NOTE 1 – DESCRIPTION OF THE PLAN

The following description of ETS Express, Inc. 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees (the "Participants" of ETS Express, Inc. (the "Company" and "Plan Sponsor"). To be eligible for elective contributions, an employee must have completed six months of service and be twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The executive management of the Company controls and manages the operation and administration of the Plan. John Hancock Life Insurance Company (U.S.A.) serves as the custodian of the Plan's assets. The Benefit Practice, Inc. provides recordkeeping and investment accounting services.

Employee Contributions – Each year, participants may contribute up to the maximum amount limited by the Internal Revenue Service (the "IRS"). For the year ended December 31, 2013, employees can defer up to $17,500. Participants may also contribute amounts representing distributions from other qualified defined benefit, defined contribution plans or individual retirement accounts.

Participants who are age 50 or older may make catch-up contributions to the Plan up to the maximum amount limited by the IRS. For the year ended December 31, 2013, this additional catch-up contribution is $5,500.

Employer Contributions – The Company has elected to satisfy the safe harbor provisions by making safe harbor contribution to the Plan. The safe harbor non-elective contribution is 100% of each participant's salary deferral up to 3% of their pre-tax annual compensation plus 50% of the deferral between 3% and 5% of their pre-tax annual compensation. For the year ended December 31, 2013, the Company contributed $103,353. The employer does not provide any matching contributions on special catch-up contributions.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their elective, safe harbor matching and actual earnings thereon. Vesting in the profit sharing and matching contributions plus earnings thereon is based on years of continuous service. Vesting occurs ratably and a participant is 100 percent vested after six years of credited service. Additionally, a participant becomes 100 percent vested in the employer's contribution upon the occurrence of (1) death,(2) total and permanent disability, (3) attainment of age 65, and (4) termination of the Plan.

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in any of the 29 pooled separate accounts held by John Hancock Life Insurance Company (U.S.A). All pooled separate account funds invest in publicly traded mutual funds or other sub-managed accounts. These pooled separate accounts are purchased at the direction of Participants through salary deferrals, Company safe harbor contribution and investment income reinvestments. Additionally, shares in these accounts are sold whenever a participant withdraws from the Plan or borrows from it.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participants' Loans – Participants may borrow from their fund accounts in an amount between $1,000 and $50,000, not to exceed 50% of the vested amount. Loan terms are in general up to 5 years, or a reasonable time would be determined if the loan is for the main purpose of purchasing the principal residence of the participant. As of December 31, 2013, participant loans have various maturities through the year 2018. The loans are secured by the balance in the participants' accounts, and the current loans bear interest rate at 4.25%**.** Principal and interest are paid through payroll deduction. Additionally, participants who apply for loans are charged a one-time, $75 application fee and an annual maintenance fee of $50. Fees charged to participant accounts for such services amounted to $400 for the year ended December 31, 2013.

Loans are segregated investments and to the extent a participant borrows, their account will not share in the earnings and gains in value attributable to other investments. The interest that participants pay on their loans will be directly credited to their account. If any losses are realized or expense incurred in the event of default, such losses and expense shall be allocated only to the participant's accounts. Unpaid principal balances on loans will be deemed a distribution if the participant terminates employment with the Company.

Payment of Benefits – Upon termination of employment due to retirement or death, a participant or his or her beneficiary will receive a single sum of the vested account balance. A participant shall choose to be paid in a single sum of their vested account balance or to be rolled over to a qualified retirement plan if he or she ceases to be an employee for any other reason. The Plan has adopted an automatic distribution policy for terminated participants whose accounts are below $5,000. The plan charges distribution fees ranging from $50 to $75 for various types of distributions.

Forfeited Accounts – Forfeited non-vested accounts are used to reduce future employer contributions. There was $388 of forfeitures during 2013. At December 31, 2013, forfeited non-vested account balances totaled $388.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Contributions by participants are recognized in the period the participants' wages are earned, but withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to Internal Revenue Code (the "IRC") provisions. Plan expenses are recorded when incurred.

Use of Estimates – The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts disclosures. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition* –** The Plan invests in proprietary separate accounts of the custodian, many of which invest exclusively in one underlying mutual fund traded on an established market. These pooled separate accounts are purchased at the direction of Participants through salary deferrals, company matching contribution and investment income reinvestments. Additionally, shares in these accounts are sold whenever a participant withdraws from the Plan or borrows from it.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Participant loans included under investments are recorded at cost plus accrued interest.

Purchases and sales of the shares are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends from the mutual funds are recorded when reported by the registered investment companies**.**

Notes Receivable from Participants **–** Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2013 and 2012. Delinquent participant loans, if any, are classified as distributions based on the terms of the plan agreement.

Plan Termination – Although it has not expressed any intention to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the entire amount of each participant's account, with respect to the Plan, shall become 100% vested and non-forfeitable.

Plan Administrator Costs – The Company absorbs a portion of administration costs related to the Plan. Administrative expenses and fund fees incurred by the Plan for the year ended December 31, 2013 totaled $2,756. This amount consists of administration fees of $2,356 and transaction fees of $400.

Risks and Uncertainties **-** The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term. Such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Related Party Transactions **–** Certain Plan investments are held in shares of pooled separate accounts in which John Hancock Life Insurance Company (U.S.A.) is the asset holder. These transactions qualify as party-in-interest transactions.

Subsequent Events **–** Subsequent events have been evaluated through October 9, 2014, the date the financial statements were available to be issued.

NOTE 3 – TAX STATUS

The Plan follows the provisions of the Sungard Business Systems, LLC Prototype Non-Standardized 401(k) Profit Sharing Plan and Trust. The IRS has determined and informed the Trustee by letter dated March 31, 2008, that the prototype plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the prototype plan and with applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Pooled separate accounts:		
JH Lifestyle Fund - Aggressive Portfolio	$ 571,729	$ 391,022

NOTE 6 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- *Level 2*: Inputs to the valuation methodology include (a) Quoted prices for similar assets or liabilities in active markets; (b) Quoted prices for identical or similar assets or liabilities in inactive markets; (c) Inputs other than quoted prices that are observable for the asset or liability; or (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 6 – FAIR VALUE MEASUREMENTS – (CONTINUED)

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Pooled Separate Accounts: Valued at the net asset value (the NAV) of shares held by the Plan at year-end. The NAV of pooled separate accounts is based upon the market value of the underlying investments and observable inputs. The separate accounts begin with a price determined by the custodian, and the number of units issued are calculated to match the current fair market value of the underlying mutual fund holdings (shares x price). The price of each separate account investment will not match the price of the corresponding mutual fund. However, the rate of return of each will be consistent, taking into account any plan / participant expenses.

The NAV of the pooled separate accounts is classified within the *Level 2* of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on the underlying investments which are traded on an active market.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

	Level 2
December 31, 2013	
Pooled separate accounts	$ 1,382,653
December 31, 2012	
Pooled separate accounts	$ 907,820

In regards to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the year ended December 31, 2013. The nature, risks and investment objectives of the level 2 and 3 investment categories described above, for which fair value is estimated at NAV, can be found in the Plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. As of December 31, 2013, there were no unfunded commitments associated with any of these investments.
