Independent Auditor's Report

To the Plan Administrator
Marmon Consolidated Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Marmon Consolidated Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013 and 2012 and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013 that the information provided to the plan administrator by the Trustee is complete and accurate.

To the Plan Administrator
Marmon Consolidated Retirement Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description

The following description of Marmon Consolidated Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document with supplements and related union agreements, if applicable, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering certain participants of the Participating Employers (the "Companies"). Eligibility is based on the provisions set forth in the applicable supplement for each Participating Employer. Participant eligibility to make 401(k) and after-tax contributions, if allowed, ranges from the completion of one hour of service to the completion of one year of service. Two supplements are frozen to new participants. Participant eligibility to receive employer contributions, if allowed, ranges from the completion of one hour of service to the completion of one year of service. Additional employer contribution eligibility requirements vary by supplement and potentially include a last day rule. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions are based on the provisions and limitations set forth in the applicable supplement for each participating employer. If provided in the applicable supplement, the Plan provides for employee salary 401(k) contributions up to the maximum tax-deferred limitations established by the Internal Revenue Code. Maximum employee 401(k) percentage of annual compensation varies by supplement and ranges from 6 percent to 60 percent. If provided in the applicable supplement, the Plan allows participants to contribute a portion of their compensation on an after-tax basis. Maximum after-tax percentage of annual compensation varies by supplement and ranges from 10 percent to 30 percent. If provided in the applicable supplement, participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

If provided in the applicable supplement, the Plan provides for employer matching contributions ranging from 15 to 50 percent of the participant's contribution not to exceed 5 or 6 percent of the employee's deferred compensation depending on the applicable supplement or, for one supplement, 50 percent to 100 percent of the first \$7 or \$15 of after-tax contributions contributed by the participant each week.

If provided in the applicable supplement, the Plan also allows for employer discretionary contributions, as determined based on each supplement, and are allocated either on a flat dollar amount per employee or on a per share (hours worked) basis ranging from \$0.02 to \$2.43 per share.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Participant Accounts - Each participant's account is credited with the participant's contribution, allocations of the Companies' contributions, if applicable, and plan earnings, and charged with an allocation of administrative expenses. Depending on the type of allocation, allocations are based on the participant's compensation, hours worked, deferrals, transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment. If provided in the applicable supplement, the Plan allows 59 1/2 and after-tax withdrawals. Based on the applicable supplement, a participant's vested account will be paid in the form of a lump sum or annuity.

Hardship Withdrawals - If provided in the applicable supplement, the Plan allows for participants to request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document.

Vesting - Participants are immediately 100 percent vested in employee 401(k), after-tax, and rollover contributions and any income or loss thereon. Vesting in the Companies' contribution portion of their accounts, plus actual earnings thereon, is based on years of service, as defined by the plan document and supplements. Participants' vesting varies based on the applicable supplement and range from zero percent vesting each year becoming 100 percent vested after three years of service to a percentage of vesting for each year of service becoming 100 percent vested after six years of service.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions. At December 31, 2013 and 2012, forfeited account balances totaled approximately \$77,000 and \$130,000, respectively. During 2013, approximately \$107,000 of forfeitures were used to reduce company contributions.

Participant Notes Receivable - If provided in the applicable supplement, the Plan allows participants to borrow from their accounts a minimum of \$500 or \$1,000 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. The participant notes receivable are secured by the balance in the participant's account and bear interest at rates equal to the prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant may not have more than one note receivable outstanding at any time.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Termination - While the Marmon Retirement Administrative Committee has not expressed any intent to do so, the Marmon Retirement Administrative Committee, solely and without consent of the Companies, has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan document, related union agreements, and ERISA. While the Companies have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time subject to the provisions set forth in the plan agreement, related union agreements, and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below. The stable value common collective trust fund investment is valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the stable value common collective trust fund is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The stable value common collective trust fund primarily holds synthetic guaranteed investment contracts, which hold portfolios of fixed-income securities with wrap contracts. The fair value of the fixed-income securities is valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures. The fair value of wrapper contracts provided by the contract issuer is based on the replacement cost methodology which is the present value of the difference between the replacement wrapper fee and the contracted wrapper fee. The remaining common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets.

All other investments are valued based on quoted market prices. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Companies or the plan's sponsor.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 2, 2014, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 3 - Unaudited Information (Continued)

Investments that exceed 5 percent of end of year net assets are as follows:

	2013	2012
Mutual funds - At fair value:		
American Funds Europacific Growth Fund - R6	\$ 9,217,398	\$ 7,406,443
Dodge & Cox Common Stock Fund	7,383,067	5,625,576
PIMCO Total Return Institutional Fund	7,681,002	7,106,891
Common collective trust funds:		
INVESCO Stable Value Trust - At contract value	24,425,477	25,246,674
Winslow Large Cap Growth I Fund - At fair value	11,263,929	8,899,405
Vanguard Employee Benefit Index Fund - At fair value	13,509,600	10,677,746

Note 4 - Tax Status

The Plan has received a determination letter dated February 9, 2012 from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan has submitted an application for a new determination letter during 2013.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2010.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2013 and 2012 and the valuation techniques used by the Plan to determine those fair values.

