USMD Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of the USMD Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of USMD Hospital at Fort Worth, USMD Hospital at Arlington, and USMD Inc. (collectively, the “Employer” or the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

Effective January 1, 2014, the Plan merged its net assets into a new plan where Prudential serves as the record keeper and trustee for the Plan. In anticipation of this transfer, all Plan investments were converted to cash as of December 31, 2013.

Contributions

All employees who are 18 years of age and who have completed three consecutive months of service, or one collective year of service, if earlier, are eligible for participation in the Plan. Employees electing to participate in the Plan may contribute from 1% to 100% of their Plan year eligible compensation as defined in the Plan; however, such pre-tax contributions may not exceed a defined amount (\$17,500 in 2013, plus a \$5,500 catch-up deferral for participants over 50 years of age). Participants may also make rollover contributions to the Plan representing distributions from other qualified retirement plans. There is no limitation on the amount of rollover contributions a participant may make to the Plan. Participants direct the investment of their contributions and Employer contributions into various investment options offered by the Plan.

The employer matching contribution is calculated on the first 6% of participant contributions and follows the contribution schedule noted below.

<u>Years of Service</u>	<u>Employer Contribution Percentage</u>
0 – 4 years	50%
5 – 9 years	75%
10+ years	100%

Participant Accounts

Each participant’s account is credited with the participant’s contribution, Employer’s matching contribution, Plan earnings (losses) and Plan expenses. Allocations are based on participant contributions, earnings, or account balances, as defined. The benefit to which a participant is entitled is the vested amount in the participant’s account.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Vesting

Participants' contributions plus actual earnings thereon are 100% vested at all times. Vesting of Employer contributions is based upon the following:

<u>Years of Service</u>	<u>Vested percentage</u>
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

A participant is 100% vested upon termination by reason of retirement, death, or disability.

Forfeitures

Upon termination, any amount in which the participant is not vested shall be forfeited. Forfeited accounts are first used to pay any administrative expenses. Any remaining forfeitures attributable to matching contributions will be used to fund employer contributions. The forfeiture ending balance as of December 31, 2013 and 2012 was approximately \$8,725 and \$1,100, respectively.

Notes Receivable from Participants

Loans to participants are allowed by the Plan under the following conditions: (1) the maximum loan amount is the lesser of one-half of a participant's vested account balance or \$50,000, reduced by the highest outstanding loan balance during the prior twelve month period and secured by the remaining account balance; (2) the minimum loan amount must be equal to or greater than \$1,000; (3) loans shall bear a reasonable rate of interest; and (4) loans must generally be repaid in level payments on at least a quarterly basis over a five year period, unless the loan is for the purchase of the participant's primary residence, in which case the loan term may not exceed ten years. The loans are secured by the remaining balance in the participant's account. The loans bear interest at rates that are commensurate with local prevailing rates at the date of issuance, as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, termination of employment, death, or attainment of age 59½, a participant (or the participant's beneficiary, if applicable) entitled to payment under the Plan will receive a distribution in lump sum, annual installments, partial withdrawals of at least \$1,000, direct rollover, or combination thereof equal to their vested account balance. Participants may also receive a distribution for a financial hardship meeting the requirements of the Internal Revenue Service regulations.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Standard Insurance Company maintains certain contributions in a pooled separate account. Assets of this account are invested in shares of the specific funds elected in the investment contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by Standard Insurance Company.

The guaranteed investment contract held by the Plan is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All costs and expenses incurred in administering the Plan may be paid out of the Plan assets unless paid by the Employer.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates

In preparing financial statements in conformity with US GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Management believes the estimates used in preparing the financial statements are reasonable; however, actual results could differ from those estimates.

NOTE C - FINANCIAL DATA CERTIFIED BY THE CUSTODIAN OF THE PLAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard Insurance Company, the Custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Cash, investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012.
- Net investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013.
- Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2013.

Investments that individually represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012 are as follows:

	<u>2013</u>	<u>2012</u>
Cash Clearing Account	\$17,372,441	\$ -
Standard Insurance Company Stable Asset Fund II	-	2,727,578
Vanguard Wellington Fund Admiral	-	2,156,073
T. Rowe Price Growth Stock Fund	-	1,322,812
Vanguard 500 Index Investor	-	1,202,608
T. Rowe Price Mid Cap Growth Fund	-	969,994
Shelton S&P MidCapIdx Direct	-	-
Dodge and Cox Intl Stock	-	872,499

* Did not represent 5% or more of the Plan's net assets available for benefits in the respective year.

During 2013, the Plan's participant-directed investments (including gains and losses on investments bought and sold, as well as held during the year), as certified by the Custodian, appreciated in value by \$3,230,300 all attributable to investments in pooled separate accounts. Interest and dividends totaled \$43,864 all attributable to the guaranteed investment contract.

NOTE D - FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in an active market for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for instruments measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts

Investments underlying the pooled separate account are valued at the quoted market price or the net asset value ("NAV") of shares held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no restrictions on the purchase and sale of shares held by the Plan.

Guaranteed investment contract

The guaranteed investment contract is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. As of 12/31/13 all assets were transferred to a cash clearing account to be transferred to the new custodian. The cash clearing account is not subject to leveling disclosures.

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2013:

	<u>Guaranteed investment contract</u>

USMD Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2013

NOTE E - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and the guaranteed investment contract to Plan participants managed by Standard Insurance Company. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Custodian for administrative fees amounted to \$19,841 for the year ended December 31, 2013, and are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their Employer contributions.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H - GUARANTEED INVESTMENT CONTRACT

The Plan invests in a fully benefit-responsive guaranteed investment contract with Standard Insurance Company ("Standard Insurance"). Standard Insurance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The average annual yield was 1.83% at December 31, 2013. The interest credit rating was 1.83% at December 31, 2013.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Standard Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than four percent. Such interest rates are reviewed on a quarterly basis for resetting.

USMD Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2013

NOTE H - GUARANTEED INVESTMENT CONTRACT - Continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract permits the insurance company to terminate the agreement at any time if they send written notice at least 30 days in advance.

NOTE I - TAX STATUS

The Internal Revenue Service has determined and informed the sponsor of the Volume Submitter Profit Sharing Plan, in an opinion letter dated March 31, 2008, that its Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The sponsor of the Volume Submitter Profit Sharing Plan will inform the Company if any amendments are made to the Volume Submitter Profit Sharing Plan or if the Volume Submitter Profit Sharing Plan is discontinued or abandoned. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE J - PLAN MERGER

USMD, Inc. completed a merger during 2012 with two other companies (UANT and UANT Ventures) that each have their own 401(k) plans with different structures containing Safe Harbor provisions and profit sharing elements. The law allows the plans to continue to function separately for the plan fiscal year in which the merger takes place as well as a full year after the merger. As the effective date of the merger was September 1, 2012, the plans were not required to be combined until January 1, 2014. In anticipation of this merger, the Plan converted all assets to the cash clearing account as of December 31, 2013.

Effective January 1, 2014, the Plan was merged into the USMD Holdings, Inc. 401(k) Plan (the "New Plan"). To complete this merger, total Plan assets of \$17,372,441 were transferred into the New Plan. Additionally, outstanding contributions receivable and loan repayments were made to the New Plan beginning January 1, 2014.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2013

NOTE K - SUBSEQUENT EVENTS

Effective January 1, 2014, the Plan transferred its net assets into a new plan where Prudential serves as the record keeper and trustee for the Plan.

The Plan evaluated all events and transactions that occurred between December 31, 2013, the date of the financial statements, and October 1, 2014, the date the financial statements were available to be issued and noted no other events requiring recognition or disclosure.
