INDEPENDENT AUDITORS' REPORT

To the Trustees of
Los Angeles Dependency Lawyers, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying statements of net assets available for benefits of Los Angeles Dependency Lawyers, Inc. 401(k) Plan ("the Plan") as of December 31, 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Bank ("Schwab"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter-Report on Supplementary Information

The supplemental schedule, Schedule H, Part IV, Line 4i, Schedule of assets (held at end of year) as of December 31, 2013, is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis but is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter- 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 9, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LOS ANGELES DEPENDENCY LAWYERS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

1. Description of the plan and benefits

The following description of the Los Angeles Dependency Lawyers, Inc. ("the Organization") 401(k) Plan, named Los Angeles Dependency Lawyers, Inc. 401(k) Plan, is provided only for general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering all eligible employees of Los Angeles Dependency Lawyers, Inc. who have completed six months of service and who are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Eligibility

The Plan covers the majority of Los Angeles Dependency Lawyers, Inc.'s employees with few exceptions. The Plan excludes from eligibility those employees who are covered under a collective bargaining agreement, non-resident aliens who do not receive any compensation from U.S. sources, and leased employees. Part-time employees are eligible to participate in the Plan as long as they are credited a minimum 1,000 service hours during the Plan Year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of employer contributions for such year. The entry date is the first day of the month following the date the employee meets the eligibility requirements. Employees may enter the Plan on a monthly basis.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan, limited to a maximum amount specified by the Internal Revenue Service ($17,500 in 2013 and $17,000 in 2012 for employees under age 50 and $23,000 in 2013 and $22,500 in 2012, for employees age 50 and over). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Effective January 1, 2013, the Plan was amended to permit participants to make Roth deferrals.

1. **Description of the plan and benefits** - Continued

Contributions - Continued

Effective January 1, 2013, the Organization adopted a safe harbor provision that permits the Organization to provide a special safe harbor matching contribution to all participating employees. The safe harbor matching contribution is equal to 100% of the amount contributed by the participant to the Plan for each payroll up to 3% of the participant's compensation plus 50% of the amount contributed by the participant between 3% and 5% of compensation. The Organization may also make discretionary profit sharing contributions. The Organization did not make a discretionary profit sharing contribution for the year ended December 31, 2013. Employer contributions that were made by the Organization prior to the implementation of the safe harbor matching contributions are subject to vesting provisions. The safe harbor matching contributions are 100% vested. For the year ended December 31, 2013 the Organization made safe harbor matching contributions totaling $218,770.

Participant accounts

Each participant's account is credited or charged with the amount of their voluntary contributions, the Organization's matching contributions, an allocation of earnings or losses, and an allocation of Plan expenses. Allocations are based on participant account balances, as defined in the Plan articles. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants elect the fund(s) in which they invest.

Vesting

Participants are immediately vested in their voluntary contributions, safe harbor matching contributions, plus actual earnings thereon. Vesting in the Organization's matching contributions is based on years of continuous service. A participant is 100% vested after four years of credited service.

Notes receivable from participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. A participant may have up to two loans outstanding at any time. Loan transactions are treated as a transfer to (from) the investment funds from (to) the participant loan fund. Loan terms generally range from one to five years. The loan repayment period for the purchase of a principal residence may not exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 2% (the prime rate at December 31, 2013 and 2012 was 3.25%). Principal and interest is paid ratably through semi-monthly payroll deductions.

Forfeiture accounts

During the years ended December 31, 2013 and 2012, $11,256 and $6,137, respectively, of nonvested forfeitures were used to pay Plan expenses. At December 31, 2013, the balance of forfeited nonvested accounts amounted to zero. At December 31, 2012, there were $1,427 of forfeited nonvested accounts from terminating participants available to reduce future employer contributions or pay Plan expenses.