Level I - Fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 5 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 5 - Fair Value Measurements (Continued)

- (a) The common collective trust funds invest primarily in equity securities which may include common stocks, options, and futures. There were no unfunded commitments or redemption restrictions on these investments at December 31, 2013 and 2012.
- (b) The common collective trust fund invests primarily in investment contracts made up of debt securities or units of collective trust funds issued by insurance companies, banks, or other financial institutions. There were no unfunded commitments or redemption restrictions on this investment at December 31, 2013 and 2012.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2013.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description

The following description of Marmon Consolidated Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document with supplements and related union agreements, if applicable, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering certain participants of the Participating Employers (the "Companies"). Eligibility is based on the provisions set forth in the applicable supplement for each Participating Employer. Participant eligibility to make 401(k) and after-tax contributions, if allowed, ranges from the completion of one hour of service to the completion of one year of service. Two supplements are frozen to new participants. Participant eligibility to receive employer contributions, if allowed, ranges from the completion of one hour of service to the completion of one year of service. Additional employer contribution eligibility requirements vary by supplement and potentially include a last day rule. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions are based on the provisions and limitations set forth in the applicable supplement for each participating employer. If provided in the applicable supplement, the Plan provides for employee salary 401(k) contributions up to the maximum tax-deferred limitations established by the Internal Revenue Code. Maximum employee 401(k) percentage of annual compensation varies by supplement and ranges from 6 percent to 60 percent. If provided in the applicable supplement, the Plan allows participants to contribute a portion of their compensation on an after-tax basis. Maximum after-tax percentage of annual compensation varies by supplement and ranges from 10 percent to 30 percent. If provided in the applicable supplement, participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

If provided in the applicable supplement, the Plan provides for employer matching contributions ranging from 15 to 50 percent of the participant's contribution not to exceed 5 or 6 percent of the employee's deferred compensation depending on the applicable supplement or, for one supplement, 50 percent to 100 percent of the first \$7 or \$15 of after-tax contributions contributed by the participant each week.

If provided in the applicable supplement, the Plan also allows for employer discretionary contributions, as determined based on each supplement, and are allocated either on a flat dollar amount per employee or on a per share (hours worked) basis ranging from \$0.02 to \$2.43 per share.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Participant Accounts - Each participant's account is credited with the participant's contribution, allocations of the Companies' contributions, if applicable, and plan earnings, and charged with an allocation of administrative expenses. Depending on the type of allocation, allocations are based on the participant's compensation, hours worked, deferrals, transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment. If provided in the applicable supplement, the Plan allows 59 1/2 and after-tax withdrawals. Based on the applicable supplement, a participant's vested account will be paid in the form of a lump sum or annuity.

Hardship Withdrawals - If provided in the applicable supplement, the Plan allows for participants to request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document.

Vesting - Participants are immediately 100 percent vested in employee 401(k), after-tax, and rollover contributions and any income or loss thereon. Vesting in the Companies' contribution portion of their accounts, plus actual earnings thereon, is based on years of service, as defined by the plan document and supplements. Participants' vesting varies based on the applicable supplement and range from zero percent vesting each year becoming 100 percent vested after three years of service to a percentage of vesting for each year of service becoming 100 percent vested after six years of service.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions. At December 31, 2013 and 2012, forfeited account balances totaled approximately \$77,000 and \$130,000, respectively. During 2013, approximately \$107,000 of forfeitures were used to reduce company contributions.

Participant Notes Receivable - If provided in the applicable supplement, the Plan allows participants to borrow from their accounts a minimum of \$500 or \$1,000 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. The participant notes receivable are secured by the balance in the participant's account and bear interest at rates equal to the prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant may not have more than one note receivable outstanding at any time.

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Termination - While the Marmon Retirement Administrative Committee has not expressed any intent to do so, the Marmon Retirement Administrative Committee, solely and without consent of the Companies, has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan document, related union agreements, and ERISA. While the Companies have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time subject to the provisions set forth in the plan agreement, related union agreements, and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below. The stable value common collective trust fund investment is valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the stable value common collective trust fund is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The stable value common collective trust fund primarily holds synthetic guaranteed investment contracts, which hold portfolios of fixed-income securities with wrap contracts. The fair value of the fixed-income securities is valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures. The fair value of wrapper contracts provided by the contract issuer is based on the replacement cost methodology which is the present value of the difference between the replacement wrapper fee and the contracted wrapper fee. The remaining common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets.

All other investments are valued based on quoted market prices. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Companies or the plan's sponsor.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 2, 2014, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Vanguard Employee Benefit Index Fund - At fair value	13,509,600	10,677,746

Note 4 - Tax Status

The Plan has received a determination letter dated February 9, 2012 from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan has submitted an application for a new determination letter during 2013.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2010.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2013 and 2012 and the valuation techniques used by the Plan to determine those fair values.

