INDEPENDENT AUDITOR'S REPORT

To the Durant Auto Group 401(k) Plan and Participants
Grapevine, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Durant Auto Group 401(k) Plan, which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2013 and 2012, and the related modified cash basis statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, Prudential Retirement Insurance and Annuity Company, and Prudential Bank & Trust, F.S.B., the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodians is complete and accurate.

CPA™

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 DESCRIPTION OF PLAN

The following description of the Durant Auto Group 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan for the benefit of the employees of Classic Chevrolet, Inc. (Classic Grapevine), Classic Chevrolet Buick GMC, Inc. (Classic Granbury), Classic Buick GMC, Ltd. (Classic Arlington), 4984 Classic Ltd., d/b/a Classic Chrysler (Classic Denton), 3925 Partners, Ltd., d/b/a Mike Brown Ford (Mike Brown Ford), Classic Chevrolet Sugarland, LLC (Classic Sugarland), Classic Buick GMC of Carrollton, LLC (Classic Carrollton), Stingray Chevrolet, LLC (Stingray Plant City), Stingray Chevrolet – Bartow, LLC (Stingray Bartow), Smart Auto Leasing, LLC (Leasing), and Classic Autoplex GM, LLC (Classic Galveston). These entities (collectively, the Company) are under common ownership and control. The Plan qualifies as a profit-sharing plan under Internal Revenue Code (Code) Section 401(a) and as a cash-or-deferred arrangement under Code Section 401(k).

The Plan covers substantially all eligible employees, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees must be at least 18 years old and have three months' service with the Company to be eligible. Eligible employees may enter the plan the first day of any month.

Employee Contributions

Participants are permitted to contribute 1% to 75% of their annual compensation, as defined in the Plan document, to the Plan on a tax-deferred basis. Employees defer 2% of their compensation unless they elect a different amount. Transfers from qualified plans are allowed under the provisions of the Plan. After-tax contributions are not allowed.

Employer Contributions

The Company makes matching contributions based on each participant's contributions. Except as discussed below, the matching rate is 25% during an employee's first four years of service and 50% thereafter. The matching contribution is limited to matching participant contributions up to 6% of salary (i.e., the match is limited to 1.5% of compensation for the first three years and 3% of compensation thereafter). The matching contribution discussed above is determined based on the participants' compensation and contributions each pay period. These are described as matching contributions in the financial statements.

The Company may make qualified nonelective contributions (QNECs) if/as needed to satisfy ERISA compliance testing. The need for a QNEC is determined at the employer level. If made, these are allocated to the accounts of "non-highly compensated employees" (as defined in ERISA) of that particular employer who were eligible to contribute to the plan, based on their ratable share of total compensation. These are described as employer discretionary contributions in the financial statements.

Note 1 **DESCRIPTION OF PLAN** – (continued)

Forfeitures

Forfeitures may be used to reduce future employer contributions or pay plan expenses.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, any employer discretionary profit-sharing contribution, and Plan investment earnings or losses, which are allocated proportionately among all participants based on their investment in each fund.

Vesting

Participants employed at Classic Grapevine or Classic Granbury are fully vested in all accounts.

Other participants are fully vested in their deferral, rollover, and QNEC accounts. Other employer matching contributions are 25% vested after one year's service with the Company. That increases 25% per year, until they are fully vested after four years of service. Participants' balances become fully vested if the participant reaches normal retirement age (age 65), becomes disabled, or dies while employed by the Company.

Administrative Expenses

The Company pays certain administrative expenses, such as the cost of Company employees' time involved in plan administration; the Company also absorbs costs not permitted to be paid from plan assets. Other administrative expenses, such as investment advisory fees, audit fees, and transaction charges, are paid by the Plan.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. They may also receive an annuity with the same value. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Unless another distribution election is timely made, accounts of terminated participants with balances less than $5,000 are distributed in a lump sum automatically. Amounts between $1,000 and $5,000 are rolled into an individual retirement account for the benefit of the participant.

Note 1 **DESCRIPTION OF PLAN** – (continued)

The Plan permits in-service withdrawals: (1) of rollover contributions, at the participant's request, (2) for employees over the age of 59 ½ and (3) for certain hardship situations, as defined.

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

Effective January 1, 2013, the Plan changed its basis of accounting from accounting principles generally accepted in the United States of America to the modified cash basis of accounting. This method differs from accounting principles generally accepted in the United States of America since revenues are recorded when received rather than when earned, and expenses are recorded when paid rather than when incurred. This change had no material effect on 2012 balances or results of operations.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 3 **TAX STATUS**

The Plan has adopted a Volume Submitter Plan of Fidelity Management & Research Company (FMR). FMR obtained an advisory letter in regard to this volume submitter plan, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the U.S. Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2010.

Note 4 **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan's sponsor has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 5 **INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS**

Fidelity Workplace Services, LLC (FWS) is a wholly-owned subsidiary of FMR, LLC (Fidelity). Fidelity Management Trust Company (FMTC) is (indirectly) a wholly-owned subsidiary of Fidelity.

Note 6 **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 6 **FAIR VALUE MEASUREMENTS** – (continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds are stated at fair value, based on quoted market prices. This is a Level 1 fair value measurement.

Pooled separate accounts (PSAs) are not publicly traded, but are invested in assets whose values are publicly quoted. PSAs are carried at the net asset value (NAV) of the PSA; this value is driven by the quoted market prices of the underlying investments. If the PSA investment can be redeemed at NAV at the balance sheet date, the investment is characterized as a Level 2 fair value measurement. Otherwise, the investment is characterized as a Level 3 fair value measurement.

Fair value of the guaranteed income fund was calculated by multiplying the balance in the account by an established interest rate. This is a Level 2 fair value measurement. See also Note 7.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 sets forth the plan's assets at fair value as of December 31, 2013 and 2012. All 2013 assets are Level 1 fair value measurements. All 2012 investments are Level 2 fair value measurements.

Note 7 INVESTMENT CONTRACT

In 2012 and most of 2013, the Plan had benefit-responsive investment contracts with PRIAC. PRIAC maintained the contributions in a general account.

The account was credited with earnings at the crediting interest rate and charged for participant withdrawals and administrative expenses. The investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

As described in Note 2, because the investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is included in the financial statements at contract value as reported to the Plan by Prudential. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate is announced by the issuer in advance of each semi-annual resetting period. The rate is set based on projected earnings, gains and losses on the underlying investments, the current interest environment, investment expenses, and a component for insurance company profit and risk. The minimum crediting interest rate was 1.50% during 2013 and at December 31, 2012. The average yield was approximately N/A and 2.50% in 2013 and 2012, respectively.

The investment contract was terminated during 2013.

Note 8 REPORTABLE TRANSACTIONS

There were no reportable transactions in 2013.

Note 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 **PARTY-IN-INTEREST TRANSACTIONS**

Most of the Plan's investments are shares of mutual funds managed by FMTC, the custodian of the Plan.

Employee deferrals received by the plan in 2013 included deferrals for seven pay periods (totaling approximately $20,446) from a prior year. Since they were not remitted to the Plan on a timely basis, these are nonexempt party-in-interest transactions under ERISA.

Note 11 **SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through October 08, 2014, the date which the financial statements were available to be issued.