Investment management and administration

The assets of each fund within the Plan are invested under an arrangement with Charles Schwab Bank, the trustee. All expenses incurred in maintaining the Plan are paid by the Plan unless the Organization, at its discretion, elects to pay all or part of the expenses.

Investment options

The Plan provides a variety of investment options with differing risk and growth characteristics. These investment options include core mutual funds offered and managed by Schwab, as well as self-directed investment options outside of the core funds (Personal Choice Retirement Account). As of December 31, 2013 and 2012, substantially all of the Plan's net assets available for benefits were invested in investment funds under the management of Schwab. Participants may change their investment allocation and/or transfer their account balances among the various funds at any time.

Benefit payments and withdrawals

If a participant's employment ceases as a result of normal retirement, death, or disability, the participant or the participant's beneficiaries are entitled to receive the entire balance of the participant's account on a fully vested basis. If a participant terminates for any other reason, the participant is entitled to receive only the vested percentage of the account. Participants or their beneficiaries may elect to receive benefits in a single lump sum. If the participant's total vested account balance under the Plan is less than $5,000 at the time of termination of employment, the participant will receive a distribution of the entire vested balance in a lumpsum payment following the termination of employment. If the total vested benefit exceeds $5,000, the terminated participant's benefit will be rolled over into an IRA selected by the Plan administrator and will be invested in a manner designed to preserve principal and to provide a reasonable rate of return.

1. **Description of the plan and benefits** - Continued

Benefit payments and withdrawals - Continued

In-service distributions may be made from any of the participant's vested accounts at any time for a hardship. Safe harbor matching contributions are excluded from the vested accounts for hardship withdrawal purposes. Events that qualify for a hardship withdrawal generally include the following: to cover necessary medical expenses, for costs directly related to the purchase of the participant's primary residence, for expenses related to post-secondary education, or for payments necessary to prevent the participant's eviction from or foreclosure of the primary residence. If a participant takes a hardship withdrawal, generally all contributions to the Plan will be suspended for six months.

Plan termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, all amounts contributed to the Plan shall become 100% vested.

2. **Summary of significant accounting policies**

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian.

Accounting principles generally accepted in the United States of America require that the amount representing the difference between the fair value of a fully benefit-responsive investment contract and the contract value should be presented on the face of the statements of net assets available for plan benefits. As of December 31, 2013 and 2012, the difference between the contract value and fair value of the Morley Stable Value Fund is immaterial to the financial statements and therefore no adjustments have been made to the accompanying statement of net assets available for benefits.

2. Summary of significant accounting policies - Continued

Investment valuation and income recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Total excess contributions for the year ended December 31, 2012 amounted to $11,850, which were paid to the participants in the subsequent year. There were no excess contributions for the Plan year ended December 31, 2013.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of significant accounting policies - Continued

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Recent accounting pronouncements

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements.* The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including Plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of this update was not significant to these financial statements.

3. Information certified and provided by Charles Schwab Bank

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Charles Schwab Bank, the trustee, and furnished by the plan administrator. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31, 2013	December 31, 2012
Investments at fair value:		
Managed mutual funds	$ 3,626,868	$ 2,540,024
Self-directed account	815,407	599,212
Collective investment trust	494,460	344,857
Notes receivable from participants	96,250	71,517

Schwab also certified to the completeness and accuracy of $714,703 of net appreciation in fair value of investments and $136,969 of interest and dividends related to the aforementioned assets for the year ended December 31, 2013.

4. Investments (unaudited)

The Plan's investments are held in trust by Schwab. The following presents investments that represent five percent (5%) or more of the Plan's net assets.

	2013	2012
Personal Choice Retirement Account	$ 815,407	$ 599,212
Schwab S&P 500 Index Fund	559,540	373,290

American Funds Europacific Growth Fd R4	257,359	187,168
Pimco Total Return	-	232,543

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by a net amount of $714,703 as follows:

Managed mutual funds	$ 603,184
Self-directed account	100,797
Collective investment trust	10,722
	$ 714,703

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. Fair value measurements - Continued

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Cash and Cash equivalents: Cash and cash equivalents are at par and valued at fair value and therefore classified as Level 1 within the valuation hierarchy.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore classified as Level 1 with the valuation hierarchy.

