ROBINSON MILLS & WILLIAMS PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of **Robinson Mills & Williams Profit Sharing 401(k) Plan** (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all of the employees of Robinson Mills & Williams (the Plan Sponsor) who have completed at least three months of service. Participants may begin deferring a portion of their compensation into the Plan following eligibility. Leased employees, independent contractors, and residents of Puerto Rico are specifically excluded from participating in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may defer a portion of their compensation to the Plan subject to certain anti-discrimination tests and to a maximum contribution of $17,500 per year (for 2013). The plan sponsor has the option under the Plan to make discretionary profit sharing contributions. Employees are eligible for an allocation of these profit sharing contributions providing they are employed by the employer on the last day of the Plan year and have completed at least 3 months of service during the plan year. Profit sharing contributions are allocated based on the participant's compensation as compared to total compensation for all eligible participants. No discretionary profit sharing contributions were made for the year ending December 31, 2013.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance is derived through an allocation of these funds. Each participant's account is credited with the participant's contributions, plan sponsor profit sharing contributions, and related investment earnings and losses pursuant to the participant's investment allocations. Allocations of income are based strictly on the participant's selection of investments and timing of purchase.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Plan's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant vests in the Plan's contributions at the rate of 20% per year after the second year of service.

NOTE 1 - DESCRIPTION OF PLAN - *continued*

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distribution from the participant's deferral portion of their account balance is permitted providing the participant has attained age 59½ and completed five years of service in the Plan. Participants who qualify for benefits and withdrawals may elect to receive their benefits in the form of a joint survivor annuity, installment payments or a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's account. Participants who separate from service during the year and have vested account balances of $1,000 or less are subject to an administrative distribution at the discretion of the plan administrator.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $19,663 and $29,942, respectively. These accounts will be used to reduce future employer contributions.

Loans to Participants

The Plan permits loans to its participants based upon their vested account balance. Loans are limited to the lesser of 50% of the participant's vested account balance or $50,000, and the minimum loan amount is $1,000. Loans bear a fixed rate of interest determined on the date of advance by the plan administrator. All borrowings are payable through regular payroll deductions made at least on a quarterly basis. Loans are generally due within 5 years unless they are used to acquire a principle residence. All loans are immediately offset against the participant's account balance.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 6, 2014, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - *continued*

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Participant loans are stated at cost, which approximate fair value. Increases or decreases in fair value are recognized currently. All of the Plan's assets are invested in the market, which is subject to volatility.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
Since the inception of the Plan, the plan sponsor has absorbed some of the administrative expenses of operating the Plan.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than the quoted prices included in Level 1; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

All of the Plan's investments were measured using Level 1 inputs. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

NOTE 4 - INVESTMENTS

The following table presents investments that represent 5 percent or more of the Plan's net assets.

	December 31, 2013	December 31, 2012
Investments at Fair Value as Determined by Quoted Market Price		
Mutual funds:		
Fidelity Contrafund	$ **3,737,796**	$ 2,952,423

Spartan Intl Index Adv	**961,923**	845,863

During the year, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $1,956,552 as follows:

Mutual Funds	$ 1,956,552

NOTE 5 - RELATED PARTY TRANSACTIONS

All of the Plan's assets are invested with Fidelity Management Trust Company in funds that they manage. Accordingly, all transactions with Fidelity Management Trust Company qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Trustees have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested in their accounts

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan by letter dated June 8, 1995, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's ERISA counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