Level I - Fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 5 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 5 - Fair Value Measurements (Continued)

- (a) The common collective trust funds invest primarily in equity securities which may include common stocks, options, and futures. There were no unfunded commitments or redemption restrictions on these investments at December 31, 2013 and 2012.
- (b) The common collective trust fund invests primarily in investment contracts made up of debt securities or units of collective trust funds issued by insurance companies, banks, or other financial institutions. There were no unfunded commitments or redemption restrictions on this investment at December 31, 2013 and 2012.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2013.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Marmon Consolidated Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013 and 2012 and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013 that the information provided to the plan administrator by the Trustee is complete and accurate.

To the Plan Administrator
Marmon Consolidated Retirement Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description

The following description of Marmon Consolidated Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document with supplements and related union agreements, if applicable, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering certain participants of the Participating Employers (the "Companies"). Eligibility is based on the provisions set forth in the applicable supplement for each Participating Employer. Participant eligibility to make 401(k) and after-tax contributions, if allowed, ranges from the completion of one hour of service to the completion of one year of service. Two supplements are frozen to new participants. Participant eligibility to receive employer contributions, if allowed, ranges from the completion of one hour of service to the completion of one year of service. Additional employer contribution eligibility requirements vary by supplement and potentially include a last day rule. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Contributions are based on the provisions and limitations set forth in the applicable supplement for each participating employer. If provided in the applicable supplement, the Plan provides for employee salary 401(k) contributions up to the maximum tax-deferred limitations established by the Internal Revenue Code. Maximum employee 401(k) percentage of annual compensation varies by supplement and ranges from 6 percent to 60 percent. If provided in the applicable supplement, the Plan allows participants to contribute a portion of their compensation on an after-tax basis. Maximum after-tax percentage of annual compensation varies by supplement and ranges from 10 percent to 30 percent. If provided in the applicable supplement, participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

If provided in the applicable supplement, the Plan provides for employer matching contributions ranging from 15 to 50 percent of the participant's contribution not to exceed 5 or 6 percent of the employee's deferred compensation depending on the applicable supplement or, for one supplement, 50 percent to 100 percent of the first \$7 or \$15 of after-tax contributions contributed by the participant each week.

If provided in the applicable supplement, the Plan also allows for employer discretionary contributions, as determined based on each supplement, and are allocated either on a flat dollar amount per employee or on a per share (hours worked) basis ranging from \$0.02 to \$2.43 per share.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Participant Accounts - Each participant's account is credited with the participant's contribution, allocations of the Companies' contributions, if applicable, and plan earnings, and charged with an allocation of administrative expenses. Depending on the type of allocation, allocations are based on the participant's compensation, hours worked, deferrals, transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment. If provided in the applicable supplement, the Plan allows 59 1/2 and after-tax withdrawals. Based on the applicable supplement, a participant's vested account will be paid in the form of a lump sum or annuity.

Hardship Withdrawals - If provided in the applicable supplement, the Plan allows for participants to request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document.

Vesting - Participants are immediately 100 percent vested in employee 401(k), after-tax, and rollover contributions and any income or loss thereon. Vesting in the Companies' contribution portion of their accounts, plus actual earnings thereon, is based on years of service, as defined by the plan document and supplements. Participants' vesting varies based on the applicable supplement and range from zero percent vesting each year becoming 100 percent vested after three years of service to a percentage of vesting for each year of service becoming 100 percent vested after six years of service.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions. At December 31, 2013 and 2012, forfeited account balances totaled approximately \$77,000 and \$130,000, respectively. During 2013, approximately \$107,000 of forfeitures were used to reduce company contributions.

Participant Notes Receivable - If provided in the applicable supplement, the Plan allows participants to borrow from their accounts a minimum of \$500 or \$1,000 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. The participant notes receivable are secured by the balance in the participant's account and bear interest at rates equal to the prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant may not have more than one note receivable outstanding at any time.

Marmon Consolidated Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Termination - While the Marmon Retirement Administrative Committee has not expressed any intent to do so, the Marmon Retirement Administrative Committee, solely and without consent of the Companies, has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan document, related union agreements, and ERISA. While the Companies have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time subject to the provisions set forth in the plan agreement, related union agreements, and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below. The stable value common collective trust fund investment is valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the stable value common collective trust fund is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The stable value common collective trust fund primarily holds synthetic guaranteed investment contracts, which hold portfolios of fixed-income securities with wrap contracts. The fair value of wrapper contracts provided by the contract issuer is based on the replacement cost methodology which is the present value of the difference between the replacement wrapper fee and the contracted wrapper fee. The remaining common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets.

All other investments are valued based on quoted market prices. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements December 31, 2013 and 2012

Note 5 - Fair Value Measurements (Continued)

- (a) The common collective trust funds invest primarily in equity securities which may include common stocks, options, and futures. There were no unfunded commitments or redemption restrictions on these investments at December 31, 2013 and 2012.
- (b) The common collective trust fund invests primarily in investment contracts made up of debt securities or units of collective trust funds issued by insurance companies, banks, or other financial institutions. There were no unfunded commitments or redemption restrictions on this investment at December 31, 2013 and 2012.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2013.
