INDEPENDENT AUDITOR'S REPORT

To the Trustees of
The Aulick Employee Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Aulick Employee Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 1, which was certified by John Hancock, the trustee (custodian) of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets Held at End of Year, as of December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee (custodian), have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the Aulick Employee Retirement Plan (Aulick Leasing Corp and related employers) 401(k) ("The Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions

1. *General.* The Plan is a defined contribution plan covering all full-time employees of the company who have one year of service and are age 21 or older. The Plan was adopted January 1, 2005. The plan is subject to the provisions of ERISA.
2. *Contributions.* Each year, participants may contribute up to the maximum allowed under the law. The limit for 2013 is \$17,500 with a catch-up provision of \$5,500 for those participants who are at least age 50 or more before the end of the calendar year. Participants may also contribute amounts representing distributions (rollovers) from other qualified retirement plans. Participants direct the investment of their account. The plan currently offers various mutual funds as investment options for participants. The company contributes 100% of the first 3% of compensation contributed, then 50% of the next 2% of compensation contributed. The company may make a discretionary profit sharing contribution. Contributions are subject to certain limitations.
3. *Participant Accounts.* Each participant's account is credited with the participant's contributions, the company contribution, an allocable portion of any Plan's earnings and is charged an allocable portion of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting.* Participants are vested 100% immediately in their contributions of salary deferrals including catch-up contributions, rollover contributions and safe harbor contributions. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 5 years of credited service. Participants will be credited with a year of service at the end of the twelve month period beginning on their date of hire with at least 1,000 hours of service during such period.
5. *Notes Receivable from Participants.* Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest. The loans are secured by the balance in the participant's account and bear an interest rate of 4.25%-8.0% depending on when the loan was taken out. The interest rate charged is a commercially reasonable rate of interest. The Administrator will determine a reasonable rate of interest by reviewing the interest rates charged for similar types of loans by other lenders. The interest rate will be fixed for the duration of the loan. Principal and interest is paid ratably through payroll deductions not to exceed 5 years.
6. *Payments of Benefits.* On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or minimum required payments. For termination of service for other reasons, a participant may receive

The Aulick Employee Retirement Plan
Notes to Financial Statements

Note 1 – Description of Plan (Continued)

6. the value of the vested interest in his or her account as a lump-sum or may elect to postpone the distribution until required beginning date.
7. *Forfeited Accounts.* At December 31, 2013 and 2012 there were \$-0- and \$1,052 forfeited non-vested accounts. Forfeitures may be used to pay plan expenses then offset employer's contribution obligations.
8. *Plan Amendments.* On January 7, 2013, the Plan amended Section 4(a), Affiliated Employers/Participating Employers of the Aulick Employee Retirement Plan to 4(b) to read: The Employer is a member of a Controlled Group and, the Affiliated Employers will adopt the Plan as Participating Employers. Effective on January 7, 2013, ShirAul, LLC, an Affiliated Employer elected to become a Participating Employer in the Plan.

On October 2, 2013, the Plan amended Section 43(b) Loans to Participants, of the Aulick Employee Retirement Plan to 43(a) to read: Loans are NOT permitted. Effective on January 1, 2014, no new loans will be permitted under the Plan. The current notes receivable to participants will continue to be repaid at their current interest rate and payment plan until paid in full.

The effects of such amendments will be an increase to Plan Assets by allowing additional participants from the new Affiliated Employer in future years. And then there will be a reduction in Plan Assets by reducing the Notes Receivable to Participants in future years to zero.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Aulick Employee Retirement Plan
Notes to Financial Statements

Note 2 – Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses may be paid from the plan's assets and allocated among the accounts of all participants in the plan. Except for certain expenses that are attributable to participants such as loan origination fees associated with notes receivable.

Subsequent Events

The plan has evaluated subsequent events through October 9, 2014, the date the financial statements were available to be issued.