Common stocks: Valued at closing price reported on the active market on which the individual securities are traded and therefore classified as Level 1 with the valuation hierarchy.

5. Fair value measurements - Continued

Unit investment trusts (UITs): Unit investment trusts are registered investment companies that issue redeemable securities (or "units") at their approximate net asset value. The net asset value of the trust units is determined based on the value of the underlying securities, which are generally publicly traded. The UITs held by the Plan are deemed to be actively traded and therefore classified as Level 1 within the valuation hierarchy.

Collective investment trust: The Morley Stable Value Fund is a collective investment trust for collective investment contracts issued by insurance companies, or other institutions that are designed for stability of principal. The fair value of the collective investment contracts held by the trust is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year end. Underlying investments within the synthetic investment contracts include domestic and foreign securities and investments in investment companies or collective investment trusts. When available, the fair value of securities is based on quoted prices of identical assets in active markets. When quoted prices are not available, the first priority is to obtain prices from third party pricing methodologies and to confirm they are utilizing observable market information. Their methodologies vary by asset class and include inputs such as estimated cash flows, benchmark yields, reported trades, broker quotes, credit quality, industry events and economic events. The net asset value of investment companies and collective investment trusts represents the price at which the trust believes it would be able to initiate a transaction. All the investments held in the trust are generally reflected in Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair value measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

5. **Fair value measurements** - Continued

Changes in fair value levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. in such instances, the transfer is reported at the end of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no transfers in or out of Level 3.

6. **Participant loans**

At December 31, 2013 and 2012, the Plan had made loans to participants totaling $96,250 and $71,517, respectively. The loans have an interest rate ranging between 4.25% and 5.25%. The unpaid balance of any loan is immediately payable upon termination of employment and may be offset against the participant's vested account. Participant loans are stated at cost, which approximates fair value.

7. **Income tax status**

Effective January 1, 2007, the Organization adopted a volume submitter plan. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter's plan status. The volume submitter plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Party-in-interest transactions

The Plan's investment assets represent funds invested in or managed by Schwab. Schwab is the trustee of the Plan, and therefore these investments represent exempt party-in-interest transactions. Fees included by the Plan for the investment management services are included in the net appreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. The Plan utilizes a third party recordkeeper and a third party investment advisor. For the year ended December 31, 2013, direct and indirect compensation received by the recordkeeper amounted to $8,926 and $1,072, respectively, and the direct compensation received by the investment advisor amounted to $14,938. The plan sponsor pays directly any other fees related to the Plan's operations.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent events

The Plan has evaluated subsequent events through October 2, 2014, which is the date the financial statements were available to be issued.

11. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Form 5500:

	2013	2012
Net assets available for benefits per financial statements	$ 5,086,152	$ 3,656,078
Less employer contribution receivable	(18,260)	(77,510)
Less participant contributions receivable	(34,907)	(34,808)
Plus excess contributions payable	-	11,850
Net assets available for benefits per Form 5500	$ 5,032,985	$ 3,555,610

11. Reconciliation of financial statements to Form 5500 - Continued

The following is a reconciliation of contributions per the statement of changes in net assets available for benefits to Form 5500 for the year ended December 31, 2013:

Net increase per financial statements	$ 1,430,074
Plus: employer contribution receivable as of December 31, 2012	77,510
Plus: employee contribution receivable as of December 31, 2012	34,808
Less: accrued excess contributions as of December 31, 2012	(11,850)
Less: employer contribution receivable as of December 31, 2013	(18,260)
Less: employee contribution receivable as of December 31, 2013	(34,907)
Net income per Form 5500	$ 1,477,375
