INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Paceco Investors, L.P. 401(k) Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Paceco Investors, L.P. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis of Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Transamerica Life Insurance Company and State Street Bank, custodians of the Plan, except for comparing such information with the related information included in the financial statements. I have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of December 31, 2013 and December 31, 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held (at end of year) as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2013 and 2012

Note A – Description of Plan

The following description of the Paceco Investors, L.P. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for Paceco Investors, L.P. 401(k) Plan, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employees of Quick Wash Coin Service, Ltd., Traders Village, Ltd., and J.C. Pace, Ltd. (the Companies) are eligible to participate in the Plan.

Eligibility

Employees who have completed one year of service, as defined, and have attained the age of 21 are eligible to participate in the Plan. Eligible employees may commence participation on the first entry date following the completion of the eligibility requirements. Plan entry dates are January 1 and July 1.

Contributions and Transfers of Net Assets From Other Plans

Participants may elect to defer up to the lesser of 15% of their eligible compensation, subject to certain Plan and Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Subject to the consent of the Plan administrator, participants may rollover amounts representing distributions from other qualified plans.

The Companies match 50% of each participant's contributions up to the first 6% of deferred compensation, for a maximum match of 3% of each participant's salary. Participants must complete 500 hours and be employed on the last day of the plan year to receive an allocation of employer contributions. All employer contributions, i.e., matching and/or profit sharing, are made at the discretion of the Companies.

Participants may direct the investment of all their contributions into any of the Plan's fund options.

Participant Accounts

Each participant's account consists of (a) participant contributions; (b) employer contributions; (c) rollover contributions; and (d) earnings on investments less any partial distributions from the Plan.

Participants may change their future investment options at their discretion. Additionally, participants may transfer their existing balances to other funds.

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2013 and 2012

Vesting

Participant's salary deferral contributions are fully vested at all times and are not subject to forfeitures for any reason. Company matching contributions and earnings thereon become vested as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

A year of service for vesting purposes is defined as at least 1,000 hours of service accumulated in a plan year.

Additionally, the balance in a participant's company contribution account shall become fully vested and non-forfeitable upon the occurrence of any of the following events:

- Attainment of age 65 while still an employee,
- Termination of employment as a result of disability.
- Termination of employment as a result of death,
- Termination of the Plan,
- Partial termination of the Plan affecting the participant, or
- Complete discontinuance by the Company of contributions to the Plan

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum account equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also withdraw pre-tax contributions in event of a financial hardship in an amount equal to their immediate financial need. Hardship withdrawals are processed as soon as administratively feasible and in most cases will be subject to Federal income taxes.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the various investment options. These options consist of various equity investments (funds) and the Transamerica Stable Value Fund (group annuity contract).

The participant may elect, on not more frequently than any valuation date, to have all or any portion of his vested interest in any investment fund(s) transferred to any other investment fund(s).

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2013 and 2012

Forfeitures

Forfeited balances of non-vested participants' accounts are used to reduce future employer contributions or to offset administrative fees. During the year ended December 31, 2013, no employer contributions or fees were reduced by the use of forfeitures. As of December 31, 2013, the unallocated forfeiture balance was \$ 1,732.

Notes Receivable from Participants

Participants may borrow from their individual participant accounts, a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the market value of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan administrator. The interest rate is fixed at the time of note origination and remains unchanged during the life of the note. Note repayments for principal and interest are made ratably as individual payroll deductions during each regularly scheduled pay period. A participant may only have one outstanding note at a time.

Administrative Expenses

The majority of administrative expenses of the Plan are paid directly by the Plan participants; additionally, nominal fees for loan processing are charged to the participant and are deducted directly from the participant's account. Certain administrative expenses were paid by the Companies in 2013.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America as applied to defined contribution plans. Under this method of accounting, contributions are recorded when deferred from participant's payroll and investment income is recorded when earned. Benefit payments are recorded when paid and expenses are recorded when incurred.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. These estimates include the fair value of investments. Actual results could differ materially from those estimates.

Risks and Uncertainties

The Plan assets consist of various investments which are exposed to a number of risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2013 and 2012

near term could materially affect participant' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The pooled separate accounts with Transamerica Life Insurance Company ("Transamerica") are stated at fair value as reported to the Plan by Transamerica, based on the quoted market prices of the underlying mutual funds. The unit value of the pooled separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. Those separate accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for identical assets. Those separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

The stable value fund is valued at contract value, and is based on its beginning balance plus any deposit and credited interest, less any withdrawals, charges, or expenses, a measurement which approximates fair value.

Shares of common stock are valued at quoted closing market prices. Money market instruments are stated at fair value, which approximates cost plus accumulated interest earnings less distributions to date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Contract with Insurance Company

The Plan has entered into a traditional group annuity contract primarily with an insurance carrier. This contract, the Transamerica Stable Value Fund (the group annuity contract), is fully benefit-responsive and has no stated maturity date. A fully benefit-responsive contract provides for a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 962-325, Plan Accounting — Defined Contribution Pension Plans — Investments - Other, investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2013 and 2012

fully benefit-responsive group annuity contract is included in the financial statements at contract value, which approximates fair value.

