INDEPENDENT AUDITOR'S REPORT

To the Trustees
SET Environmental, Inc. 401(k) Savings Plan
Wheeling, Illinois

We were engaged to audit the accompanying financial statements of SET ENVIRONMENTAL, INC. 401(K) SAVINGS PLAN, which comprise the statement of net assets available for benefits as of December 31, 2013, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated August 28, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2013

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SET ENVIRONMENTAL, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the SET Environmental, Inc. 401(k) Savings Plan (the Plan) provides only general information. Users of these financial statements should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by SET Environmental, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation. All employees, except for employees covered by a collective bargaining agreement, are eligible to participate in the Plan upon hire date. Effective December 15, 2010, eligible employees are automatically enrolled into the Plan at a contribution rate of 4% of pre-tax compensation. Unless eligible employees opt out of the automatic enrollment contribution, the deferral percentage will be increased annually by 1%, not to exceed 10%.

In 2012, the Company acquired Valley City Disposal, Inc. The Valley City Environmental Services, Inc. 401(k) Plan was terminated on December 31, 2012. That Plan's participants became 100% vested in their accounts and had the option to take a qualified distribution or roll their balances into the Plan or a combination of these options. Those amounts transferred in are recorded as rollover contributions on the accompanying statement of changes in net assets available for benefits.

Contributions - Each year, participants may contribute up to 90% of pretax annual compensation (salary reduction contributions), as defined in the plan document. Beginning in 2010, participants were permitted to designate a portion or all of the deferral contributions made as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company, at its discretion, may match contributions made by participants on an annual basis. Additional Company contributions may be contributed at the discretion of the Company's Board of Directors. No match or discretionary contributions were made for the year ended December 31, 2013. Contributions are subject to certain limitations.

Participants direct the investment of all contributions to various investment options offered by the Plan. The Plan currently offers various registered investment companies, a common/collective trust, and a cash management fund as investment options for participants. The default investments for automatic enrollment are the Freedom target date funds.

Participant Accounts - Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary reduction contributions, rollover contributions, and Company discretionary contributions plus earnings thereon.

Payment of Benefits - Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 55 and completing seven years of vesting service. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan. Participants may make withdrawals at age 59½ or for hardship, subject to $500 minimum, prior to termination of employment.

1. Description of Plan (Cont.)

Termination of Plan - Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. These loans are secured by the balance in the participant's account. The trustee of the Plan will establish the loan interest rates on the first business day of the next month following any change in the prime rate. Principal and interest is paid ratably through bi-weekly payroll deductions.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan and the Company. Additionally, certain employees of the Company provide administrative and trustee services to the Plan and are not reimbursed by the Plan for such services.

2. Summary of Significant Accounting Policies

Basis of Presentation - The accompanying financial statements of the Plan have been prepared on the accrual method of accounting.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Fully Benefit-Responsive Investment Contract - Investment contracts held by a defined contribution plan are reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on the contract basis. The fair value of the Plan's interest in the funds is based on information reported by the issuer of the common/collective trust at year end. The contract value of the funds represents contributions plus earnings, less participant withdrawals and administrative expenses. The average yield of the underlying investment contracts was 1.70% and 1.69% in 2013 and 2012, respectively. The average yield credited to participants in 2013 and 2012 was 0.92% and 1.11%, respectively.

Investment Valuation and Income Recognition - Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan. Money market funds are valued at cost which approximates fair value. The common/collective trust stable value fund is valued based on fair value and contract value information reported by Fidelity Management Trust Company.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

2. Summary of Significant Accounting Policies (Cont.)

Investment Valuation and Income Recognition (cont.) -

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to completeness and accuracy of all investments, at fair value, the adjustment from fair value to contract value for interest in common/collective trust relating to fully benefit-responsive investment contracts, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the supplemental schedule of assets (held at end of year) as of December 31, 2013, and the investment income components, and interest income from participant notes receivable, reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2013.

