BONADIO & CO., LLP 401(k) & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

1. PLAN DESCRIPTION

The following is a brief description of the Bonadio & Co., LLP 401(k) & Profit Sharing Plan (the Plan) provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees age 20½ or older of Bonadio & Co., LLP (the Company) and certain other related entities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Company is the administrator of the Plan. MG Trust Company, LLC (MG) was the custodian of the Plan's assets for the years ended December 31, 2013 and 2012.

Contributions - Participants may make tax deferred contributions of their annual compensation, subject to certain limitations imposed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans. The Company can elect to make matching and non-elective contributions to the Plan on a discretionary basis. The Company made contributions of $1,058,818 and $884,181 during the years ended December 31, 2013 and 2012, respectively. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with his or her contributions, the Company's contributions, and actual earnings thereon. Each participant's account is reduced by the actual amount of benefits paid on his or her behalf, investment losses and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are fully vested in their contributions and earnings thereon at all times. Participants become 20% vested in Company contributions after 2 years of service and vest ratably over the ensuing four years, becoming 100% vested in such contributions after 6 years of service.

Notes Receivable From Participants - Participants may generally borrow up to the lesser of $50,000 or 50% of their vested account balance. Unless used to purchase a principal residence, participant loans are required to be repaid over a period not to exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate (on the date of the loan) plus 1% per annum. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant (or beneficiary) may receive a lump-sum distribution equal to the vested interest in his or her account.

Forfeited Accounts - Forfeitures of non-vested account balances are used to pay Plan administrative expenses or to reduce the Company's contributions in the current or succeeding Plan years. There were $11,317 and $78,350 of forfeitures during the years ended December 31, 2013 and 2012, respectively, which were used to reduce the Company's contributions to the Plan.

1. PLAN DESCRIPTION (*Continued*)

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The accompanying financial statements have been presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes both realized and unrealized gains and losses incurred during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of administering the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events - The Plan has evaluated events and transactions that occurred between January 1, 2014 and October 2, 2014, the date these financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

3. INVESTMENTS

The Plan's assets are invested by MG. Participant account allocations among the available investment fund alternatives are entirely self-directed. The following investments represent 5% or more of the Plan's net assets at December 31:

	2013	2012
T. Rowe Price New America Growth Fund	$ 2,121,513	$ 1,437,783
Vanguard 500 Index Fund	2,040,548	1,467,834
Vanguard Selected Value Fund	1,803,153	-
Harbor International Fund	1,732,890	1,396,636
Perkins Mid-Cap Value Fund	-	1,353,393

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the years) appreciated in value by $3,900,808 and $1,923,553 for the years ended December 31, 2013 and 2012, respectively.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) No. 820, *Fair Value Measurements and Disclosures*, establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* - Inputs to the valuation methodology that consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2* - Inputs to the valuation methodology that include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - Inputs to the valuation methodology that are unobservable and significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS *(Continued)*

The following is a description of the valuation methodology used for Plan assets measured at fair value. There have been no changes in the methodology used at December 31, 2013 and 2012.

- *Mutual funds and exchange traded funds* - Valued at the daily closing price as reported by the fund. The funds held by the Plan are registered with the Securities and Exchange Commission and are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2013			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds:				
Money market fund	$ 660,706	$ -	$ -	$ 660,706

Total	$ 24,943,802	$ -	$ -	$ 24,943,802

5. PARTY-IN-INTEREST TRANSACTIONS

MG was custodian of the Plan's assets and Benefits Consulting Group was the third party administrator for the Plan during the years ended December 31, 2013 and 2012. Consequently, transactions between the Plan and these entities qualify as party-in-interest transactions

6. INCOME TAX STATUS

The Internal Revenue Service (IRS) issued a determination letter on March 31, 2008, which stated that the Plan and its related trust, as then designed, were in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is being currently operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.