There are no reserves against contract value for credit risk of Transamerica or otherwise. The contract value of the investment contract at December 31, 2013 and 2012 was \$1,077,283 and \$817,600, respectively. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and with no set maturity. The effective credited interest rate is set semi-annually and effective on the first day of January and July. Contract charges may reduce this return. The Transamerica Stable Value fund is not a separate account investment choice – it is an investment in Transamerica's general account. The average yield of the stable value fund based on actual earnings and interest credited to participants was 1.45% and 1.75% for the years ended December 31, 2013 and 2012, respectively. As of December 31, 2013 and 2012, the crediting interest rate on this contract was 1.45% and 1.65%, respectively.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (1) the Plan is changed so as to significantly affect Transamerica's obligations to the contract, (2) the contract can no longer be treated as a pension plan contract, (3) the Plan is terminated, (4) failure to comply with the contract's requirements, (5) failure to provide information, (6) the sum of the contract account values at any time equals \$20,000 or less, or (7) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator is not aware of any events which would limit the Plan's ability to transact at contract value with participants that are probable of occurring.

Recent Accounting Guidance

Financial Accounting Standards Board (FASB) Accounting Standards Update No. 2011-04, *Fair Value Measurement (Topic 820) – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, issued in May 2011, changes the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements. For many of the requirements, the FASB does not intend for the amendments in this Update to result in a change in the application of the requirements in Topic 820. Some of the amendments clarify the Board's intent about the application of existing fair value measurement requirements. Other amendments change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. This update is effective for interim and annual reporting periods beginning after December 15, 2011. The Plan adopted the provisions of this guidance effective January 1, 2012. The adoption did not have a material impact on the Plan's financial statements.

Note C – Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2013 and 2012

provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note D – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 17, 2002, that the Volume Submitter Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Volume Submitter Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of IRC. Accordingly, no provision for taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note E – Fair Value Measurements

ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and enhances disclosure requirements for fair value measurements.

In accordance with ASC 820, the Plan has categorized its financial instruments into a three-level hierarchy, which is based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument.

Financial assets recorded at fair value on the Statements of Net Assets Available for Benefits are categorized as follows:

- | | |
|----------------|--|
| <i>Level 1</i> | Unadjusted quoted prices for identical assets or liabilities in active markets. |
| <i>Level 2</i> | Quoted prices in markets that are not active or inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in non-active markets; |

Paceco Investors, L.P. 401(k) Plan
Notes to Financial Statements
December 31, 2013 and 2012

- Inputs other than quoted prices that are observable
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. The reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

The following is a description of the valuation methodologies used for instruments measured at fair value:

Pooled Separate Accounts: the fair value of the investment in this category has been estimated using the NAV per share, as a practical expedient. The NAV of these accounts is based on the market value of its underlying investments. The NAV of these accounts is not a public-quoted price in an active market (Level 2).

Group annuity contract: valued at contract value, and is based on its beginning balance plus any deposits and credited interest, less any withdrawals, charges, or expenses, a measurement which approximates fair value (Level 2).

Cash and cash equivalents: Valued at the balance of the account at year end

The estimated fair value is subjective in nature and involves uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could affect these fair value estimates.

The following table sets forth by level, within the fair value hierarchy, the Plan's asset at fair value as of December 31, 2013:

Note F – Notes Receivable from Participants

The Plan provides for loans to active participants as notes receivable. The Plan treats the notes as a participant's directed investment of the participant's account. The borrowing participant's account shares in the interest paid on the note and bear any expense or loss incurred because of the note. The notes bear interest at a rate established at the time the Plan makes the note. The estimated fair value of the notes receivable from participants at December 31, 2013 and 2012 was \$1,071 and \$2,291, respectively.

Note G – Party-in-Interest Transactions

Transactions with parties-in-interest include contributions from the Companies, investments in certain funds managed by the record keeper of the Plan, and the investment contracts managed by Transamerica, therefore, these transactions qualify as exempt party-in-interest transactions. Administrative expenses of the Plan not borne by the participants are paid by the Companies. Such amounts paid the Companies in 2013 were not significant.

Note H – Information Prepared and Certified by Trustee or Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica or State Street Bank and Trust Company ("State Street") except for comparing such information

Paceco Investors, L.P. 401(k) Plan

certified by Transamerica or State Street to information included in the Plan's financial statements and supplemental schedules.

The following table presents the investments in this Plan that were certified by Transamerica or State Street. Single investments representing more than 5% of the Plan's net assets as of December 31, 2013 and 2012 are separately identified.

Transamerica or State Street also certified to the completeness and accuracy \$ 361,926 of net appreciation in fair value of investments for the year ended December 31, 2013.

Note I – Subsequent Events

Effective January 1, 2013, the JC Pace Holding 401k Plan was merged into the Plan. The Plan's management evaluated for additional subsequent events occurring after December 31, 2013 (the financial statement date) through October 8, 2014, the date the financial statements were available to be issued. Management determined there were no additional subsequent events requiring disclosures.
