INDEPENDENT AUDITORS' REPORT

October 9, 2014

Plan Administrator
Canberra Corporation Profit Sharing Plan and Trust
Toledo, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of *Canberra Corporation Profit Sharing Plan and Trust* (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Fifth Third Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and notes receivable from participants, and executes the related transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The December 31, 2013 supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CANBERRA CORPORATION PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Canberra Corporation Profit Sharing Plan and Trust* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of *Canberra Corporation* (the "Company") who have at least one year of service, with a minimum of 1,000 hours, and are age 21 or older. Participants are eligible to enter the Plan on the next January 1 or July 1 after meeting these eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 100% of annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions from other qualified retirement plans. The Company makes a safe harbor nonelective contribution to the Plan equal to 3% of eligible compensation for all eligible employees. Participants employed on the last day of the Plan year also receive an allocation of the Company's nonelective discretionary contribution, determined annually by its Board of Directors. Discretionary contributions are also made for each participant who separated from employment during the Plan year as a result of retirement, disability or death. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Beginning in April 2012, participants direct the investment of all contributions into various investment options offered by the Plan. The Plan offers mutual funds, a money market fund, and a common/collective trust as investment options for participants. Participants also have the option to create a self-directed brokerage account with the Plan trustee, in which they can choose from investments allowed by ERISA. Prior to April 2012, participants could direct the investment of their deferrals and rollover contributions into mutual funds or a common/collective trust. The Company's contributions were directed into investments selected by the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions, net earnings based on the performance of the investment options selected by the participant and an allocation of the Company's safe harbor and discretionary contributions. Prior to April 2012, Plan earnings from nonparticipant-directed investments were also allocated to participant accounts. The Company contributions are allocated to participants on the basis of each participant's eligible compensation to total eligible compensation for the year. The allocation of earnings from nonparticipant-directed investments was based on a participant's investment balance in proportion to the total of these investment balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in their 401(k) voluntary contributions and the Company's safe harbor nonelective contributions plus actual earnings thereon. Participants begin vesting in the Company discretionary contributions after two years of service, becoming fully vested after six years of service, provided that 1,000 hours are worked for each year of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The $50,000 maximum note receivable amount is reduced by the highest outstanding note receivable balance during the past 12 months. Participants may have up to two notes receivable outstanding at any time. The note receivable term cannot be longer than 60 months unless it is used to acquire a principal residence, in which case the term cannot exceed 180 months. The notes receivable are secured by the balances in the participants' accounts and bear interest at rates commensurate with local prevailing rates, fixed at the inception of each loan, ranging from 3.25% to 4.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annual installment payments, as defined by the Plan agreement. If a participant's account balance is $1,000 or less, payment will be made in an immediate lump-sum without the participant's consent. If a participant's vested account balance exceeds $5,000, the participant may defer payment until April 1 of the calendar year following the calendar year during which they attain age 70½. In-service withdrawal of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals of active participants' elective contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce Plan expenses and future Company contributions. Forfeiture assets of $1,875 in 2013 and $3,588 in 2012 were used to reduce Company contributions. At December 31, 2013 and 2012, forfeited nonvested assets available to reduce future Plan administrative expenses and Company contributions totaled $10,861 and $3,825, respectively.

Administrative Expenses

The Plan's administrative expenses, including salaries related to Plan administration and audit and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for investment management, custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to certain distribution types.

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. The statements of net assets available for benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds, exchange traded funds and a money market fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the fair value of investments.

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the trustee deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Contributions from participants are recorded when withheld from their compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2013, the most recent statement of net assets available for benefits presented herein, through October 9, 2014, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, other than the fair value of the common/collective trust and the related adjustment from fair value to contract value for the fully benefit-responsive contract, Fifth Third Bank ("Fifth Third"), as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, (2) the December 31, 2013, supplemental schedule of assets (held at end of year), (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2013 and 2012, and (4) the information presented below and in Note 3. Fifth Third has also certified the completeness and accuracy of notes receivable from participants, the related interest income, and the noninterest-bearing cash as of and for the years ended December 31, 2013 and 2012.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

The fair value measurement level within the fair value hierarchy of the Plan's assets or liabilities is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities then divided by the number of shares outstanding.

Exchange traded funds: Level 1 fair value measurement is based upon the closing price reported on the active market in which the individual securities are traded.

Money market fund: Shares held in a money market fund are comprised of short-term U.S. Treasury securities with an average maturity of 52 days or less. The composition of securities is structured to maintain a value of $1 per share and are classified as Level 2.

Common/collective trust: The fair value of the Goldman Sachs Stable Value Collective Trust Class III and the Fifth Third Stable Value Fund B, as reported by the issuers, are based on the quoted redemption value of units owned by the Plan at year end. Units of the trusts are not available in an active market; however, fair value is determined based on the fair value of the underlying assets in the trusts. These investments are classified as Level 2. The common/collective trusts seek to earn current income and preserve capital and stability of principal. These trusts have no unfunded commitments, allow for daily redemption and there are no redemption notice periods.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fifth Third. Fifth Third is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management, custodial and record keeping services amounted to $90,603 in 2013 and $30,075 in 2012. Much of the fees paid by the Plan for investment management services in 2013 and 2012 are included in net appreciation in fair value of investments as a result of the switch in investments from individual securities to mutual funds. Fees for Plan administrative expenses in the amount of $28,377 and $11,635 were paid by the Plan in 2013 and 2012, respectively, using revenue sharing income received from mutual funds owned by the Plan.

6. INCOME TAX STATUS

The Company's Board of Directors adopted the Fifth Third Bank Defined Contribution Prototype/Volume Submitter Plan and Trust plan document. The Plan document has received an opinion letter from the IRS dated January 1, 2009, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would revert to the Company.

NOTES TO FINANCIAL STATEMENTS

8. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds, exchange traded funds, a money market fund, and a common/collective trust, with underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORMS 5500

The following is a reconciliation of net assets available for benefits reported in these financial statements to the amounts reported on Schedule H of Forms 5500 at December 31:

	2013	2012
Net assets available for benefits reported in these financial statements	$ 13,162,638	$ 12,439,949
