Report on Financial Statements

We were engaged to audit the accompanying financial statements of the ABX Air, Inc. Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Note 1 - Description of Plan

The following description of the ABX Air, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan was established August 15, 2003, as a trusteed, noncontributory defined contribution profit sharing plan for employee retirement for eligible employees of ABX Air, Inc. (the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility - A crew member is eligible to participate in the Plan following twelve (12) months of employment, as defined in the Plan, provided that such employee is covered under a collective bargaining agreement between the Company and the International Brotherhood of Teamsters Local 1224.

In addition, employees who are not covered under the collective bargaining agreement but actively participated in the Airborne Express Profit Sharing Plan immediately prior to the effective date of this Plan and were employed on the effective date of the Plan are also eligible to participate in the Plan. However, these participants are not eligible to receive profit sharing contributions.

Contributions - Discretionary profit sharing contributions may be made to eligible employees who are in the service of the Company on the last day of the plan year. Such contributions are allocated to participant accounts based upon the ratio of the participant's compensation to total compensation of all eligible participants. No discretionary profit sharing contributions were made for the year ended December 31, 2013. Contributions are subject to regulatory limitations.

Benefits Paid to Participants - On termination of service, the value of a participant's individual account is payable, at each participant's or beneficiary's option, in a single lump sum payment equal to the value of the participant's vested account balance or in other forms of payment as allowed by the Plan.

Investments - The Plan provides that profit sharing contributions be invested for the benefit of the participants in a general account. The allocation of contributions and investments between investment categories is at the direction of the Advisory Committee.

Participants who have attained age 55, completed five years of service, and declared their intent to retire within 18 months may elect a one-time transfer of their account balance to the Special Retirement Fund (SRF). Amounts allocated to the SRF are invested in money market securities, certificates of deposit, or guaranteed investment contracts at the direction of the Advisory Committee.

Note 1 - Description of Plan (Continued)

Vesting - Participants vest in the Company's profit sharing contributions and related earnings after three years of service, at which time they are 100% vested. During 2009, the Company determined the Plan met the criteria for a partial plan termination resulting from the reduction of a significant portion of the Company's work force. As a result, each participant who was affected by the partial plan termination became fully vested in their account balances.

Forfeitures - The nonvested portion of account balances of terminated employees is allocated to the participants with profit sharing account balances in the same manner in which the Company's profit sharing contributions are allocated.

Participant Accounts - Each participant's account is credited with allocations of the Company's contributions and earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the Plan.

Termination of the Plan - Although there is no current intention to do so, the Plan may be terminated at the option of the Board of Directors of the Company. In the event of Plan termination, all assets become fully vested and are paid directly to the participant or transferred into another qualified plan or account.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation - Investments are stated at fair value. The Plan's trustee, Northern Trust Company (the Trustee), certifies the fair value of all investments as of December 31, 2013 and 2012. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Note 2 - Summary of Significant Accounting Policies (Continued)

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Plan interest in Master Trust investment income consists of an allocation of dividends, interest, and both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits - Benefits are recorded when paid. As of December 31, 2013 and 2012, benefit claims totaling $293,231 and $46,021, respectively, had been received from participants for payment during the following year.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events - The Plan has evaluated subsequent events through October 10, 2014, which is the date the financial statements were available to be issued.

Note 3 - Interplan Transfers

The assets transferred from the Plan and shown on the financial statements as interplan transfers are attributable to employees who have changed employment status and have transferred individual account balances to the ABX Air, Inc. Retirement Income Plan (the RIP) or ABX Air, Inc. Pilots Minimum Monthly Retirement Income Plan (the PMMRIP).

Note 4 - Tax Status

The Internal Revenue Service determined and informed the Company by a letter dated September 16, 2011, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Note 5 - Differences between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2013	2012
Net assets available for benefits per the financial statements	$ 59,028,229	$ 54,822,027
Less: Benefit claims payable	(293,231)	(46,021)
Net assets available for benefits per the Form 5500	$ 58,734,998	$ 54,776,006

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2013:

Benefits paid to participants per the financial statements	$ 1,870,047
Add: Benefit claims payable at December 31, 2013	293,231
Less: Benefit claims payable at December 31, 2012	(46,021)
Benefits reported on the Form 5500	$ 2,117,257

Note 6 - ABX Air, Inc. Defined Benefit Master Trust

The ABX Air, Inc. Defined Benefit Master Trust (the Master Trust) holds the assets of the Plan, the PMMRIP and the RIP. The assets of the Master Trust are held by the Trustee.