4. Investments at Fair Value

The following investments represent 5% or more of the Plan's net assets at December 31, 2013 and 2012:

	2013	2012
Fidelity Advisor Freedom 2015 Fund	$ 1,213,457	$ 1,292,528
Fidelity Advisor Freedom 2040 Fund	1,381,443	1,062,334
Fidelity Advisor New Insights Fund	1,048,589	779,479
Fidelity Advisor Strategic Income Fund	*	644,443
Oppenheimer Global Fund	1,135,198	718,190
Fidelity Cash Management Prime Fund	*	641,655
Lord Abbett Developing Growth Fund	632,728	*
Invesco Small Cap Value Fund	805,931	*

*Denotes investment does not represent 5% or more of Plan's net assets.

During the year ended December 31, 2013, the Plan's registered investment companies (including gains and losses on investments bought and sold, as well as held during the year) appreciated in the amount of $1,323,956.

5. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money market funds are valued at cost which approximates fair value (Level 2 inputs).

The fair value of participation units held by the Plan in the common/collective trust is based on their net asset values, as reported by Fidelity Management Trust Company and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Therefore, the investment fund is classified within Level 2 of the fair value hierarchy. The fund invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds with an investment strategy seeking to preserve principal while generating interest income.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) This is a collective investment trust (CIT) for which the net asset value is based on the market value of its underlying investments which contain synthetic investment contracts. Participants are able to redeem their investment in the fund at any time, and funds are readily available within one to three business days.

6. Parties-in-Interest

Certain plan investments are shares of registered investment companies managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

7. Tax Status

The Plan adopted a prototype defined contribution plan and trust sponsored by Fidelity Management Trust Company (Fidelity). The Internal Revenue Service has determined and informed Fidelity in a letter dated March 31, 2008, that the Plan is qualified and tax exempt under the appropriate sections of the Internal Revenue Code (IRC). The Plan has been amended since Fidelity received the opinion letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to the Form 5500:

	2013	2012
Net assets available for benefits per the Form 5500	$ 12,358,975	$ 9,042,040
Adjustment from fair value to contract value of common/collective trust relating to fully benefit-responsive investment contracts	(7,036)	(13,708)
Net assets available for benefits per the financial statements	$ 12,351,939	$ 9,028,332

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2013 to the Form 5500:

	2013
Increase in net assets available for benefits per the Form 5500	$ 3,316,934
Net adjustment from fair value to contract value for interest in common/collective trust relating to fully benefit-responsive investment contracts	6,673
Increase in net assets available for benefits per the financial statements	$ 3,323,607

9. Subsequent Events

Subsequent events have been evaluated through August 15, 2014, the date these financial statements were available for issuance.

INDEPENDENT AUDITOR'S REPORT

To the Trustees
SET Environmental, Inc. 401(k) Savings Plan
Wheeling, Illinois

We were engaged to audit the accompanying financial statements of SET ENVIRONMENTAL, INC. 401(K) SAVINGS PLAN, which comprise the statement of net assets available for benefits as of December 31, 2013, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated August 28, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2013

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SET ENVIRONMENTAL, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the SET Environmental, Inc. 401(k) Savings Plan (the Plan) provides only general information. Users of these financial statements should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by SET Environmental, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation. All employees, except for employees covered by a collective bargaining agreement, are eligible to participate in the Plan upon hire date. Effective December 15, 2010, eligible employees are automatically enrolled into the Plan at a contribution rate of 4% of pre-tax compensation. Unless eligible employees opt out of the automatic enrollment contribution, the deferral percentage will be increased annually by 1%, not to exceed 10%.

In 2012, the Company acquired Valley City Disposal, Inc. The Valley City Environmental Services, Inc. 401(k) Plan was terminated on December 31, 2012. That Plan's participants became 100% vested in their accounts and had the option to take a qualified distribution or roll their balances into the Plan or a combination of these options. Those amounts transferred in are recorded as rollover contributions on the accompanying statement of changes in net assets available for benefits.

Contributions - Each year, participants may contribute up to 90% of pretax annual compensation (salary reduction contributions), as defined in the plan document. Beginning in 2010, participants were permitted to designate a portion or all of the deferral contributions made as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company, at its discretion, may match contributions made by participants on an annual basis. Additional Company contributions may be contributed at the discretion of the Company's Board of Directors. No match or discretionary contributions were made for the year ended December 31, 2013. Contributions are subject to certain limitations.