Excess Contributions Payable

Amounts payable to employer totaling \$3,100 for calculation error on contribution in 2013. In calculating the contribution, the employer duplicated a bonus in the calculation. The Plan distributed the 2013 excess contribution on February 25, 2014.

Note 3 – Investments

Note 4 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Investments are classified within the level of the lowest significant input considered in determining fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

The Aulick Employee Retirement Plan
Notes to Financial Statements

Note 4 – Fair Value Measurements (Continued)

Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">- quoted prices for similar assets or liabilities in active markets;- quoted prices for identical or similar assets or liabilities in inactive markets;- inputs other than quoted prices that are observable for the asset or liability; and- inputs that are derived principally from or corroborated by observable market data by correlation or others. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There are three general valuation techniques that may be used to measure fair value; i) market approach – uses prices generated by market transactions involving identical or comparable assets or liabilities; ii) cost approach – uses the amount that currently would be required to replace the service capacity of an asset (replacement cost); and iii) income approach – uses valuation techniques to convert future amounts to present amounts based on current market expectations

The mutual funds are within sub-account portfolios and are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded and are required to publish their daily net asset value ("NAV") and to transact at that price. Units of the collective investment trust fund (John Hancock Stable Value Fund) are stated daily at their net asset value ("NAV"). The net asset value ("NAV") of the collective investment trust is based on the fair value of investments held in the fund.

The collective investment trust fund is invested solely in the shares of the John Hancock Stable Value Trust, a trust managed by John Hancock Life Insurance Company. Fair value of shares of an underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by the fund. The trust seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant directed withdrawals while maintaining a competitive rate of interest. The fund will invest primarily in diversified fixed-income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock Life Insurance Company, and in book value stabilizing agreements offered by high-qualified financial institutions. The fixed-income portfolios are managed to provide high current income consistent with an "AA" minimum average credit quality objective. The stabilizing agreements are designed to

The Aulick Employee Retirement Plan
Notes to Financial Statements

Note 4 – Fair Value Measurements (Continued)

offset price fluctuations associated with fixed-income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at book value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2013 and 2012:

	<u>Fair Value Measurements at December 31, 2013</u>

Note 5 – Information Certified by the Trustee

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (the trustee of the Plan).

The Aulick Employee Retirement Plan
Notes to Financial Statements

Note 6 – Note Receivable from Participants

During the year ended December 2013, Plan participants borrowed \$66,829 against their account balances. Loan repayments totaled \$64,979 in principal and \$5,499 in interest. Taxable loan payment distributions (which are included in benefit payments) were \$7,379. Repayments of principal and interest are allocated to the participant's investment accounts as established in the Plan.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the company contribution portion of their account.

Note 8 – Related-Party Transactions

There are no related-party transactions between the company and the Plan.

Note 9 – Tax Status

The Internal Revenue Service has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax provisions taken by the plan and recognize a tax liability (or asset) in the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 10 – Plan Administration

Certain administrative functions are performed by officers or employees of the company. No such officers or employees receive compensation from the Plan. Generally, administrative expenses, other than those expenses charged directly to the Plan by John Hancock Life Insurance Company, are paid directly by the company.

Note 11 – Benefits Paid

Benefits paid to participants of the Plan were \$192,770 and \$430,968 for December 31, 2013 and 2012, respectively.

The Aulick Employee Retirement Plan
Notes to Financial Statements

Note 12 – Risks and Uncertainties

The Plan's participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 13 – Subsequent Events

Subsequent to the year ended December 31, 2013, effective on January 1, 2014, a resolution was adopted to amend Section 43(b), Loans to Participants to read, "Loans are NOT permitted".

Subsequent events were evaluated through October 9, 2014, which is the date the financial statements were available to be issued.

Note 14 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012, to Form 5500:

	<u>2013</u>	<u>2012</u>
Net assets available for benefits per the financial statements	\$5,477,583	\$4,534,278