The accompanying statements of net assets available for benefits reflect the Plan's apportioned share of the underlying plan assets and liabilities of the Master Trust. Allocations of net income from the Master Trust are based on the Plan's net assets at the beginning of the year with adjustments for contributions and benefit payments made during the year.

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Note 6 - ABX Air, Inc. Defined Benefit Master Trust (Continued)

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Master Trust's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds - Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Master Trust and are valued at the closing price reported on the active market on which the individual securities are traded.

Collective Trusts - The Master Trust has investments in various collective trust funds that invest mainly in equity and fixed income securities with investment objectives as summarized in the table below. There are no restrictions on the Plan's ability to sell these investments as of the measurement date.

Units held in collective trusts are valued using the NAV of the fund. The NAV of a collective investment fund is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund.

Common Stocks - Common stocks are valued at the closing price reported on the active markets on which the individual securities are traded.

Corporate and Government Obligations - Investments in U.S. Treasury obligations are valued at closing prices as quoted on active markets. Quoted market prices are generally not available for corporate, municipal, government agency, and mortgage-backed securities and fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, discounted cash flows and other observable inputs.

Fund of Hedge Funds - The K2 Overseas Long Short Fund, Ltd. (K2 Fund) invests primarily in interests of limited and general partnerships, unit trusts or other investment entities issued by non-traditional firms or hedge funds which engage in a variety of investment strategies. There are no restrictions on the Master Trust's ability to sell this investment as of the measurement date.

Shares held in the K2 Fund are valued using the NAV of the fund as reported by the fund administrator at estimated fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The values of the fund's underlying assets are estimated using available quoted market values, formal appraisals, liquidation values, and comparisons with the performance of other holdings with similar investment strategies. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Shares in the K2 Fund may generally be redeemed as of the last business day of each quarter with at least 91 days prior notice. The Plan has adopted authoritative guidance which allows reporting entities to classify investments valued using NAV and meeting certain criteria to be classified as level 2 investments in the fair value hierarchy.

Real Estate Trust - The Guggenheim Real Estate Plus Trust (Guggenheim) invests in both publicly-owned real estate securities and privately-owned real estate investments.

Shares held in Guggenheim are valued using the NAV of the trust as reported by the fund's trustee at estimated fair value. The values of the fund's underlying assets are estimated using the last reported sales price on the last day of the period, quotations from principal-to-principal markets or recognized pricing services, or good faith estimates made by the fund administrator. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. The Plan has adopted authoritative guidance which allows reporting entities to classify investments valued using NAV and meeting certain criteria to be classified as level 2 investments in the fair value hierarchy.

Private Equity Limited Partnership - The NB Crossroads Fund XVIII - Plan Asset Allocation LP (Crossroads LP) is a limited partnership formed July 21, 2006 for the purpose of acquiring, holding, selling, and exchanging interests in limited partnerships or other pooled investment vehicles that make investments in buyouts, special situations, and venture capital investment funds, as well as securities. The Crossroads LP will terminate March 30, 2017, unless earlier dissolved or extended pursuant to the limited partnership agreement.

Note 6 - ABX Air, Inc. Defined Benefit Master Trust (Continued)

The interest in the Crossroads LP is valued using the Master Trust's proportionate share of the fair value of Crossroads LP's underlying investments and other assets. The fair value of Crossroads LP's investments are reported at fair value by the general partner based on quoted market values when available, cost of securities, prices of recent third party transactions, subsequent developments concerning the companies to which the securities relate, and financial data and projections provided to the general partner. The partnership interest for the Crossroads Fund is classified within level 3 of the valuation hierarchy and is allocated only to the PMMRIP and RIP.

The Master Trust has committed to make contributions to the Crossroads LP totaling $11,211,665 with contributions made as requested by the general partner. As of December 31, 2013, the Master Trust has a remaining commitment of $2,018,100. Except in certain limited circumstances, the Master Trust is not permitted to withdraw from the Crossroads LP or withdraw any portion of its capital account. Transfers of the Master Trust's partnership interest in the Crossroads LP may be made with written approval of the investment advisor.

Note 7 - Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risk. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Note 8 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The plan administrator has obtained a certification from the Trustee that the following information is complete and accurate:

- Plan interest in Master Trust in the statements of net assets available for benefits as of December 31, 2013 and 2012.

- Plan interest in Master Trust investment income included in the statement of changes in net assets available for benefits for the year ended December 31, 2013.