Participants direct the investment of all contributions to various investment options offered by the Plan. The Plan currently offers various registered investment companies, a common/collective trust, and a cash management fund as investment options for participants. The default investments for automatic enrollment are the Freedom target date funds.

Participant Accounts - Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary reduction contributions, rollover contributions, and Company discretionary contributions plus earnings thereon.

Payment of Benefits - Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 55 and completing seven years of vesting service. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan. Participants may make withdrawals at age 59½ or for hardship, subject to $500 minimum, prior to termination of employment.

1. Description of Plan (Cont.)

Termination of Plan - Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. These loans are secured by the balance in the participant's account. The trustee of the Plan will establish the loan interest rates on the first business day of the next month following any change in the prime rate. Principal and interest is paid ratably through bi-weekly payroll deductions.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan and the Company. Additionally, certain employees of the Company provide administrative and trustee services to the Plan and are not reimbursed by the Plan for such services.

2. Summary of Significant Accounting Policies

Basis of Presentation - The accompanying financial statements of the Plan have been prepared on the accrual method of accounting.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Fully Benefit-Responsive Investment Contract - Investment contracts held by a defined contribution plan are reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on the contract basis. The fair value of the Plan's interest in the funds is based on information reported by the issuer of the common/collective trust at year end. The contract value of the funds represents contributions plus earnings, less participant withdrawals and administrative expenses. The average yield of the underlying investment contracts was 1.70% and 1.69% in 2013 and 2012, respectively. The average yield credited to participants in 2013 and 2012 was 0.92% and 1.11%, respectively.

Investment Valuation and Income Recognition - Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan. Money market funds are valued at cost which approximates fair value. The common/collective trust stable value fund is valued based on fair value and contract value information reported by Fidelity Management Trust Company.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

2. Summary of Significant Accounting Policies (Cont.)

Investment Valuation and Income Recognition (cont.) -

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to completeness and accuracy of all investments, at fair value, the adjustment from fair value to contract value for interest in common/collective trust relating to fully benefit-responsive investment contracts, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the supplemental schedule of assets (held at end of year) as of December 31, 2013, and the investment income components, and interest income from participant notes receivable, reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2013.

4. Investments at Fair Value

The following investments represent 5% or more of the Plan's net assets at December 31, 2013 and 2012:

	2013	2012
Fidelity Advisor Freedom 2015 Fund	$ 1,213,457	$ 1,292,528
Fidelity Advisor Freedom 2040 Fund	1,381,443	1,062,334
Fidelity Advisor New Insights Fund	1,048,589	779,479
Fidelity Advisor Strategic Income Fund	*	644,443
Oppenheimer Global Fund	1,135,198	718,190
Fidelity Cash Management Prime Fund	*	641,655
Lord Abbett Developing Growth Fund	632,728	*
Invesco Small Cap Value Fund	805,931	*

*Denotes investment does not represent 5% or more of Plan's net assets.

During the year ended December 31, 2013, the Plan's registered investment companies (including gains and losses on investments bought and sold, as well as held during the year) appreciated in the amount of $1,323,956.

5. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money market funds are valued at cost which approximates fair value (Level 2 inputs).

The fair value of participation units held by the Plan in the common/collective trust is based on their net asset values, as reported by Fidelity Management Trust Company and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Therefore, the investment fund is classified within Level 2 of the fair value hierarchy. The fund invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds with an investment strategy seeking to preserve principal while generating interest income.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) This is a collective investment trust (CIT) for which the net asset value is based on the market value of its underlying investments which contain synthetic investment contracts. Participants are able to redeem their investment in the fund at any time, and funds are readily available within one to three business days.

6. Parties-in-Interest

Certain plan investments are shares of registered investment companies managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

7. Tax Status

The Plan adopted a prototype defined contribution plan and trust sponsored by Fidelity Management Trust Company (Fidelity). The Internal Revenue Service has determined and informed Fidelity in a letter dated March 31, 2008, that the Plan is qualified and tax exempt under the appropriate sections of the Internal Revenue Code (IRC). The Plan has been amended since Fidelity received the opinion letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to the Form 5500:

	2013	2012
