeitures to be used to reinstate previously forfeited account balances of former participants upon rehire, if any. Any remaining forfeitures are allocated to participants in the same manner as matching contributions. Forfeitures of $22,034 and $4,560 were allocated to participant accounts during the years ended December 31, 2013 and 2012, respectively. Forfeited amounts totaling $53,372 and $23,768 were available for allocation for the years ended December 31, 2013 and 2012, respectively.

Retirement

Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment of the participant; 3) upon reaching age 59½; 4) total and permanent disability; 5) upon demonstration of financial hardship; or 6) death of the participant. Benefit payments are distributed to participants in a single lump sum.

Vesting

Participants are always 100% vested in their voluntary contributions and Tier 1 employer contributions. Tier 2 and profit sharing employer discretionary contributions and gains/losses credited thereon vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Notes Receivable From Participants

The Plan allows employees to borrow against their accounts a minimum of $1,000, up to an amount equal to the lesser of $50,000 or 50% of the participant's vested balance. Borrowings bear interest and repayment terms may be no longer than five years unless the loan is used to purchase a primary residence of the participant, in which case the loan repayment term may not exceed 15 years. Loans are secured by the balance in the participant's account.

Administrative Expenses

All administrative expenses of the Plan are paid by the Plan or the Plan Sponsor at the discretion of the Plan Committee. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting and in accordance with generally accepted accounting principles of the United States (U.S. GAAP).

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Investment Valuation and Income Recognition
Investments in common collective trusts, pooled separate accounts and mutual funds are stated at fair market value using quoted market prices when available. Realized and unrealized market gains and losses on investments are reflected in each participant's account. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Investments are valued daily. Investments are participant directed within fund choices selected by the Plan Committee.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits to participants are recorded when paid.

Income Taxes
The Plan is intended to be a qualified retirement plan and has received a favorable determination letter from the Internal Revenue Service dated August 10, 2010. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2013 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2010.

Estimates and Assumptions
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INVESTMENTS**

The Plan's investments, including gains and losses on investments bought and sold as well as held during the year, appreciated in value as follows:

	2013	2012
Mutual funds	$ 2,551,102	$ 2,144,450
Pooled separate accounts	497,608	-
Common collective trusts	72,839	35,700

NOTE 3: **INVESTMENTS (CONTINUED)**

NOTE 4: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Levels 1 and 2 of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets are liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4: **FAIR VALUE MEASUREMENTS (CONTINUED)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The NAV is based on the fair value of the underlying investments primarily mutual funds. The fair value of the mutual fund is a publicly quoted pricing input (level 1) and is used in determining the NAV of the pooled separate account, which is not publicly quoted.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

NOTE 5: **PLAN TRANSFERS**

Funds are transferred between the Holt of California 401(k) and Profit Sharing Plan for Non-Union Employees and the Holt of California Union 401(k) Plan due to employees who transfer from non-union to union employment status or vice versa.

NOTE 6: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and administrative services are included in administrative expenses. Indirect compensation for investment management services are recorded as a reduction of appreciation or additional depreciation in the fair value of investments. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 8: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 9: **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2014, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
