KentuckyOne Health, Inc. 403(b) Plan

Notes to Financial Statements

April 1, 2014 and December 31, 2013

1. Description of the Plan

The following description of the KentuckyOne Health, Inc. 403(b) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan was created effective March 1, 2013, as a result of the Joint Operating Agreement signed between University Medical Center, Inc. (UMC) and KentuckyOne Health, Inc. (Company). The Plan covered substantially all employees of the Company. Participants in University Hospital 403(b) Plan and University Hospital Retirement Plan (UMC Plans) who had an outstanding loan balance, who were employed by UMC on February 28, 2013, and whose employment transferred to the Company were allowed to roll over their outstanding loan balances from the UMC Plans to the Plan.

Effective at the end of the day on December 31, 2013 (Freeze Date), the Plan was amended to cease participation and all contributions (excluding rollover contributions) after the Freeze Date.

Effective April 1, 2014, the Plan was merged into the Catholic Health Initiatives (ERISA) Employee Savings Plan (CHI Plan). All net assets of the Plan and participant account balances were transferred to the CHI Plan.

The following information presents the plan provisions as they existed before the plan merger date.

General

The Plan was a defined contribution plan covering substantially all employees of the Company. Employees were allowed to contribute participant contributions immediately to the Plan upon their date of hire. Participants were eligible for company matching contributions after 1,000 hours of service; however, prior service was granted to participants who had been previously employed with UMC and had met the hour requirement under the UMC plan. An eligible employee could only participate in the Plan if the employee was not participating in another qualified plan sponsored by an entity within the controlled group of the Company.

Effective January 1, 2014, the Catholic Health Initiatives Retirement Plans Subcommittee was responsible for the general administration of the Plan. Lincoln Financial Group Trust Company, LLC (Lincoln) was the custodian of the Plan. Lincoln Retirement Services Company, LLC was the recordkeeper for the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions

Prior to the Freeze Date, participants could contribute up to the maximum amount allowable under the Internal Revenue Code (IRC) of compensation, as defined in the Plan. Participants who had attained age 50 before the end of the year were eligible to make catch-up contributions. Participants may also contribute amounts (rollovers) representing distributions from other qualified plans. Participants directed investment of their contributions into various investment options offered by the Plan. The Plan offered mutual funds as investment options for participants.

The Company contributed 50% of the first 4% of compensation that a participant contributed to the Plan. The matching company contribution was also invested as directed by participants. Contributions were subject to certain limitations.

The Company also could contribute a Company Contribution, as defined by the Plan, at its sole discretion. Such Company Contributions were allocated to participants who were employed on the last day of the plan year and who had 1,000 hours of service. Contributions were allocated to participants based on years of service, according to the following schedule:

Years of Service	Percentage of Annual Compensation	Percentage of Additional Contribution for Compensation in Excess of the Social Security Wage Base
Less than 5	2.5%	2.5%
5 but less than 10	3.5	3.5
10 but less than 15	4.5	4.5
15 or more	5.5	5.5

For the period ended December 31, 2013, the Company contributed \$4,733,520 to the Plan in Company Contributions. No amounts were contributed for the period ended April 1, 2014.

KentuckyOne Health, Inc. 403(b) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of the Company's matching contribution, investment earnings, and losses, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled to was the benefit that could be provided from the participant's vested account.

Payment of Benefits and Vesting

In-service withdrawals were available in certain limited circumstances, as defined by the Plan. Hardship withdrawals were allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must have exhausted all available loan options and available distributions prior to requesting a hardship withdrawal.

Upon termination of service due to death, disability, or retirement, a participant received payment of all vested benefits or deferred payment as provided by the Plan, based on available payment options under the Plan.

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting of all company contributions was based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	—%
2 but less than 3	25
3 but less than 4	50
4 but less than 5	75
5 or more	100

Forfeited accounts were used to reduce the Company's matching contributions. Unallocated forfeited balances as of April 1, 2014 and December 31, 2013, were \$0 and \$9,906, respectively. Forfeitures totaling approximately \$11,800 were transferred to the CHI Plan in connection with the merger described in Note 1.

KentuckyOne Health, Inc. 403(b) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Loans

Prior to the Freeze Date, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever was less. The loans were secured by the balance in the participant's account and earned interest at rates that were based on the quarterly prime interest rate plus 2%. Principal and interest were paid ratably through payroll deductions. Only one loan could be outstanding at any time, except for participants who rolled over a loan balance from the UMC Plans as disclosed previously. Such loans did not count toward this limitation.

Administrative Expenses

Administrative expenses are paid by the Plan unless otherwise paid by the Company, at its discretion.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of April 1, 2014 or December 31, 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

KentuckyOne Health, Inc. 403(b) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date (an exit price). See Note 4 for further discussion of fair value.

Investments in mutual funds are stated at the net asset value of shares held by the Plan at year-end based on quoted market prices.

Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis.

Risk and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities could occur and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

3. Investments

All investment information disclosed in the accompanying financial statements, notes, and supplemental schedule, including investments held at April 1, 2014 and December 31, 2013, and net appreciation in fair value of mutual funds, interest and dividend income for the period from January 1, 2014 to April 1, 2014, and for the period from March 1, 2013 (inception) to December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln.

KentuckyOne Health, Inc. 403(b) Plan

Notes to Financial Statements (continued)

3. Investments (continued)

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	April 1, 2014	December 31, 2013
American Beacon Large Cap Value Fund	\$ —	\$ 6,326,636
DWS Equity 500 Index Fund	—	3,241,635
Pimco Total Return Fund	—	3,884,709
American Funds Europacific Growth Fund	—	3,504,874
T. Rowe Blue Chip Growth Fund	—	7,048,831

4. Fair Value Measurements

Fair value is defined as the price that would be received for an asset or paid to a transfer a liability in an orderly transaction between market participants on the measurement date (i.e., an exit price). The fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value.

Level 1 – Quoted prices (unadjusted) available in active markets for identical assets or liabilities as of the reporting date. An active market for the asset or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs for the asset or liability that are not corroborated by market data. The reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

KentuckyOne Health, Inc. 403(b) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There were no transfers between Level 2 or Level 3 investments during the period from January 1, 2014 to April 1, 2014, or the period from March 1, 2013 (inception) to December 31, 2013.

The following table sets forth, by level, within the fair value hierarchy, the assets of the Plan at fair value, on a recurring basis at December 31, 2013. As discussed in Note 1, all assets of the Plan were transferred out at April 1, 2014, in connection with the merger of the Plan.

	Level 1	Level 2	Level 3	Total
Mutual funds:				
S&P 500	\$ 3,241,635	\$ —	\$ —	\$ 3,241,635
Large cap	13,375,467	—	—	13,375,467
Mid cap	3,127,046	—	—	3,127,046
Small cap	1,819,246	—	—	1,819,246
International	5,846,198	—	—	5,846,198
Bond	3,884,709	—	—	3,884,709
Government	1,467,751	—	—	1,467,751
Total mutual funds	\$ 32,762,052	\$ —	\$ —	\$ 32,762,052

5. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC, and therefore, it is not currently eligible to receive a determination letter from the IRS. The Plan is required to operate in conformity with the IRC to maintain its qualification under Section 403(b). The plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions

KentuckyOne Health, Inc. 403(b) Plan

Notes to Financial Statements (continued)

5. Tax Status (continued)

taken by the Plan and has concluded that as of April 1, 2014 and December 31, 2013, there are no uncertain positions taken or expected to be taken.
